

MURDERED IN BROOKLYN.

Cigarmaker Shot Down in the Street by Saloon Man.

Police Believe It to be Another Black Hand Affair.

Murdered Man's Wife Tells of Cause of Tragedy.

New York, March 24.—Another killing which the police declare should be added to the list of crimes of the "Black Hand" Society was committed on the streets of Brooklyn to-day, when Joseph Genaro, a cigarmaker, and supposed to be the father of a vaudeville performer of that name, was shot down and killed in a fusillade of bullets that followed a meeting of Genaro and a crowd of several Italians.

The police made several arrests, and Mrs. Genaro, who stood by and implored her husband's enemies not to shoot him, declared that Antonio Cicotta, a saloon-keeper, and one of the prisoners, had killed her husband. Detectives have had Cicotta under surveillance for some time, believing that he might know something of the movements of the "Black Hand" Society.

THE MOULDERS

Committee of the Union Gave Out Statement To-day.

There appears to be no change in the moulders' strike situation. While the stove manufacturers have increased their working forces to a certain extent, the shops are still running on only a small scale. The committee of the Union handed out the following statement this morning:

As articles have appeared in the press, from time to time, in connection with the dispute between the stove manufacturers of this city and the moulders, which have not been the exact facts, and in some cases misleading, the moulders desire to say that the reason for the dispute at present, between the firms and the moulders, is a desire on the part of the stove manufacturers to reduce wages of the moulders 20 per cent.

The strike plate moulders, with very few exceptions, work piece work, on a basis price that has been established for years, when the cost of living was a great deal cheaper than that of to-day, which everybody that has to support a family will admit.

In 1899 the stove manufacturers granted the moulders an increase of 10 per cent., on board prices, and in 1903 an increase of five per cent., was granted on board prices. In 1904 a further increase of five per cent., was granted on board prices, and again in 1906 an increase of five per cent., was granted, making a total of 25 per cent. increase on board prices since 1899.

A conference was called by the stove manufacturers in January to discuss the wage question, and after several conferences had been held, a settlement was not reached. The stove manufacturers stated that owing to the competition they were compelled to meet in the Northwest from the American stove manufacturers, they were compelled to ask for a reduction of 25 per cent. as paid at present on board prices.

The moulders were willing to grant concessions to the stove manufacturers before resorting to a strike, but the firms were determined to force the reduction of 25 per cent., as paid in 1908 on board prices, which, we believe, was unreasonable, as the cost of living has not decreased, in fact, has a tendency to go higher, and also as the wage question of the stove moulders in the United States is paid in 1908, at the same rate as paid in 1908, that is, 25 per cent. on board prices paid in 1908, and as a duty of 30 per cent. is paid on all stoves entering into Canada from the United States, the moulders believe that the reduction asked is unreasonable.

The moulders desire further to say that the article which appeared in the Times of March 22, under the heading of "Not Bright as far as the Moulder is Concerned" is not a fact. The men were never ordered back by the International union, and they further desire to say that the men have been receiving their strike pay since March 1.

MAN AND DOG.

Re-United Through Kindness of Lady Benefactor.

"A man who can inspire affection of that kind in the heart of a little dog should not be in jail. I'll pay his fine," said a woman yesterday to Governor Ogilvie in re the case of the Grand River Indian, who was fined \$2 for drunkenness. She told the governor she read the case in the Times, and that the pitiable separation was more than she could stand when \$2 would reunite them. She paid the money and the man went on his way rejoicing. The dog had stayed around the gates of the jail all day, and when Davis went out it displayed great joy. The old man stooped down and picked it up and carried it away with him, after thanking his benefactress with tears in his eyes.

BUYER NEEDED.

(Special Despatch to the Times.) Ottawa, Ont., March 24.—At the close of the Public Accounts Committee meeting F. B. Carvell (Liberal) gave notice that he would offer a resolution that there should be a purchasing agent appointed for the Department of Public Works, as he said that the evidence in the Lyburner and other cases showed that in some cases there had been excessive prices paid for supplies.

TEA TABLE GOSSIP.

—Mr. J. F. Dressell and Mr. A. Bradt will leave for Portland, Oregon.

—Miss Helen Smith, of Mount Hamilton, arrived home from New York last evening, after an absence of six weeks.

—Mrs. McQuarrie, 20 Ontario avenue, and her daughters, Mrs. McKinnon and Miss McQuarrie, left this morning for Shelby, Michigan, where they will spend the summer.

—Dr. Augusta Stowe Gullen has notified the committee that she cannot come to Hamilton to give her address until next week. The exact date will be advertised later.

—Much interest is being shown in the address on "Canada and Navy Defence" to be given by Judge Barron at the Canadian Club luncheon in the Royal Hotel to-morrow evening.

—Mr. and Mrs. S. Cutbill have returned from England. Mrs. Cutbill is a daughter of Archdeacon Clark. They will leave in a few days for Alberta, their future home.

—The Burns-Johnson fight pictures will be presented at the Grand Opera House next Monday, Tuesday and Wednesday, and undoubtedly will attract a lot of attention, as this fight has been the most talked of contest of recent years.

—Eva Izzard, daughter of Mr. and Mrs. G. B. Izzard, of this city, died at West Gravenhurst yesterday, aged 22 years. The remains will be brought to this city and the funeral will take place privately on Friday morning to Hamilton Cemetery.

—It will be a source of pleasure to his very many friends to know that Mr. J. A. Kneale, former assistant secretary of the local Y. M. C. A., will arrive in the city this evening from Orillia, where he is general secretary of the Y. M. C. A. He intends staying two days to visit his old friends.

—At Osgoode Hall yesterday, in Standard Mutual vs. Faulkner, F. Morison, for defendants, moved for better affidavit on production and for stay of trial meantime. T. J. W. O'Connor, for plaintiff, contra. It appearing that winding up orders have been granted no order made. Motion enlarged sine die.

—A most enjoyable evening was spent at the home of Mr. and Mrs. Geo. Clark, 477 King William street, by friends of Mr. and Miss Curno prior to their departure for Vancouver. Cards, games and music were enjoyed. Toasts were proposed by Mr. J. Birch, Mr. Poits and Mr. Birkin. Mr. Curno suitably responded. The party broke up in the wee small hours of the morning.

ITS STATUS.

Local Cemetery Board Wants to Know Where it Stands.

(Special Despatch to the Times.) Toronto, Ont., March 24.—A deputation from Hamilton representing the Cemetery Board, headed by Mr. F. C. Fearman, waited on W. H. Hanna this morning, asking that the board be given a legal status in order that their by-laws and regulations may have more authority. It was felt that under the present conditions by-laws passed by them, notably that concerning the perpetual care fund, may not be properly authorized. The Mayor of Hamilton, and several of the Council were, however, engaged in the Private Bills Committee, and the Minister wishing to consult with them, the hearing was postponed till this afternoon.

RESCUE HOME.

Staff Captain White Here in Interest of Work.

Staff Captain W. G. White, Commissioner Coombs' representative, and whose special line of work is in connection with the maintenance of the Salvation Army Rescue homes, is in the city, with Mrs. White, in the interest of the institution here. The Army's Rescue Home in this city has done and is doing a noble work. During the year from 40 to 60 patients have been the average in residence. Staff Captain White reports that of the 1,100 cases cared for in the various rescue homes the Army has kept constantly in touch with 85 per cent. after their departure, and that these are leading pure and industrious lives. The officer speaks very highly of the way Hamilton people respond to the call for assistance in carrying on the work.

WIFE DEAD.

And Husband Stricken With Paralysis Yesterday.

The death took place at the City Hospital, last evening, of Catherine Witherspoon, wife of Alexander Witherspoon, 365 Charlton avenue west. Deceased had been ill for the last two years, and seriously ill for the last two months. She was born at Mount Forest and came to this city about 25 years ago. She leaves a husband and one son, John D. Her husband Alexander Witherspoon, was taken to the hospital yesterday, he having had a stroke of paralysis, which makes the case doubly sad. Mrs. Witherspoon's funeral will take place on Friday afternoon at 2 o'clock, from her late residence, to the Hamilton Cemetery.

TWO WRITS ISSUED.

Chisholm & Logie issued two writs in the County Court this morning, one on behalf of Frederick Guest against George Webb, for \$110 balance, due on a contract for the iron work of the armories. The other was for E. D. Smith against George Konkle, for goods sold. Smith claims that Konkle entered into an agreement to purchase a number of fruit trees, and is claiming the money for them.

Now is the Time to Buy Your Spring Homefurnishings.

R. McKay & Co. are now in the midst of a big four-days' sale of reliable goods for beautifying the home. Large shipments of foreign manufacturers' lots in need of ready cash is responsible in a great measure for such unqualified reductions in carpets, rugs, linoleums, curtains, etc. Read their splendid advertisement in this issue.

INSURANCE BILL.

Extra Premiums Wanted For Policy-holders Who Go to War.

(Special Despatch to the Times.) Ottawa, March 24.—The Insurance Bill was further considered this morning before the Banking and Commerce Committee of the Commons. The most interesting feature of the discussion to-day was in connection with the clauses in the bill respecting the relations between an insurance company and its policyholders in time of war.

Mr. Geo. H. Perly objected to the condition that the member of Militia should give the consent of his insurance company before obeying a call to fight for his country. Mr. J. K. MacDonald, representing the Life Officers Assurance Co., said that the companies do not desire at all to stand in the way of men going to the defence of Canada or the Empire, but they had to have some measure of protection for the policyholders who did not go to war. The practice of insurance companies was to allow members of Militia to enlist for service, but they must first notify the companies and pay an additional premium required for war risk. Some companies, he said, allowed militiamen to go into active service without additional premiums, but it was for the defence of Canada only.

Another point to which attention was directed was the expenses of the British and foreign companies. It was suggested that these companies should be required to add to their expenses in Canada an amount equal to five per cent. of their Canadian premiums to provide for head office expenses. The companies asked that industrial insurances be exempted from all restrictions as to expenses.

Mr. J. K. MacDonald said companies hailed with satisfaction the provision making rebates illegal. He suggested, however, that certain cases, such as extreme poverty, a special surrender value might be allowed. The bill will be further considered at next meeting of the committee.

FOR BOBBY KERR.

Tigers to Hold Athletic Meet in May.

The officers of the Tiger Football Club will meet at 5 o'clock this afternoon to consider the question of holding a big amateur athletic meet in Britannia Park about May 15, to raise funds to send Bobby Kerr, the world's champion 220 yards sprinter, to England next July to defend his title, and to endeavor to win new laurels. Kerr won the British championship in two classes last summer, before the Olympic games started. The question of leasing Britannia Park for football will also be discussed at the meeting.

GEORGE W. CAREY RETIRES.

Will be One of the Largest Concerns in the Musical Industry, With Unlimited Capital.

The latest news in the musical world is the fact that the R. S. Williams & Sons Company, of Toronto, have purchased the good will and stock of Geo. W. Carey, at 90 King street west, and will continue the business under the name of The Carey Piano and Music Co. Limited. The idea of the promoters is to make this one of the leading musical houses of Canada, and new energy and capital will be added to carry out the plan. Geo. W. Carey had the reputation of carrying the finest line of pianos in Canada, and will be the aim of the new company to sustain this reputation. With one or two changes the line of instruments will be the same. The famous Chickering, of Boston, will be added to the line for the benefit of those who want something just a little better than they have been able to get heretofore. The terms will be made very easy for those who are unable to pay cash, and the same general principles will be used as are found in the music houses of larger cities.

YOU MAN'S.

Successful Meeting at the Home of Mrs. Middleton.

To the beautiful bright afternoon was due, no doubt, the fact that there was a very large attendance at the meeting of the Youman's W. C. T. U., held yesterday at the home of Mrs. Middleton, Wentworth street. After the opening exercises a practical Bible reading was given by Mrs. Cooke, who spoke on the need of sacrifice in order to accomplish any good in the Lord's work. Mrs. Linklater then gave a short report of the Alliance convention recently held in Toronto. The subject of "Systematic Giving" was taken up by Mrs. Blandford, who pointed out that the Christian is to give not merely as a service, but also as a means of spiritual culture. The need of forming in children the habit of giving cheerfully and systematically was also spoken of. Word was received that Dr. Stowe Gullen, President of the Canadian Women's Suffrage Association, who was to be at the Y. M. C. A. on Friday afternoon, is unable to come until a later date, which will be announced. Attention was called to the meeting to be held in the Y. W. C. A. on April 2nd, at 3.30, when Mrs. Heslop, Dominion organizer of W. C. T. U., will address the women of Hamilton. The Youman's Union is quite a flourishing one, no less than seventeen new members joining during the last few meetings.

NEW PIANO COMPANY.

Carey Piano and Music Co. a New Corporation to Open at 90 King St. West, Near Park.

WENT INSANE OVER THE KINRADE CASE.

(Continued from Page 1.) been committed, and heard no shots. As one of the neighbors or passers-by heard any shots either, it is thought the truck wailed muffled here.

FAMILY STILL HERE. The Kinrade family have not left town yet, and it is very likely that they will, though the authorities are kept in touch with the members of the family, and have access to them at any time they desire.

Mr. Kinrade is credited with the statement that the Attorney-General's Department is responsible for the search-party enquiry at the inquest, and that a letter they received with intimations in it was responsible for the retention of Mr. Blackstock.

FATHER KNEW MISS ELLIOTT. Mr. Kinrade is also quoted as saying that he had hired no private detectives although many had seen him. The father of the murdered girl said that the family knew Miss Elliott to be a good girl, and that he had known her since she was a child. Mr. Kinrade called Miss Elliott "Auntie."

ANOTHER REVOLVER. Speculation as to the kind of revolver used by the murderer is still rife. The detectives are satisfied that a cheap, 32-calibre revolver, which was re-loaded, was used, this accounting for the time between the firing of the shots into the hat and the firing of the fatal shots into the body.

Yesterday's despatches referred to a weapon that fires 240 shots a minute. This "gun" would have drilled eight holes through the unfortunate girl, instead of the bullets being flattened against a hair pad or against the jawbone. It is a "young Gatling gun" and totally out of the question.

Mr. George Evans, Toronto, has a peculiar "gun," and one that would not have such force behind it as some of the later day automatics. A Toronto exchange says of it: The idea of an eight-chambered gun has scarcely been mentioned, yet there is in the possession of Mr. George Evans an insurance supervisor of this class, a revolver from which eight bullets may be fired without reloading.

This weapon, which appears to have been one of the forerunners of the present-day revolver, contains a circle of eight short barrels running back to the breech. The cartridges, which are of the pin-fire variety, are slipped one into each barrel. The series of barrels revolves for this purpose.

With the pistol aimed at a target or other object, the operator by merely pressing the trigger cocks and discharges the weapon eight times, and charges the weapon eight bullets as quickly as can be done with a more modern weapon. This revolver is cocked and discharged by pressure on the trigger.
