# A Convenient Vehicle

After all isn't the bicycle about the most convenient vehicle for tranportation you know of? It saves car fares, gets you away from the crowded street cars and gives you the exercise you need.

## The Cleveland **Bicycle**

It is a wheel built from best material by expert workmen and sold at an honest price. It has all the big individual fea-

tures that have returned the bicycle to popular favor.

## "Cleveland Bicycle"

You must test this new bicycle to experience what these improvements mean.

The Cleveland is a "Pullman" compared to the "day coach" of bicycling.

Write to-day for the catalogue—Test the new features.

The Hercules Coaster Brake is the latest and greatest of coaster brakes. It has no side arm can be taken out and replaced in any bicycle in one-third of the time required by the other kind.

The following is an editorial in part from the Canadian Sportsman, the oldest turf paper in America:

"This paper has no wish to attack the pulpit or its professors. It respects the Church; it respects all branches of religion. It however, regards truthfulness as the very foundation of every Church and every form of Christianity. When, therefore, it finds the professors departing from the said foundation The Canadian Sportsman feels at liberty to speak and to reason with those assumed Disciples of the Lord. If they speak in parables well and good, but let it be understood that their utterances are illustrations or parables, and not falsehoods deliberately spoken with a view to helping what everybody would ordinarily consider a good cause—the cause of morality, a cause that is more damned than aided by their policy.

"Let us start from the beginning. First, then there can be no more

Of course there is the customary hitch in the arrangements for the meeting between Jeffries and Johnson. We must be kidded along a bit farther before anything is settled. The occasion is too important to be passed out in one chunk. Leaving it the way it is opensup a chance for a few miles of gate compelling controversy. No sporting story is a good sporting story unless it is contradicted.

Buffalo, May 1 .- Al Ackerman, the ima, Ohio, welterweight wrestler, won he match with Charlie Conkle in the Lafavette Theatre last night, taking the ast two falls out of three.

The end came with surprising suddenness to the majority of the spectators, for the little Canadian, after taking a hard first fall, was thrown in two quick bouts, losing the match after his chances had appeared brighest.

The men alternated in positions of advantage during the opening bout, and Conkle's defensive work against the ag-

Mashville that he was too slow to start in the Kentucky Derby, and the subsequent disclosure that he had worked faster than any other Derby eligible, is now at Churchill Downs. He arrived there early yesterday morning in charge of Trainer Johnny Walters.

The colt presented a striking appearance as he was led through the back stretch to his stall. He is assuredly in condition and shows evidence of having received careful handling. That he has been sent miles and miles during the winter at Cumberland Park there is no question. He is ready now to race. It was Walters' intention to breeze the colt after unloading him from his car with Ray H., but the latter had been galloped. Walters thereupon decided to wait until the course becomes fast.

A thrilling incident occured on Thursday at Churchill Downs during the storm. Lightning struck the barn sheltering the racers of W. J. Young, including the Derby colts, Direct, now owned by R. J. Mackenzie, of Winniper, and Warfield, and not only jeopardized their safety, as well as the other horses, but imperiled the life of Young as well. The bolt descended not far from the Derby horses, near which Young chanced to be standing, and after shattering a heavy post tore a hole in the ground. Young's comment was:

"This kind of luck does not look bad for me in the Derby."

The Young entry was breezed together yesterday morning when the track was good and the trial was more than satisfactory. The fractional time was: Eighth. 12-2-5; quarter, 24-2-5; three-eighths, 361-5; half, 48-3-5; five-eighths, 101-5; half, 48-3-5; five-eighths, 101-5; Laff, as and Dortect 122. The weight may not be exact; it is not far from it. The colts breezed handily. They cooled out nicely and both look good and fit. The Derby will be run on Monday.

A New Orleans despatch says: The Supreme Court has ordered the record of the whole Sheehan case to be sent up for its inspection. The defendant, Mark Boasberg, alias Jack Sheehan, was convicted of violating the anti-race track gambling law and became a fugitive from justice while an appeal from Judge Edrington's judgment was pending. Hon,

St. Clair Adams, who prosecuted him as special district attorney, moved to dismiss the appeal on the ground that Sheehan was a fugitive from justice, and the court ordered the record sent up for examination. Boasberg is said to be now in Toronto. Since his trial he spent most of his time in the south and California, but kept out of Louisiana.

Much wet is again responsible for little baseball. Rain, damp grounds and cold weather all over the country, knocked out the sport yesterday, and but one game was played in each of the three big leagues. The committee in charge of the Bobby Kerr games, to be held at Britannia Park on May 15, under the auspices of the Tiger A. A. All this was contributed by people who wanted to see him run, the interest of these spectators with the dough having been worked up by the managers of Longboat, whom he now accuses of not treating him fairly. Any man who can move from a tepee into a mansion as Longboat has done, couldn't have been treated so very badly. There is \$4,700 held in trust for Longboat by a committee in Toronto, \$500 of which was donated by the city of Toronto some time ago, and \$4,200 more by private contribution. This will be turned over to the Indian's mother at the rate of \$100 a year. She moved into the new house with her son yesterday. By the way, where does that young wife of Longboat's come in, anyway?
