

THE FIRST CANNON SHOT.

Hark! over Europe sounding, The first, the signal gun; The fire has burst, the blow is struck, A fatal deed is done!

VARIETIES.

Cheap Paint.—For the outside of dwellings, and out-houses, where economy and durability are considerations. Take a barrel, and put in a bushel of quick lime

A chap out West, tried advertising for a wife. It worked to a charm, as usual He says he has received in answer to his advertisement, 794 letters, 13 daguerrotype likenesses of ladies, 2 gold finger-rings, 17 locks of hair, 1 copy of like

SINGULAR BIBLICAL MANUSCRIPT.—In the library of the late Dr. Williams, in Redcross street, London, there is a curious manuscript, containing the whole Book of Psalms, and all the New Testament, in fifteen volumes folio.

A CANDID WITNESS.—In the examination of an Irish case on Monday, before the Court of Magistrates, for assault and battery, the Counsel, in cross examining one of the witnesses asked him what they had at the first place they stopped? He answered, "Four glasses of ale."

A Broad Hint.—The Rev. Mr. Johnson was one of those rough quaint preachers of a former generation, who was fond of visiting and good living. While seated at the table of a good lady in a neighbouring parish, she asked him if he took milk in his tea.

The above incident reminds us of an anecdote of another clergyman, who was a bit of an humorist. He once took tea with a lady of his parish who prided herself much on her nice bread, and was also addicted to the common trick of depreciating her viands to her guests.

With a double vigilance should we watch our actions, when we reflect that good and bad ones are never childless, and that, in both cases, the offspring goes beyond the parent, every good begetting a better, every bad a worse

R. R. R.

What do the Sick Require? To those who think,—If sick, if suffering the tortures of pain, or afflicted with long illness, the invalid's constant hope and most fervent desire is to be relieved and cured of the distressing ailment, that time. On this principle the R. R. R. REMEDIES are founded. Instant Relief from Pain, Quick Cure of Diseases, Speedy Restoration to Health, is the great platform on which the R. R. R. Theory is predicated.

The R. R. R. REMEDIES are worthy of the appellation. They instantly relieve the bed-ridden from the most excruciating pains, and quickly free the afflicted from the most obstinate and serious maladies, infusing new life and vigor in the shattered and drained body, and renew each member and organ of the human system with strength and power.

The R. R. R. REMEDIES consist of RADWAY'S READY RELIEF, RADWAY'S RENOVATING RESOLVENT, and RADWAY'S REGULATORS. RADWAY'S READY RELIEF is for the instant relief of the sufferer from pain, and to check and arrest the progress of diseases; to disinfest animal, malarious, and infectious poisons, that protecting whoever uses it against all poisonous infection from Contagion, and from sudden attacks of Cholera, Pneumonia, Ship Fever, Fever and Ague, &c. Likewise for the effectual and radical removal of all pains and diseases of the Joints, Limbs, Nerves, &c.

Its first action is to remove the pain, (hence its usefulness in Neuralgic cases;) its second, to repair and heal, as in the case of a cut, or wound. If the Relief be applied after the first little smarting is over the pain is extinguished, and the work of repair now commences. But if the Relief is not applied, there are many chances to one that the pain will continue, and an inflammation be set up, and instead of a simple incised wound we have inflammation—disease to contend with. Beside, its direct power over pain, the Ready Relief is the most effectual and convenient "counter irritant" that is known to the medical world.

If there be a congestion or heaping up of the blood in any particular part, occasional pain and throbbing inflammation of disease, as Sore Throat, Lambeago, or pains in the loins, Pleuritic congestion &c. the Relief will be found the most valuable curative. By applying it to the adjacent parts, the blood is drawn away from the affected parts, the congestion dissipated and the pain removed at once. Let any one who may doubt this make the trial. Now, these three properties, its power over pain and its "counter irritant" render the most valuable remedy for Diarrhea; and although not an astringent in the popular meaning of the term, yet it stops the pain and arrests the discharge of the most frightful Diarrhea or Cholera in a short time.

RADWAY'S READY RELIEF is the most safe and powerful disinfectant in the world—as such, it is a most effectual cure and positive preventative of FEVER AND AGUE.

So with other fevers and all malarious diseases. Ten or twenty drops, taken internally, in a little water will protect the system against any attacks from infectious and malarious poisons. PNEUMONIA. Whether Typhoid or Bilious, RADWAY'S READY RELIEF, given internally, and applied over the surface of the body, and the bowels regulated and kept so with RADWAY'S REGULATORS, the patient will soon be out of danger, and speedily restored to health. If the R. R. R. Remedies are given, they will save the life of the patient.

RADWAY'S RENOVATING RESOLVENT is the second of the R. R. R. Remedies. It is for the cure of Chronic Diseases that have been lingering in the system for years. HIGHLY IMPORTANT TO ALL AFFLICTED WITH CHRONIC DISEASES.

For the present, then, let us pass to the consideration of the RESOLVENT, the second of the three R. R. R. Remedies. RADWAY'S RENOVATING RESOLVENT is for the cure of Chronic Diseases, of inflammation that is kept alive on fire by some sustaining cause; for the chronic Rheumatism, and for the slow concealed combustion. And this cause is a deposit resulting from the inflammation whilst it is in an active or acute condition, for all disease is at one time acute before it becomes chronic. If a person has Chronic Rheumatism, it is the result of a deposit in the fibrous tissue surrounding joints; if a person is Scrofulous, these deposits often show themselves in small lumps under the chin and along the neck; if he have a Consumption or Chronic Cough, and spitting of blood deposited in the lungs; if Bronchitis, it takes place in the Bronchial tubes; if Syphilis, it occurs in every tissue and organ in the whole system, for that disease spreads nothing. Now to cure these diseases, these Chronic Inflammations (for it is in every case) it is manifest that the diseased deposits must be first removed, the sustaining cause be taken away, and that the impure blood be altered in its condition and rendered pure and healthy.

It becomes necessary, then, that the absorbents be active and the blood be purified. We therefore want a medicine that will set on the absorbents and stimulate them into action, and at the same time purify the blood. Medicines that depend merely on purifying the blood alone will scarcely ever cure Chronic Diseases: to ensure success they must at first have the power to stimulate the absorbents, and remove the diseased deposits. The action of the RESOLVENT is directed first to the absorbents, stimulating them into action, and second to the blood which it separates by its action over the glands, the liver, pancreas, kidneys &c., which are the sewers that nature has established for purifying the blood. You will, after this description, we hope, appreciate the same we have given to the second of the R. R. R. REMEDIES OF RENOVATING RESOLVENT. It removes away diseased deposits; it purifies the blood and renovates the system. Tumors are removed and diseased by its operation: Chronic Swellings are dissipated; Nodes are softened and melted away. The most loathsome skin diseases disappear under its action; Scrofulous constitutions are soon amended, and the disease checked when ever it has attacked the system. Syphilis, with all its horrible train of concomitants, here finds a certain and infallible cure; and Consumption too, affords itself its master—Consumption, that prevalent and lamentable disease of the lungs, that is so well known to you all, from its fatal and almost helpless character, and the havoc it produces among the young, the most gifted and the most beautiful of the human race, creeping over our vitals with an insidious yet awful certainty, and consigning to an early and premature grave its yearly victims of victims. Tubercular Consumption is often regarded as a specific disease of the lungs alone. This is a mistake; it is but one of the forms of Scrofula—it is a Scrofula deposit, an inflammation of the lung structure, and could be as readily cured as any other Scrofulous disease—such as Rickets, Hip Complaint, or White Swelling—if it was not for the peculiar structure and action of the lungs in which it takes place.

The lungs expand and contract during every respiration; and from the moment the first breath of life is drawn, until the last guttural sigh passes from the dying invalid, a never-ceasing action is kept up on their part. It will readily be conceived then, how difficult it must be for an Ulcer of the lungs to heal, where it is continually kept irritated by the act of breathing.

Understand, then, we do not offer you the RESOLVENT as a certain cure for Consumption or Scrofula of the lungs, as it is for other Chronic disease. We believe that it will cure Scrofula in any other part of the body, but from the very nature of the case, this complaint—except in its first stages—its effluence is incurable; but we can recommend it as the most certain remedy (when taken as directed in our pamphlets) that we possess to arrest its progress, and can point to a large number of cases of Lung Diseases that it has cured.

What the Relief is to Acute diseases the RESOLVENT is to Chronic; it removes away the foreign and diseased deposit; it purifies the blood and it renovates the system.

NO. 3. We now request the reader's attention to the third of the R. R. R. REMEDIES. RADWAY'S REGULATORS. Every pill taken should examine the theory on which the REGULATORS are founded. Every one "who takes pills," will find RADWAY'S REGULATORS the most pleasant and safe Regulator of the Liver, Bowels, Kidneys, and other organs of the system in use.

We have hitherto been treating of diseases or inflammation in its acute or chronic state, and its removal; the RELIEF in one hand and the RESOLVENT on the other. We now pass to the consideration of that state of the system immediately preceding disease or inflammation, viz: IRRITATION. To allay irritation of the nervous system, and remove its effects wherever it exists, and to aid the RELIEF or RESOLVENT in treatment of inflammation, are the chief purposes of the REGULATORS.

But how is nervous irritation the cause of disease? Because the glands of the system are controlled by the brain and nervous centers, and what irritates the brain causes irregularities of the glands; and when the glands refuse to do their work, the foreign matter which it is their duty to remove, is left in the blood, and increases already existing irritations. The glands are sewers of the system and are composed chiefly of the Liver, the Kidneys, the Pancreas, the Salivary Glands, and those of the skin and intestinal canal. Now, a regular and honest action of these organs are indispensable to keeping the blood in a pure and natural state. If we give you poison instead of food to eat you can easily understand that the blood will be corrupted by it, and diseased action will follow; and it will be just as surely corrupted if the glands do not abstract the worn out materials from it.

Again if the kidneys be interfered with in their action, from any irritation whatsoever, why then we have the salts of the urine, the poisonous urea, circulating in the blood, producing headaches, coma, drowsiness, and all the symptoms of uræmia.

And, last and most important of all, if any irritating cause interferes with the operation of that great laboratory the Liver, behold the disastrous effects: The liver, instead of passing into the intestine to rid them of their movements, (for the bile is Nature's purgative) is left to circulate in the blood; the bowels, therefore become inactive and the carboniferous bile (for carbon or charcoal is the chief component of circulating bile) is the chief component of the fever of the system. The superabundance of the carbon in the blood meeting with the oxygen as it passes through the lungs is slowly consumed, and gives over a superabundance of heat, and this is fever. RADWAY'S REGULATORS induce a healthy regularity of glandular action. Costiveness or Dyspepsia or Indigestion, or Pains in the Side, or Liver, or Bowels, or Pains in the Kidneys will trouble you if RADWAY'S REGULATORS are taken; and we positively assure all who are afflicted with these distressing complaints that RADWAY'S REGULATORS will cure them. The Kidneys will trouble you if RADWAY'S REGULATORS are taken; and we positively assure all who are afflicted with these distressing complaints that RADWAY'S REGULATORS will cure them. The Liver will trouble you if RADWAY'S REGULATORS are taken; and we positively assure all who are afflicted with these distressing complaints that RADWAY'S REGULATORS will cure them.

R. R. R. REMEDIES are suited to the treatment and assuaged will cure most of "the ills that flesh is heir to." The sanguinary practice of the lancet, the cupping glass, and leeches, they entirely dispense with, and hasten forever the pernicious use of that baneful drug, calomel.

If you be sick, we advise you to resort at once to the R. R. R. REMEDIES, as the most prompt in their action, the most sure and effectual of remedies. Instance of diseases prevented, of rapid cures, and almost miraculous recoveries we can furnish you the certificates and credentials without number.

But those may be obtained without merit as well as with it, and without knowing the circumstance prove nothing to your mind. The R. R. R. Remedies are for sale by druggists everywhere. Persons desirous of learning more of our REMEDIES, are referred to our FAMILY FRIEND Monthly Paper. A copy will be sent free of charge to all who will send in their names and address. RADWAY & Co., May 4, 1854. 163 Fulton street, (op stairs) N. Y.

NEW PERFUMES, &c.

JUBIN'S EXTRACTS Bailey's Ess. Bouquet, L'Edo's Hedysemia, Doloret's Fashionable Perfumes, Love's Fragrant Perfume, and Genuine Edo Cologne.

HENDRIE'S MOELLNE. For preserving the Beauty and Luxuriance of the Hair, an extract of Vegetable and Animal Oiling, and the most beautiful of the human race, creeping over our vitals with an insidious yet awful certainty, and consigning to an early and premature grave its yearly victims of victims. Tubercular Consumption is often regarded as a specific disease of the lungs alone.

EMOLIENT CAMPHOR CREAM. Has been long approved of, as a certain and agreeable remedy for chapped hands, and the injuries of cold and piercing winds on the skin, which, however rough or red, is rendered soft and delicate in a few days. This Cream contains no soap or alkaline matter whatever.

PEARL DENTIFRICE. Is a most innocent and effectual preparation for beautifying the Teeth. By its tonic and astringent properties, it braces and strengthens the Gums and Socket, preserving them in a sound and healthy condition.

ALL THE FAVORITE TOILET SOAPS. Prepared in the useful form of a Tablet without Water. Tooth, Nail, Hair and Cloth BRUSHES in great variety, all from LONDON. Wm. R. WATSON. Nov. 21st, 1853. Adv. & Id.

Properties for Sale.

THE Subscriber offers to sell, at moderate rates, and on reasonable terms, his right by Deed to the following Freehold Property, viz: 100 acres of Land on Lot and Township No. 3. 300 acres on Lot No. 3; 400 acres at Fifteen Point; 83 acres on Lot No. 25, near McMillan's; and 73 acres at Three Mile Bay.

Also, His interest in the following Leasehold Premises, viz: 44 acres of Land with Dwelling House, Store, Barn, and Out-houses on Lot 16, near the Indian River Chapel, which is an excellent business stand. It is now in the occupation of Mr. J. Coughlan. Also, the Property in Tryon, formerly occupied by the late George Byrne.

The above Tracts of Land being generally known, require little, if any further description. J. WEATHERBE. Charlottetown, 10th Feb., 1854.

THE LIQUOR TRAFFIC:

Ought it to be protected, or to be prohibited by Law? THE ADDRESS, recently delivered at the Temperance Hall, Charlottetown, before the Members of both Houses of Legislature, and others, by the Rev. J. R. NARRAWAY, just Published and for sale by Mr. G. T. HASZARD and Mr. Stampfer. Price sixpence; considerable reduction if sold by the dozen.

WANTED, for the Fanning Grammar School, at Princeton Royalty, a TEACHER, of the Second, or highest Class. The School having lately been ably conducted, the inhabitants are the more desirous that it should not retrograde; consequently none need apply who are not fully competent, and who can produce satisfactory references as to their competency and general good conduct. Apply to the undersigned. THOS. MACNUTT, Chairman of Trustees. Princeton Royalty, March 28, 1854.

PRINCE EDWARD ISLAND ALMANACK FOR 1854.

FOR SALE BY GEO. T. HASZARD. APOTHECARIER'S HALL.

The Old Established HOUSE, 1810. CHARLOTTETOWN, JANUARY, 1853. T. DESBRISAY & Co.

HAVE just received, per late arrivals from London, Dublin, United States and Halifax, their Supplies for the Season, comprising, in the whole, an Extensive and Varied Assortment of DRUGS & CHEMICALS, PERFUMERY, Brushes, Combs, Soap, and other Toilet requisites; Paints, Oils, Colours, and Dye Stuffs; Fruits, Spices, Confectionary, Medicated and other Lozenges; with all the Patent Medicines in vogue, and every other article usually kept at similar Establishments in Great Britain (See Apothecaries' Hall Directory.) The whole of which they can with confidence recommend to the public, and, if quality be considered, at as low, if not lower prices, than they can be procured in the market.

WAXWORK.

THIS celebrated Horse "WAXWORK," imported from England, by the Royal Agricultural Society in 1853, will serve for the Season at the following places, commencing on the 1st April—He will stand in Charlottetown every Saturday, and every second Wednesday, at Mr. Jakeman's; and will travel as far as Crapaud, at Mr. James Balpete, and remain there from Tuesday evening, until Thursday morning, once a fortnight in the season; thence return home; and the remainder of the time at the Subscriber's Stable, Old North River Road, 4 1/2 miles from Charlottetown. This Horse stands 16 1/2 hands high, is very powerful, and of a handsome grey color. Terms, for the season; the money to be paid the first time of serving.

JOHN STOCKMAN. Old North River Road, May 3.

Mountaineer.

THE BEAUTIFUL thorough-bred STALLION Mountaineer, by Maley Meloch out of Champagne, (the Carpenter and Lightning's dam) by Blucher (winner of the Derby in 1814.) by Waxy out of Pastoria by Buzzard, grand-dam by Maley Meloch by Maley out of Longwait's dam, by Dick Andrews out of Spiffers.

He is a Dark Bay with Black Legs, very powerful has fine action, and a good temper. His pedigree is excellent, combining the most formidable and racing blood on the turf. Maley Meloch being sire of the celebrated Alice Hawthorne, and many other superior Racers. Mountaineer's stock, now four years old, are very powerful and promising, and selling at high prices. The performances and racing capabilities of Maley Meloch, Longwait, and Alice Hawthorne, are too strongly impressed on the minds of the racing public to require repetition, especially the latter, who having won about 35 Queens' Plates and Gold and other Cups, besides many of the most valuable Stakes and Prizes in her day.

He will stand in Town, at the Subscriber's stable. Fees Twenty Shillings, paid in advance. April 8th, 1854. NEIL MINNIE.

The New London Horse "FEARNOT"

WILL stand for the Season, commencing on the 1st May at Malpeque, Barrot's Cross Roads, through Freetown, and South West Bedoues; at Neil Laforgy's, Bedoues Road; Barry Towns, Crapaud; down the South Shore to Long Creek, at Michael McRae, on the West River, and at the North River, at Anderson's Road, at Mrs. Todd's; at Richard Baguel's on the Malpeque Road, round by New Glasgow, Grand River, New London; and station at Dunca McLeary's, South West River.

The Horse will visit each Station once a fortnight, making six rounds in the Season. JAMES HELM. April 4th, 1854. on t f

Twelve Brothers' Soap Powder

(an entirely new invention.) IS the cheapest, sweetest, best, and most effectual article for all washing purposes, a packet of which is equal to any quantity of Soap! The saving of Time and Labour is astonishingly great, that a WEEK'S WASH can be accomplished BEFORE BREAKFAST—no rubbing being required.

This wonderful Article is MORE SERVICEABLE THAN SOAP, as it produces a better and much quicker lather, and is adapted for purposes for which Soap cannot be safely or effectually used. It will not injure the hands, or the most delicate material; but whilst it is incomparable for permanent whitening Linens, &c., after they have become discoloured by age, or injured by bad washing, it is also unsurpassable for improving the colors of FLANNELS, BLANKETS, WOOLLENS, COLORED PRINTS, MUSLIN and LACE.

For Sale by GEO. T. HASZARD, Queen's Square.

LAW BOOKS.

CHITTY on Pleading, Chitty on Contracts; Blunt's Commercial Digest and Shipmaster's Assistant English Cases and Reports, for sale at Geo. T. HASZARD'S Book Store.

AYER'S PILLS,

A new and singularly successful remedy for the cure of all Bilious diseases—Costiveness, Headache, Gout, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is all true of Colds, Febrile symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which lead the funeral all over the land. Hence, a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing anything hitherto known of any medicine. Care has been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of fraud.

Among the eminent gentlemen to whom we are allowed to refer for their facts, are: PAUL VALENTINE MORTZ, the distinguished Surgeon of New York City. DOCT. A. A. HAYES, Practical Chemist of the Port of New York, and Geologist for the State of Massachusetts.

DR. J. L. MOORE, M. D., an eminent Surgeon and Physician of the City of Lowell, who has long used them in his extensive practice. H. C. SORCHTWER, Esq., one of the first men in the State of New York.

C. A. DAVIS, M. D., Esq. and Surgeon of the United States Marine Hospital, at Chelsea, Mass. Did space permit, we could give many more such names, from all parts where the Pills have been shown, but evidence even more convincing than the certificates of these eminent practitioners, men is borne in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of any drug that is harsh, but of the most virtuous and only of Vegetable remedies extracted by chemical process, in a state of purity and combined together in such a manner as to insure the best results, obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of injurious and hurtful qualities; by this, each individual virtue only is that is desired for the curative effect is present. All the inert and obnoxious qualities of every substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effect should prove, they have proved more purely remedial, and the Pills a more powerful antidote to disease than any medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of my Pills, and even more confidently, and are willing to supply the accurate Formula by which both my Pills and Pills are made to the whole world of Practitioners in the United States and British American Provinces. If however there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no mystery. The composition of my preparations is laid open to all men, and all who are competent to judge on the subject, freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting wherever they exist such derangements as are the first origin of disease. Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see wrapper on the Box. Prepared by JAMES C. AYER, Practical and Analytical Chemist, Lowell, Mass.

T. DESBRISAY & Co., General Agent Mr. LEMUEL OWEN, Georgetown, EDWARD GOSF, Grand River, EDWARD NEWMAN, St. Peter's Bay, J. J. FRASER, St. Eosmer's, GEORGE WIGMORE, Crapaud, JAS. L. HOLMES, do, Wm. DODD, Bedoues, JAMES FITZGERALD, New London.
