

Two Years In Bed And Rolling Chair

Mrs. Wilson Gave up Hope— Gains 25 Pounds On Tanlac And is Now A Well Woman

"For two years I spent all my time either in the hospital, in bed or in a rolling chair, and during that time I was given up to die, and I don't guess I would be here now if it hadn't been for Tanlac," said Mrs. E. O. Wilson. Mrs. Wilson is well known in Atlanta, Ga., her husband having been employed by the Constitution for a number of years.

"I was a great sufferer from chronic indigestion," continued Mrs. Wilson, "and don't guess anybody ever had to go through with what I did. I was very weak and nervous, and at times had those dreadful smothering sensations to the point of fainting. I had dreadful headaches, severe pains in my back and over my kidneys and my joints ached all the time. For two years I had to live entirely on boiled milk, toast and soft boiled eggs, and don't know what it was to get a good night's sleep. I took one kind of medicine after another until our house was almost filled with empty bottles, but instead of improving I was getting worse all the time. Finally they took me to the hospital for treatment, and I lay there for five long months, but even that didn't make me well. It was taking nearly every cent of my husband's wages to pay my doctor and drug store bills—our drug bill alone amounted to \$14 or \$15 a month, and one doctor's bill amounted to \$108.

"It looked like everything had failed to help me, and I had about given up all hope when one day my husband brought a bottle of Tanlac home with him and asked me to take it. He said he had been reading and hearing a lot of good things about it and didn't see any reason why it shouldn't help me. I was confined to my rolling chair when I began taking it.

"Do I look like an invalid now? I certainly don't feel like one, and I have actually gained twenty-five (25) pounds on eleven bottles of Tanlac, and feel as if I never did in my life. I can eat anything I want—such things as meat, turnips, hard-boiled eggs don't hurt me a particle, and I sleep as good as I did when I was a girl in my teens. I can get about as well as anybody and just the other day I walked down town, and I am running around the neighborhood calling on my friends nearly all the time now. I haven't a pain about me. I believe I am the happiest woman in Atlanta, and I think I have a right to be. I think my recovery is almost a miracle, and everybody in our neighborhood thinks the same."

Tanlac is sold by E. J. Morris, New, castle.

Cardinal Mercier at Baltimore says Belgium's greatest need is machinery and raw materials.

A LIFETIME OF SUFFERING

Prevented by "Fruit-a-tives" The Wonderful Fruit Medicine

53 MAISONNEUVE ST., HULL, QUE. "In my opinion, no other medicine is so good as 'Fruit-a-tives' for Indigestion and Constipation.

For years, I suffered with these dreaded diseases, trying all kinds of treatments until I was told I was incurable.

One day a friend told me to try 'Fruit-a-tives'. To my surprise, I found this medicine gave immediate relief, and in a short time I was all right again". DONAT LALONDE

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

E. J. Tighe Back From Conference

"There is evidently a feeling at Ottawa that the labor question is the big problem of the day, and most politicians seem to be of the view that the next election would be largely fought around labor issues," said E. J. Tighe, who has returned from Ottawa, where he attended the conference on Industrial Relations.

The Conference did not accomplish anything of great importance, but it tackled the various questions that came before it in a spirit of give and take, and paved the way for more and better work in future," he added. At any rate we hope so. The labor representatives were keen to have the conference go on in favor of the eight-hour day. That would have satisfied them more than anything else. But the question of an eight-hour day, as well as collective bargaining and recognition of trade unions, went over to commissions.

"Some of the employers' representatives said they had been too busy in the past to study economic questions, but I gathered the impression that they are watching events in the labor world with great interest now. And there is little doubt that the government and the opposition politicians too, realize that labor is determined to have a bigger share in the affairs of the world. There seemed to be a disposition not to press matters before the Conference, the feeling being that a definite programme for Canada might wait upon the International Labor Convention, which it is expected will give a lead to both Canada and the United States. If things in the meantime break loose in the States I imagine Canada will be wide awake, enough to adopt legislation which will tend to prevent serious troubles here."

Judge Henry Guerin, of the Chicago Superior Court, was drowned at Muskegon, Michl.

Funeral of Late Hon. Frank Cochrane

Toronto, Sept. 24—Honored by the attendance of many men and women prominent in various walks of life, the remains of the late Hon. Frank Cochrane, M. P. for Temiskaming, and former minister of railways and canals, were interred this afternoon in Mount Pleasant cemetery. The services at the graveside were conducted by the Rev. Dr. Aitken, of the Dominion Methodist church, Ottawa.

The honorary pall bearers included Sir Henry Drayton, minister of finance, Sir Wm. Hearst, premier of Ontario; Senator Lynch Staunton, N. T. Hillery, W. J. Bell and J. Strauch Johnston.

Weekly Agricultural Report

Weekly Report Agricultural Conditions in New Brunswick, as reported by District Representatives of Dept. of Agriculture.

Rapid advancement has been made in harvesting operations during the past ten days. Weather conditions have been much better. Quite a quantity of grain still remains uncut in some parts of the province. The buckwheat crop is good this year. On the marshes there is quite a quantity of hay to be cut yet. One man reports that never in the last thirty-five years has there been so much hay to harvest at this time of year.

Potatoes are being dug quite generally. The tops have been killed by frost in all parts of the province and they are ready to dig. Generally speaking, reports are of good average crop, with prices running from \$2.50 to \$3.00 per barrel at shipping points. Some late blight is reported, followed by rot, but this is by no means general throughout the province.

Under Livestock, reports indicate that lambs are being marketed quite freely just at present. Six carloads have been shipped co-operatively by the farmers of Restigouche and Gloucester counties. These have gone to Montreal; the price varying from \$11 to \$14 per cwt., with the market gradually falling. Other districts report lambs selling, alive, at from \$5.00 to \$8.00 each.

LARGE SEIZURE OF LIQUOR MADE

St. John, Sept. 24—The largest seizure of liquor which has been made in St. John since prohibition came into effect took place yesterday when three of the inspectors took possession of nearly seven barrels of various brands of whiskey and gin and also a five gallon can of pure alcohol. Packed in full sized standard barrels, only about two of which had been opened, the liquor was found in a cellar of a house in Brussels Street occupied by Charles Paddock.

The seizure was made by Sub-Inspectors Kerr, Merryfield and Linton, Chief Inspector Wilson yesterday calculated the stock seized as of the value of \$1,500 which he said was "a modest appraisal."

Re-Establishment Committee Meets

Ottawa, Sept. 25—At the opening of this morning's session of the special committee of the House on soldiers' civil re-establishment, E. Maber, secretary of the Soldier's Settlement Board, was questioned regarding costs of administration and the advances made to soldiers. By the end of this year it was expected that the total outlay for the department would be \$48,600,000 for loans and administration.

The estimate of \$150,000,000 required for 50,000 soldiers who were expected to take loans did not take into account the settlement of British ex-service men. Many enquiries from this class of men were being received. About two-thirds of the 4,218 soldiers taking up grants had also exercised their rights of taking up homesteads. Homestead lands, said Mr. Maber, are scarce and it has been the policy of the board to try and settle men near railways. In that case there were few homesteads available for entry.

Chairman Calder asked for a condensed statement on what the other overseas dominions were doing in regard to land settlement and this will be prepared for the committee.

In answer to Dr. Bland, Mr. Maber said he thought the returned soldier was treated more graciously by the board in the matter of loans than he would be by any loan company. He thought land values in the west would increase steadily for some time. Mr. Maber added that many men are applying for land in Eastern Canada, though the majority wish to farm in the west.

The matter of settling imperial service men on the land was receiving serious consideration, said Mr. Maber, but it was felt that the placing of Canadian soldiers was about all the board could carry. Mr. Maber did not expect any flooding of Canada by British veterans coming here to take up land on their own initiative. If a man had means and wished to farm in Canada there was nothing to stop him.

Dreaded Influenza

Medical Men Believe it will Again Visit Canada This Autumn and Winter

There is a widespread belief among medical men that the epidemic of influenza, or grippe, which swept over the world last year, will again appear in Canada during this autumn and coming winter. This dangerous trouble spares neither age nor sex, but it naturally finds its easiest victims among those who are run down in health, or those whose blood is weak and watery, and it is among the latter class in which the greatest number of fatalities occur. The surest way to prevent an attack of this dreaded trouble is to keep the blood rich and pure, and the safest and best way to do this is through the use of Dr. Williams' Pink Pills.

No reasonable precaution to avert an attack of influenza or a grippé should be spared. The disease itself is deadly, but its after-effects, among those who are spared, make the life of the victim one of constant misery. Ask almost any of those who have been attacked by influenza what their present condition of health is and most of them will answer: "Since I had the influenza I have never been fully well." This trouble leaves behind it a persistent weakness of the limbs, shortness of breath, bad digestion, palpitation of the heart, and a tired feeling after even slight exertion. This is due to the thin-blooded condition in which a grippé almost always leaves its victims after the fever and influenza have subsided. They are at the mercy of relapses and complications, often very serious. This condition will continue until the blood is built up again, and for the purpose of building up the blood and strengthening the nerves nothing can equal a fair treatment with Dr. Williams' Pink Pills make new, rich blood, which reaches every organ and nerve in the body. Thus the lingering germs are driven out and the weak, despondent victims of influenza are transformed into cheerful, healthy, happy men and women.

But better still, you can put your self in a condition to resist an attack of influenza by enriching the blood through the use of the Dr. Williams' Pink Pills, and this, it seems, is the sensible thing to do at once.

Dr. Williams' Pink Pills are sold by all dealers in medicine or will be sent by mail at 50 cents a box, or six boxes for \$2.50, by The Dr. Williams' Medicine Co., Brockville, Ont.

FAMILY EXPENSES. "Yes, it cost me ten thousand dollars to have my family-tree looked up, and five thousand dollars more to have it hushed up."—Life.

KING COLE TEA
KING COLE ORANGE PEKOE TEA

Held High in Public Esteem

WHETHER you are a user of KING COLE Orange Pekoe or KING COLE Indo-Ceylon Blend, you know that the quality has been consistently maintained. That alone explains the steadily increasing sales.

They are dependable teas.

Perfectly packed in bright lead foil and price marked on every package.

Anemics, Victims of Pulmonary Troubles, Convalescents the tonic you need is

LIGHTEN YOUR WASHDAY LABOR

Comfort and convenience count on washday, perhaps more than on any other day of the week. Anything that will lighten the work is doubly welcome then.

EDDY'S INDURATED FIBREWARE

Wash Tubs and Washboards

are labor lighteners. They save time and strength. Incidentally they cost no more.

Eddy's Fibre wash-tubs are easy to lift and easy to carry. They keep the water hot a long time because they do not radiate heat as galvanized iron or tin will do. They cannot leak, because they are made in one piece, without joint or seam. And the cost is actually less because they will outlast several of the old-fashioned kinds of wash-tubs.

Eddy's Twin Beaver Washboards save time by the special crimp which loosens the dirt easily. A washing surface on each side gives them double the efficiency of the ordinary washboard.

The E. B. EDDY CO. Limited
HULL, Canada
Makers of the Famous Eddy's Matches

When you buy matches look for the name "Eddy" on the box. A kind for every purpose.
