In a less enlightened age people fought to safeguard their valuables. Often they placed them in a strong box which they hid in some secret place, hoping to protect them.

Today the safety and security of steel vaults eliminate the danger of loss by fire or theft, and give peace of mind for the safety of valuable belongings.

Documents lying unprotected in your house or office demand the security of a Safety Deposit Box.

Senator Poirier's Dark Outlook

The Canadian parliament was not consulted and should have been consulted, on Canada's attitude to the League of Nations protocol, Senator Poirier, (Shediac N. B.) declared in the Senate. For lack of parliamentary endorsement, Premier King's despatch to Geneva lacked force, he said. Canada was drifting into a system of alliances similar to that which produced the great war. Isolation was now impossible and without the safeguard of the League of Nations, Canada might be committed to participation in future wars. The greatest danger lay, he said, on the Pacific, where a Russian-Japanese Chinese alliance would menace the peace of North America.

500 More Moose Killed This Year Than Last Year

There were 1,511 moose killed by hunters in New Brunswick, during the big game season of 1924, the largest number for the past seven years, according to the report of Chief Game Warden L. A. Gagnon, as contained in the sixty fourth annual report of the Crown Land Department, tabled in the Legislature.

This was an increase of 500 over the total for 1923, the number killed by resident hunters being 1,258, while the number killed by non-resident hunters was 253.

STRAW PULP PAPER NOW IN USE

London, March 18—For the first time in history a British morning newspaper came out this morning on straw pulp paper.

The Morning Post which this morning is issued on Devaines Process Paper says that it promises to revolutionize the paper making trade and that it will be a vast new world industry in which the Empire may be expected to profit materially.

The process in which the only chemicals used are common salt and lime has been tried out in French factories with astonishingly successful results and the experiments are to be continued in Canada where there is an abundance of straw after the threshing.

Big Winter Industry

There is every prospect, therefore if the process is successful of developing a great winter industry in the Dominion by the erection of mills capable of producing fifty tons of paper or more daily.

There is no difference in appearance in the Morning Post this morning, pictures come out clearly and the paper is not brittle and it is impossible for the average reader to detect any difference between the paper of today and that of yesterday. P. A. Gwynne the editor, has been the prime mover in the new experiment.

COUNTRY MARKET

The Fredericton Market Saturday morning was a large one, notwithstanding the storm prevailing. Maple honey and maple sugar made their first appearance this season. The honey sold at 60 cents per bottle and the sugar at 40 cents per pound. Prevailing prices were as follows:

Maple honey, per bottle 60 cents
Maple sugar, per pound 40 cents
Eggs, per dozen, 30 to 35 cents.
Butter, per pound, 35 cents.
Chickens, per pound, 35 cents.
Beef, per pound, 7 to 9 cents.
Pork, per pound, 13 to 15 cents.
Lamb, per pound 15 to 20 cents.
Veal, per pound 7 to 14 cents.
Potatoes, per barrel \$1.25
Turnips, per barrel, 70 cents.
Apples, per barrel \$3. to \$5.
Carrots, per barrel, \$2.50.
Hay, per ton, \$11 to \$13.
Wood, per load, \$7 to \$10.

Spring Weather Hard on Baby

The Canadian Spring weather—one day mild and bright; the next raw and blustery, is extremely hard on the baby. Conditions are such that the mother can not take the little one out for the fresh air so much to be desired. He is confined to the house which is often over-heated and badly ventilated. He catches cold; his little stomach and bowels become disordered and the mother soon has a sick baby to look after. To prevent this an occasional dose of Eaby's Own Tablets should be given. They regulate the stomach and bowels, thus preventing or relieving colds, simple fevers, colic or any other of the many minor ills of childhood. The Tablets are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

\$4,000,000 More in 1924 Than in 1923

Ottawa, March 17—The deficit on Canadian National Railways last year, including fixed charges, was approximately \$57,000,000, in comparison with \$52,779,350 in 1923. This is the conclusion drawn from a reply by Hon. G. P. Graham, Minister of Railways, to a question asked by Sir Henry Drayton in the House today.

A return published by the Bureau of Statistics a few days ago gave the 1924 operating income of Canadian National lines as \$11,589,794. This is exclusive of fixed charges.

Today Mr. Graham informed Sir Henry that 1924 fixed charges, "exclusive of the obligations of lines in the United States and of separately operated properties," would amount to \$68,730,216. If from this figure, is deducted the operating income, there is a deficit, including fixed charges, of \$57,040,421. Of 1924 fixed charges, however, \$31,271,043 is on debt to the Government; the remaining \$37,459,172 being on debt to the public.

During 1924, added Mr. Graham \$118,165,686 was added to the debt on the Canadian National Railways. Of this amount \$90,020,526 was added to the debt due the public.

Fixed charges on Canadian National lines in 1923 were \$66,144,226. Operating income in 1923 was \$13,239,091.

It is expected that the Minister of Railways will submit his annual statement to the House before Easter.

Here and There

That Hollanders who have located in Alberta are making good and are satisfied is the statement of Baron W. Van Heeckeren, of Rotterdam, after a recent tour of investigation.

The forming of a mining bureau as a branch of its activities is announced by the Winnipeg Board of Trade. The bureau is to collect data on the mining situation in the province and will do everything possible to foster greater mineral production in Manitoba.

Tourist traffic in Canada this year is likely to constitute a new record, in the opinion of the Commissioner of Parks. No estimate has been compiled as yet but the figures for 1923, which were carefully estimated at \$136,000,000, indicate the value of this traffic to the Dominion.

Up to the end of October, 1924, more than 1,000 circulating libraries were in operation in Saskatchewan, as compared with about 800 at the same time in 1923. The average number of families reading each book is 17. More than half a million volumes were circulated by these libraries during the year.

A huge wooden, tar-paper lined shell erected over the space provided for the structure and heated by thousands of feet of steam coils connected with 380-horse power boilers, which provide a summer-like atmosphere for the carrying on of construction, is an interesting and novel feature of the arrangements made to combat the difficulty of building the new wing of the Chateau Lake Louise, the Canadian Pacific Railway's famous Rocky Mountain hotel, under winter conditions. Thanks to this innovation, the wing, despite frequent drops in temperature to far below zero, is progressing excellently and the company expects it to be ready for next summer's tourist season.

Sweeping changes in the Canadian Pacific Railway's service of great benefit to the communities concerned are scheduled for January 11. They include revision of the timetable of the Vancouver express (Toronto-Vancouver), to reach Fort William and Port Arthur between 10 and 11 p.m., instead of 2 and 3 a.m., and Winnipeg at 10 a.m., instead of 2.30 p.m., as heretofore. The new times are more convenient to the Twin Cities than the old and a half-day is gained for business in Winnipeg. Regina is to be reached by the same train at 11 p.m. instead of 1.20 a.m., and Moose Jaw at midnight instead of 2.45 a.m., Regina-Saskatoon connections being thus radically improved, while arrival at Calgary at 4 p.m. enables Edmonton to be reached that evening. Vancouver is reached at 7 p.m. instead of 9.30 p.m. as previously. The Toronto Express (Vancouver-Toronto) reaches Winnipeg more conveniently, while arrival at Toronto at 8.40 a.m. will make possible connections with early morning trains for Ontario points and with day trains for American cities, thus saving more time. Gains on other trains between Montreal, Ottawa, Toronto, Chicago and Winnipeg are also scheduled. These arrangements follow the cancellation of the recently inaugurated train between Winnipeg, Montreal and Toronto, which is to come off January 10.

FIRST DAY OF SPRING

Saturday was the first day of spring and was a beautiful one. The breath of spring was in the air and if the beginning is any indication of what the remainder of this

TIRED OUT ALL THE TIME

Nerves Gave Little Rest

Relieved by Lydia E. Pinkham's Vegetable Compound

Harrowsmith, Ontario.—"I took your medicine before my baby was born and it was a great help to me as I was very poorly until I started to take it. I just felt as though I was tired out all the time and would take weak, fainting spells. My nerves would bother me until I could get little rest, day or night. I was told by a friend to take Lydia E. Pinkham's Vegetable Compound, and I only took a few bottles and it helped me wonderfully. I would recommend it to any woman. I am doing what I can to publish this good medicine. I lend that little book you sent me to any one I can help. You can with the greatest of pleasure use my name in regard to the Vegetable Compound if it will serve to help others."

—MRS. HARVEY MILLIGAN, R. R. No. 2, Harrowsmith, Ontario.

Apply Minard's every day and rub it in well with the finger tips. It penetrates and heals. Removes inflammation.

A remedy for every pain.

MINARD'S "KING OF PAIN" LINIMENT

To dress any Cut, Bruise, Burn, Scald, or Scratch with Zam-Buk means that pain is soothed away—that injured skin is instantly protected against poisonous germs—that natural healing is hastened. Even wounds that have taken "bad ways," and obstinate cases of Eczema, Psoriasis, Ulcers, Ringworm and Piles, are all successfully treated by this wonderful herbal balm.

Splendid For SKIN TROUBLES

"Eczema All Over Arms Suffered for 12 Years"

Mrs. Murray Hough, Warton, Ont., writes:

"I had eczema for twelve years. Every once in a while it would break out and spread all over my arms. I tried all kinds of treatments to relieve it, but without success. One Spring it broke out and nothing gave me relief, even the salve I got from the doctor did no good. At last I tried Dr. Chase's Ointment and it healed the eczema in a short time. That is over a year ago, and I have had no return of the trouble."
