LONDON, March 13.

King George may now be seen daily in Rotten Row cantering with his equerries. He needs the bracing effect of exercise, for he is overwhelmed with the details of the various ceremonial incidents to what must be the busiest year of his reign. The precedents of the last Coronation will be followed closely, except in minor points, such as the substitution of girls for boys as the Queen's train-bearers, but a series of questions has been raised concerning the ceremonial in India must not be treated as a re-crowning of the King, who will have already been consecrated at Westminster, but as a separate crowning as Emperor of India.

The Duke of Connaught, who is the King's military adviser, has de-

clined never to accept another military command. He may become Viceroy of India after serving a two years term at Ottawa.

**POLICE KEPT BUSY.**—The police were kept pretty busy Saturday night and arrested 12 prisoners, 9 of whom were ordinary drunks. One was drunk in charge of a horse, another was arrested under warrant for non-support of his wife, and still another was placed in the cells for disorderly conduct in a saloon.

**OLD CITIZEN ILL.**—Mr. Nicholas Wadden, of New Gower Street, who is possibly the oldest of our citizens, being in his 96th year, has been very ill the past few days and fears are entertained for his recovery. Senile decay has been evident for some time past. Dr. Campbell is attending Mr. Wadden, who for the better part of his long life always enjoyed the best of health.

Each tablet of Father Morrissey's "No. 11" Prescription will digest 1 1/4 pounds of food. This means that though you are a martyr to Indigestion or Dyspepsia, you can eat a good meal and digest it, too, if you take a "No. 11" tablet afterward.

With the aid of Father Morrissey's "No. 11" sick, sour, dyspeptic stomachs quickly recover.

### At R. C. Cathedral.

His Grace Archbishop Howley, who returned from Canada by the S. S. Rosalind, last Saturday evening, occupied the pulpit at the Cathedral last night.

His Grace who, by the way, is looking well after his trip, preached an instructive sermon on the Lenten season. The gospel read at all the Masses yesterday, St. Matt. 17 chap. 1st to 5th verse inclusive, relating to the Transfiguration of our Divine Lord on Mount Thabor. His Grace explained why the Church has selected the 17th chap. of St. Matt. for the liturgy of the second Sunday of Lent. The explanation will be found in verse 21 wherein Our Divine Lord said: "This kind goeth not out but by prayer and fasting." The fast was not so vigorous now as in the early days of Christianity. The Church was a benign Mother and regulated the Lenten fast to suit the weakness of men, as in the early days of the Church conditions were different, and the people living in cold climates, and sickness been prevalent in the cold winter season were circumstances that the Church took into consideration and as a result the fasting regulations were mitigated.

His Grace exhorted the congregation to compensate for this as much as possible by giving alms, attending the Church services and having daily evening prayers in the homes, and above all by preparing for a worthy reception of the Sacraments of Penance and Holy Eucharist before the Lenten season expired.

### The Fast Suspended.

Yesterday it was announced at the Masses in St. Patrick's Church and the R. C. Cathedral that by a special indulgence of the Holy See the use of flesh would be permitted on Friday, St. Patrick's Day. Owing to the severity of the weather and the sickness prevailing in the city, by a special dispensation of His Grace the Archbishop the Lenten fast for the rest of the season has been remitted, though of course those who wish to fast can do so and obtain the spiritual benefits which such self denial must bring. The faithful were exhorted to perform the acts of devotion which are inseparable from the Lenten season.

**METHODIST COLLEGE HALL.**—An excellent programme is being prepared for the performance in the Methodist College Hall on aid of the Convalescent Home St. Patrick's night.

### Pleasant Sunday.

Capt. A. Kean spoke on "Changes, Ancient and Modern" at the P. S. A. meeting yesterday. Quite a number of seafarers attended the meeting. The speaker went back to the days of the Creation and showed that down through the ages God had changed the laws to meet the changing conditions of the people. He told about the flood, the Creator's repentance that he had made man and the subsequent covenant with Noah that he would not destroy the world by a flood. Here was an illustration that God changes His will. We need only point to the old law of "an eye for an eye and a tooth for a tooth" as compared with the Sermon on the Mount. Capt. Kean spoke of the controversy about the Sabbath Day and showed that it was impossible to fix the Sabbath at any particular day. In olden times the man who desecrated the Sabbath was stoned to death. To-day such a thing would be a crime. He showed that the spirit of the law never changed, but the letter of the law did as the changes in times demanded. From spiritual matters Capt. Kean came down to mundane and referring to their many changes in the arts and sciences showed that man was only an instrument in the hands of God. The lecture was listened to with deep attention. Mr. T. Courtney sang "I gave my life for thee." As it was the last meeting at which Mr. Ray will preside, he took occasion to say goodbye. Rev. J. Thackeray presented him with a handsome pair of military brushes as a token of esteem in which he was held by the members.

### Salvation Army Notes.

Very large crowds attended all the services at the Citadel yesterday, while a night many were not able to gain admission owing to the great crowd, who were interested from start to finish. The day closed amid great rejoicing because of the eleven seekers who sought mercy at the hands of God. Public services every night this week except Wednesday. The young people of the Citadel are arranging a special programme for Tuesday, March 21st, in the interest of their work. Commissioner Rees, recently appointed to Canada and Newfoundland, is expected to visit St. John's on the 1st, 2nd and 3rd of April.

By special request of public, a Lecture will be given in the Theatre of the Star of the Sea Hall, on Tuesday, by Rev. Fr. O'Callaghan, on next Tuesday evening, the 14th, at 8.30. Admission, 20 cents; no tickets; all pay at the doors.—mar11,21

### Clearing the Belt Line.

The Reid Nfld. Co. Saturday had a large number of men engaged opening up the street railway tracks over the trunk line. Mr. Henderson had charge of the work and pretty nearly the whole line was cleared, but the tracks in several places became covered with water, which froze yesterday and again covered the tracks with ice, which must be cleared again today. Yesterday the cars ran east up to Military Road.

### Wedding Bells.

On Thursday evening, at 7.30, a very pretty wedding was solemnized at George St. Church by the Rev. Mr. Bartlett, when Miss Priscilla Parry was united in matrimony to Mr. Edwin Chesley Chard, both of Bonavista. The bride was charmingly attired in cream tulle. The bridesmaids, Misses Brown and Tizzard, wore white silk mousseline and black picture hats. The groomsmen were Messrs. Sexton and Hayter. The happy couple left on Sunday's express for their home in Montreal.

### When Sleep Fails You

**DR. CHASE'S NERVE FOOD** will bring rest, comfort and vitality by building up the nerves.  
Mr. Jas. Wesley Weaver, a veteran of the Penian Raid, Port Dalhousie, Ont., writes:—"For years I was afflicted with nervous and dread insomnia, so that I never knew for three years what a full hour's sleep was, never more than dozing for a few minutes at a time. Heart pain and headaches almost drove me wild. I had spells of weakness and cramps in stomach and limbs.  
"Though I tried several doctors, it was money uselessly spent. Finally Dr. Chase's Nerve Food was brought to me and eight boxes cured me. It is simply wonderful what benefit I have obtained from this treatment."  
Sleeplessness and headaches are warnings of approaching nervous collapse. You can positively remove these symptoms and prevent prostration or paralysis by the use of Dr. Chase's Nerve Food. 50 cents a box, 6 for \$2.50, at all dealers or Edman Bros. & Co., Toronto. Write for free copy of Dr. Chase's Recipe.

### Had Good Time.

Wood's West End Restaurant, on Saturday night, was the scene of a very pleasant reunion when the visiting Nova Scotia hockey team and the City Hockeyists were given an impromptu supper by a number of Canadian gentlemen now in the city. Mr. F. B. Wood acted as chairman, and after a recherche menu was discussed a very enjoyable time was spent in discussing the following toast list. Excellent speeches were made and were interspersed with songs by Messrs. O'Neill Farrell, Crosley and others. The toasts were:—"The King"—Prop. Chairman.—"The Visiting Team"—Prop. Mr. W. J. Higgins; Resp. Mr. J. W. Regan.—"The City Team"—Prop. Mr. L. Shaw; Resp. Mr. G. Herder.—"The Referee"—Prop. Mr. J. W. Regan; Resp. Mr. W. J. Higgins.—"The Hosts"—Prop. Mr. J. W. McGrath; Resp. Mr. F. B. Wood.

### Harbor Grace Notes.

Mr. A. Abraham, one of the staff of the D. U. States cable company, leaves by this afternoon's train for Halifax, where he will be attached to the staff of the same company. Since coming here Mr. A. has made many friends who regret to have him leave.

Mr. and Mrs. John T. McRae returned by Thursday's train from their honeymoon trip, part of which was spent in St. John's.

Mrs. J. D. Munn was apprised by wire yesterday of the illness of her father, George Makinson, Esq., of Cochrandale. Mr. and Mrs. Munn and the Misses Makinson, grand-daughters of Mr. Makinson, went up yesterday afternoon to visit him. Mr. Makinson is over 80 years of age, and his many friends hope soon to hear of his recovery, and trust he may be spared many years yet.

Another large contingent of horses and slides are up from the North Shore to-day for coal, and the prospects at present are that we may have a coal famine ere long. Fortunately, Old Sol is getting the upper hand of Jack Frost, so a little shortage of coal will not prove as disastrous as it would in mid-winter.

Much regret was expressed in town this morning when it was learned that the genial, whole-souled E. H. Davey of St. John's, had crossed the border and joined the "Great Beyond." All who had the pleasure of Mr. Davey's acquaintance were his admirers, and join in their expressions of sympathy to his surviving relatives.

### Honoring the Dead.

The pew that the late Capt. John Jacobs used to occupy at George St. Church was draped yesterday in black. The preacher, Rev. J. W. Bartlett, referred in touching terms to the deceased and the sudden manner of his taking off, and that George St. lost a very active member. The organ played the Dead March while the congregation stood.

### Arrived at Placentia.

The S. S. Morien, from Louisburg, with 1,100 tons coal left the Reid Nfld. Co., arrived at Placentia yesterday after a run of 5 days. She left on the 7th inst. and had a deal of heavy ice to contend with so that she had to run away south of Sable Island to escape it, but only did so when within 70 miles of Placentia Bay.

### Pertinent Hints.

To-night, ice permitting, the final hockey match between the visitors and our boys will be played. I beg to offer a few suggestions:—  
1. Have the dressing room at least fairly clean.  
2. Use sanitary or some other disinfectant about the waiting room and entrance.  
3. See that the lights are looked to and properly fixed before the match begins.  
4. As no smoking is allowed, is it not a bad example for the manager to come on the ice smoking a pipe?  
5. Pay a little attention to the ice and endeavor to have it in as good condition as possible.  
6. Don't let the weather, if mild, have full scope, but show some common sense in helping to keep the ice from thawing.  
7. Have the entrance to rink and the steps in such condition that a stranger can get in without risk of breaking a limb.  
Yours,  
SHARDBOLDER.

New York, Feb. 22.—The steamship Korona on its arrival from Barbadoes, had on board Mrs. Helena Soloff, the wealthy Russian woman, thirty-seven years of age, who was deported on that same steamer the latter part of January. When the vessel arrived at Barbadoes, the officials there, on hearing of her de-

### Another White Hope.

Muskogee, Ok., Feb. 23.—Con. Comiskey, Chicago's "white hope," tonight knocked out Jack Burns, of Cripple Creek, in the third round of a scheduled 15-round bout before the Empire A. C. It was an even break for the first round, both men fighting hard from the start. Coming up for the second, a hard right to the jaw put Burns groggy and he was on his knees once. There was considerable fighting and many heavy body blows were exchanged. Burns came

## BANK OF NOVA SCOTIA.

INCORPORATED, 1832.

### Information for Depositors.

The following certificate is attached to the 79th Annual Statement, published January 16th, 1911:

We have examined the books and accounts of the Bank of Nova Scotia at its Head Office, Halifax, at the General Manager's Office, Toronto, and at seven of the principal branches, and we have been duly furnished with certified returns from the remaining branches and with all information and explanations required by us. The Bank's investments and the other securities and cash on hand at the branches visited have been verified by us and they are in accordance with the books; and we certify that we have examined the foregoing general statement and that in our opinion it is properly drawn up so as to exhibit a true and correct view of the Bank's affairs as at 31st December, 1910.

Unless there is some compromise between the State Department and the Russian and British Governments, she will have to spend the rest of her life travelling the seas at the expense of the Lamport & Holt Line, which brought her to this country some three months ago, as her deportation seems to have made her a woman without a country.

A verdict of £500 damages has been returned by a Dublin jury in favor of William Whelan, bootmaker, of Portlanna, who sued the Galway County Council for injuries sustained by reason of a fall over a head of mud. Plaintiff's case was that about eleven o'clock one night in September last, on his way from the local temperance hall, he walked into the obstruction, which, it was claimed, had been left negligently on the roadway. As a result of the fall he received permanent injuries.
