

PUBLIC NOTICE!

The following cable has been received by His Excellency the Governor from the Right Honourable the Secretary of State for the Colonies:

"Government of Italy desire to purchase quantity of dry salted codfish for Italian Army. Telegraph as soon as possible what quantity is available for purchase in Newfoundland and approximate prices and date for delivery. Matter urgent."

BONAR LAW.

Parties having dry salted codfish for sale are requested to notify the undersigned before Saturday next, November 4th, at 5 o'clock p.m., stating the quantity they are prepared to sell, the quality, the price, and when the same can be delivered in Italy.

A. W. PICCOT,

Minister of Marine & Fisheries.

FRIDAY, Nov. 3rd, 1916.

Bell Island Mines.

It has been freely rumored for some time that the great iron mines on Bell Island are about to be sold, or are at least under option, to the United States Steel Co.; and while rumors are nothing more they have sometimes a way of becoming cold and uncomplimentary fact. We are moved to wonder whether the Government have considered what may be the result if that should happen in this case. By force of necessity, the Government have considered what may be the result if that should happen in this case. By force of necessity, the Government have considered what may be the result if that should happen in this case.

and one which nets more than four thousand prisoners is not a slight one. The attack seems to have come at once upon the cessation of the bad weather conditions, which have evidently been utilized by the Italians for extensive preparations. These sudden and effective thrusts are becoming characteristic of the Italians or of their brilliant leader, and, invariably successful, they are opening the way step by step to Trieste and the even more important places north of it.

More interesting to us, however, is the announcement that Italy wishes to purchase our dried fish for her army. In this she is following the precedent of Great Britain, who, ignoring us for some reason best known to herself, has placed very large orders (half a million pounds a week, we understand) for Canadian fish. The offer should, and we know will, be well received and accepted here. This new market—new at least in its nature—not alone should bring much profit to the island but may lead to the discovery of new methods of treating and putting up our staple product. This in turn might lead to its introduction into markets to which it has not hitherto found access and to a considerable extension of our trade. This is but natural, and it is somewhat surprising that the great scarcity of foodstuffs in most everywhere has had no other effect upon our fish exports than an increased price of the old article handled and sold in the old way. A real opportunity is here offered for improvement and advancement, and we trust it will be firmly grasped.

Reids' Boats.

The Argyle left Placentia at 10.45 a.m. yesterday.

The Clyde left Lewisport at 7.45 a.m.

The Dundee left Musgrave Harbor at 5.30 p.m. yesterday, outward.

The Ethel left Lark's Harbor at 10.30 a.m. going north.

The Glencoe arrived at Placentia at 6.15 a.m.

The Home left Pilley's Island at 3.30 p.m. yesterday, outward.

The Kyle reached Port aux Basques this morning.

The Meigle left Port aux Basques at 9.10 p.m. yesterday.

The Sagona has not been reported since leaving Fishing-ship Harbor.

The Neptune left Holton yesterday.

Here and There.

Turkeys, Ducks and Chicken at ELLIS.

WEATHER REPORT.—The weather across country is calm and dull, snowing in places, temperature 37 to 50 above.

There will be no practice for Gower Street Choir to-night.

nov3,11

Our Fish for Italy.

There is news from Italy to-day which on general and on purely local grounds is distinctly good. Another blow of considerable force has been struck on the Carso front by General Cadorna, the success of which may be gathered from the number of prisoners and guns taken and from the high praise of the London "Times." Under the modern conditions of trench fighting and extended deadlocks we have a chance to measure victories by this standard.

Received November 3rd.
(Previously Reported.)

1138—Private Uriah G. Bursay, Caplin Cove, B.D.V., 1st Canadian General Hospital, Etaples, Oct. 15. Now at Wandsworth, gunshot wound in head.

J. R. BENNETT,
Colonial Secretary.

Superintendent Grimes

Veteran Police Officer, Decorated With Commission of J. P. To-day by Judge Morris.

When the Central District Court opened this morning, Mr. F. J. Morris, K.C., J.P., who presided, made a brief address, intimating that it was his pleasant duty to announce the fact that His Excellency the Governor had been pleased to grant to Superintendent William Grimes a Commission of the Peace for Newfoundland. He said he was sure all were pleased to learn that this honour had been conferred on Mr. Grimes. He (the Judge) remembered when the Superintendent was a private in the Constabulary, he himself being a schoolboy attending college at St. Bonaventure's, and that on several occasions in his schoolboy days it called for all his ingenuity to escape the Superintendent's eye. Supt. Grimes has been some 44 years in the police force, and during that period of service proved himself a most efficient officer. The Superintendent's new Commission was then personally handed him by the Judge. Mr. L. E. Emerson, on behalf of the Bar, congratulated Supt. Grimes on his appointment and hoped that should misfortune befall him it would be his good fortune to come before the Superintendent in his capacity as Justice of the Peace.

McMurdo's Store News

FRIDAY, Nov. 3, 1916.

We announce to-day the arrival of a line of Tooth Paste which has been to seek for the last couple of years. Pebecco Tooth Paste was an enemy preparation, but was certainly a good and effective dentifrice and it had been under the Weibach gas mantle. The light has a peculiarly "soft" quality, difficult to describe, but which is readily recognized by those who have had experience with the gas mantle lamp.

Other new arrivals include McCarthy's Corn Cure, 25c.; Cream of Sage and Sulphur, 50c.; Palatable Sweet Castor Oil, 25c.; and McMurdo's Corn and Wart Pencils, 20c.

Returning Soldiers.

His Excellency the Governor has received a cablegram from Capt. Time-well, Record Office, London, to the effect that the following men are proceeding to Newfoundland for discharge:

537—Private Jonathan Brett, Fogo, 1795—Private Jesse Chislett, Cavendish, T.B.

Train Notes.

Wednesday's mail and freight reached Port aux Basques early this morning.

The incoming express left Port aux Basques shortly after the arrival of the Kyle this morning.

The local train from Bonaventure reached the city shortly after noon to-day.

Here and There.

The Wren left Clarendville at 4.50 a.m. to-day.

Overbaked potatoes, placed in a cloth and squeezed hard, can be mixed with flour or barley meal, and made into scones. They should be toasted, and eaten with butter.

PROMINENT MASON—Joseph Star-ker Pitt, who we referred to yesterday, was a prominent member of the Masonic fraternity. He was 49 years old and a native of Barbados. His funeral will take place to-morrow afternoon at 2.30. Interment will be at the C. E. Cemetery.

The Annual Sale of Work under the direction of the Congregational Ladies' Aid Society will take place on Wednesday, 22nd inst. Keep the date open.

nov3,21

LUCANIA ARRIVED SAFE AT PLYMOUTH.—Relatives and friends of those on board the auxiliary schr. Lucania, Capt. Ambrose Norris, will be glad to hear of her safe arrival at Plymouth this morning. The ship loaded fish at Blanc Sablon about 35 days ago for the European market. Leaving there she proceeded to Conche, French Shore, to take on three members of her crew and was detained at that port four days owing to head winds. As the ship would have to pass through the war zone, and the voyage, which lasted 30 days from the last named port, was long past the average run, relatives of those on board were somewhat anxious for their safety.

If one wishes to cool a hot dish in a hurry it will be found that if the dish be placed in a vessel full of water to which a handful of salt has been added it will cool very rapidly.

MINARD'S LINIMENT CURES Diphtheria.

WOUNDED WITH CANADIANS.—The following names of Newfoundlanders are contained in Canadian Casualty lists just published:—M. O'Dea, A. Adrewac, H. Adams and S. Harris.

G. KNOWLING'S SHOWROOMS.

Ladies' NEW FURS.

The Furs just received now make our Stock one of THE BEST
SELECTED and ASSORTED, with all the LATEST
and MOST APPROVED MODELS in

FUR NECKLETS, TIES, THROWOVERS, MUFFS, SETTS, etc.

Seal Necklets, \$2.20, \$3.25, \$4 up to \$10.00

Muskrat Necklets, \$3.60 - - up to \$8.70

Martin Necklets, \$3.70, \$4.50, \$5, \$8, up to \$20.00

Black Wolf Necklets, \$8.00 - - up to \$11.00

in Imitation Stone Martin and White Hare.

The quantities are limited and Value very special.

See our New Flowers, Feathers and Hats.

G. KNOWLING'S Show-Rooms.

Incandescent Gas Lighting.

Possibly, the feature of incandescent gas lighting is most frequently noted by casual observers is the great ease with which tasks, ordinarily arduous under artificial light may be performed under the Weibach gas mantle. The light has a peculiarly "soft" quality, difficult to describe, but which is readily recognized by those who have had experience with the gas mantle lamp.

In its general effect upon bodily health and comfort, the use of incandescent gas lighting is decidedly favorable. The currents of air set up by the burning gas improves ventilation, tending to expel the stale air, and respiration and draw in fresh air to replace it. Harmful or dangerous disease germs are instantly destroyed in the flame. The extent to which this effect takes place may be verified by placing a gas lamp close to a ceiling without any provision for interfering with the up-rushing air currents. The charred particles which collect immediately above the lamp are the remains of dust particles which before passing through the flames were laden with germs and microbes. Actual experiments have shown that the burning of gas lamps in rooms previously containing bacteria resulted in absolute sterilization of the air.

Contrary to the popular notion the temperature of rooms lighted by incandescent gas lamps is seldom markedly greater than under incandescent electric light, even under unfavorable conditions of ventilation, while in rooms provided with the ventilating facilities required by the demands of hygiene, the temperature in gas-lighted rooms is frequently lower.

The Premier's Lecture at the Llewellyn Club.

The opening of Llewellyn Club for this season took place last night in Canon Wood Hall. A large number of members of the Club and their friends were present to hear an Address by the Rt. Hon. Sir E. P. Morris on the great war and Newfoundland's part in it. Commencing from the date in May when he left Newfoundland until his return in October, Sir Edward practically told of his each day's work on the other side in the interest of the Regiment, and of all that he had seen of that wonderful "Organization" in each and every part which is slowly but surely crushing the life out of the German nation.

His description of the bloody battlefields of France, where so many of Newfoundlanders brave sons sleep their last sleep, was so vivid that one could almost imagine the horror of it all as it indeed it were before one. In graphic words he told of all that he had seen and heard of "Our Boys" and of the part taken by them in that never to be forgotten July 1st, and read tributes to their worth from Generals Haig and Cawley, also from the President and Premier of the French Republic. He also told of his having lunch with His Majesty the King and of the wonderful knowledge of Newfoundland and its affairs which His Majesty possessed and particularly of the Newfoundland Regiment.

His story of Wandsworth Hospital where so many of "Our Boys" were treated was listened to with grateful hearts and the work of the ladies and gentlemen of the Newfoundland War Association in visiting and caring for our hero's at this and other Hospitals will never be forgotten by a grateful Newfoundland.

The Address was indeed interesting from start to finish and when the vote of thanks, proposed by C. E. Hunt and seconded by A. G. Carnell, was put by the Rector, who was Chairman of the meeting, the applause was deafening.

During the evening songs were rendered by Rev. W. H. Thomas, Messrs. H. Courtney, C. J. Fox and F. Seymour which added much to the enjoyment of the evening. Messrs. Stirling and Christian acted as accompanists.

Following the Concert at the invitation of the Rector, Sir Edward told some humorous stories which were greatly enjoyed. The singing of the National Anthem concluded the meeting after which refreshments were served to all those present.

Do not miss Mrs. Gosling's Play and Concert in aid of the "Soldiers and Sailors' Club" on Wednesday, Nov. 8th, at 8 p.m., in Canon Wood Hall. Tickets 50 cents. For sale by Messrs. Gray & Goodland or the members of the Ladies' Committee.

If Strength Declines As Age Advances Follow This Suggestion.

So many women grow older before their time, perhaps your wife or sister. A little while ago, buoyant, full of vigor and activity—she enjoyed life and imparted pleasure to the whole family; but now in a few short years she has faded and lost color and strength. She is just ready to develop some disease that will further weaken and debilitate. You remember how it began failure of appetite, tired in the morning, found housework burdensome, always nervous and a little irritable. It's a shame to let her go down hill further when you can build her up so quickly with Ferrozone. The change this nourishing tonic makes in a weak woman is surprising. It gives great zest for food, increases appetite and digestion enormously. The blood gets richer and stronger and adds new life to every organ in the body. A rebuilding process works through the entire system. The first week will show an improvement, and a month or two will fatten up the thinnest, most run-down woman you can think of. Take Ferrozone for lost color, for nervousness, for weakness—use it when run-down and feeling poorly—it will do you more lasting good, keep you in better health than anything else. Just as good for men and children, too, because Ferrozone is harmless and safe. 50c. per box or six for \$2.50, at all dealers, or direct by mail from the Catarhzone Co., Kingston, Ont.
