How a Newfoundland Victory Loan

WILL HELP WIN THE WAR!

This War can only be won by the combination of men and money, co-ordinated into an invincible organization by the patriotism of all the people. The most devoted, patriotic army cannot fight without the support of those things which money alone can buy. Money is the coupling-pin, the vital link between Newfoundland's fighting men and victory. We have sent overseas thousands of our best and bravest to stand between us and the enemy in defence of all that we hold dear, and to wipe out the tyranny and oppression which German militarism represents. But these soldiers are of no value unless they are clothed, fed, equipped and fully prepared to meet the enemy that has been massing its material and military forces for the past forty years in preparation for this great conflict. No matter how brave our soldiers may be, they cannot contend against the enemy unless they are fully and completely equipped, and arms, equipment, etc., cannot be obtained without money.

Hitherto we have been able to raise our Loans either in England or the United States, but these distant shores have all they can do to attend to their own requirements in this respect, so we are compelled to follow their example and look to our own people to carry on the great effort which is now being made to keep up our end of the plank in the present war. This is the reason why every class of the community should invest in this Victory Loan. It is our duty as citizens, and Newfoundland does not fall behind in this great struggle. So we must put our money into this Loan to show our confidence in our country, and in our people. The security is absolutely the best that can be obtained. It is represented by the revenues and resources, and the people of the country itself. Every industry in the country, every farm, mill, manufacturing industry, and all the resources of the land constitute the security for this investment. The interest rate of 6 1/2 per cent. is a phenomenal one in the history of local finance, so it is up to all to take advantage of this present offer, and not alone add in making the Loan a great success, but also ensure that they will benefit themselves by the large income which they will derive from the high percentage rate of interest.

Your Bond is Money

When you change silver for a Bank Note, you have a Bank Note which you can readily exchange again for money. When you purchase a Victory Bond you purchase a "Promise to Pay" the face value of the same from your Government. The difference between the Bank Note and the Bond is just this. Attached to the Bond are little coupons, which you can bring to the Bank half-yearly and get in exchange an amount which represents the interest on your Bond at 6 1/2 per cent. These coupons might be called Government cheques, because as each half-yearly period expires, you can cash the coupon at the Bank. If you keep a Bank Note in your pocket, or in your house, it brings you no interest. It is simply lying idle. If you keep your fishing boat lying up all the summer, it will earn you no money. But if you use your boat in the fishery, you will make money. That's what happens when you take your money which is lying idle and buy a Bond. It immediately starts to work for you, and brings you your interest regularly, without any deduction for Income Tax. With your first half year's interest, you get A FULL EXTRA MONTH'S INTEREST FOR NOTHING. When you draw out your money at the end of the ten years, it will probably have increased in value also. The most shrewd financiers are investing millions of dollars in Bonds of this nature, because they know their value. They know their money is absolutely safe, backed by the guarantee of their country. Banks, business corporations, trusts, professional

men and others prominent in all walks of life are buying Bonds at every available opportunity. Don't let any one get ahead of you in this instance. Be in on it yourself. Get your application in to-day. Do it now. Don't put off till to-morrow the Bond you can buy to-day. Help yourself. Help your country. Help our soldiers. And help trim the Kaiser.

Another Cove Hero.

R.N.R. Arthur Somerton, who was recently awarded the D. C. M. for conspicuous gallantry, is a native of Portugal Cove and not of Bell Island, as described in the official notification. Though previous to enlisting he resided at Main Street, Bell Island, he was born and lived the greater part of his life at Portugal Cove, and in order to give credit to the historic little settlement that has responded so nobly to the call of Empire, we have been asked to make this correction. We are further informed that throughout the whole parish there is not a young man from seventeen years upwards who has not offered for the Regiment or Navy, and did so long before Selective Conscription became law.

Last Nights Lecture.

Corporal Moyle Stick repeated his lecture "A Year's Captivity in the Hands of the Hun," to a very large audience in the College Hall last night. The function opened with a concert in which Mrs. G. W. B. Ayre, Mr. C. Trappell, Mr. Gordon Christian, Miss Curtis and Miss Elsie Tait took part. Hon. R. K. Bishop, who presided, introduced briefly Corporal Stick and for two hours the theme of the lecture held the closest attention of the large body of auditors. At the conclusion a vote of thanks proposed by Mr. R. F. Horwood was seconded by Mr. R. F. Horwood, and accorded by the speaker. The lecture which was given under the auspices of the Girls' Guild proved a complete financial success, and a portion of the proceeds will be given as a donation to the Red Cross Fund.

Child's Narrow Escape.

While playing at the foot of an old lane leading from Water St. to the river, just east of Brown's Bridge, a little chap named Maddigan, about five years of age, fell over the retaining wall into the river, a distance of about seven feet. The child's screams attracted the attention of a lad named Reedy, of the Postal Telegraphs, who was passing at the time who lowering himself down on the retaining wall held the little fellow above water till assistance came. This lane, besides being dangerous, is an unsightly spot and as it is of no value to the pedestrian we would suggest that the Council close it up.

Rescued Fishermen.

The following messages have been handed this paper by courtesy of H. W. LeMessurier, Esq., C.M.G., Deputy Minister of Customs:—

"The 'Caribou Hill' arrived at Harbor Grace yesterday bringing two French fishermen picked up 30 miles south St. Pierre, they had been adrift from their vessel for four days."

"A man named Fred James, belonging to the Gloucester schooner Kineo, who was adrift from his vessel has arrived at Burgeo."

Wedding Bells.

TAVERNER-YOUNG. The wedding of Miss Belle Young, daughter of Mr. Fred Young, of Belle Johnson's, and Mr. Harold Taverner, of the Ashland Co. Sheridan, Maine, took place in the parlour of Danforth Hall, Danforth, Maine, U. S. A., at 4 o'clock on the afternoon of June 12th. The ceremony was performed by the Rev. G. R. Presser, of the Methodist Episcopal Church. The bride and groom were unattended. The happy couple left on their honeymoon for the following morning visiting Boston, New York and other centres. The bride is a native of St. John's and before leaving here was in the employ of the Martin Hardware store.

Here and There.

ON LEAVE.—Upwards of 75 soldiers left by yesterday's train on a brief visit to their homes along the railway.

AWARDED CERTIFICATES.—Messrs. D. Clarke, R. Watts and S. Taylor, pupils of Mr. P. J. Doyle's Navigation School, have been awarded certificates in connection with the St. John Ambulance Association.

NO WORD OF MISSING CREW.—No particulars as to the fate of the crew of the schooner Cecil Shaw, which was torpedoed on May 24th, has been received, and the consensus of opinion is that they have been foully dealt with.

Hr. Grace Notes.

Trampmen had a very good sign of codfish in their traps this morning.

Miss Maggie Gorman and Miss Louise Yetman left on Thursday last for Everett on a few months' visit. Miss Gorman has been in the Central Telephone Office here since the opening, and all her many friends will wish her a very pleasant holiday.

The memorial service for the late Sgt. Graham Duff which was held at the Kirk on Sunday evening last, was very impressive. Sgt. Duff was a general favorite and that fact coupled with his bravery in sacrificing his young life in the cause of truth and freedom caused many to attend the service. Miss Davis, of Brigus, came down especially to sing a solo as a mark of her appreciation for the young soldier, and her sympathy with the family in their sad bereavement. The service was conducted by Rev. F. S. Coffin, who read some notes of sympathy from soldier friends to the deceased soldier's family.

The Dredge arrived in port yesterday afternoon and will be employed here for a couple of days in deepening the water at several of the public wharves.

Mr. G. M. Barr arrived from St. John's in his motor car this morning.

The marine dock is having a busy season and still a number of schooners are to go on before going to the fishery. A very large schooner is now on, one of the largest yet taken up. She extends over two cradles on the south dock.

A Mystery.

In reference to the whereabouts of Private Daniel Connors, of "Our," who was reported missing since April 11th, 1917, and whose field card was found on a captured German who failed to explain how he came into possession of the same, it looks as if the young soldier might have been a victim of foul play, as a letter recently received from Corporal Jordan, a chum of Connors, and who is now a prisoner of war in Germany, states that Connors came through the battle unscathed and was taken a prisoner with him. The Geneva Red Cross Association have made enquiries but have not been able to locate Connors in any part of Germany.
