TELEGRAMS

Special and Exclusive Despatches to the Evening Mercury.

From New York.

New York, Nov. 19.—The British bark Gen. Cullfield arrived. She brings home the officers and crew of the U. S. steamer Sacramento, lost on the Island of Coconada, June 17th. Four new cases of cholera from steamship City of York have been discovered. No deaths since Saturday.

From Boston.

Boston, Nov. 19.—The steamship Cuba arrived at 8.30 p. m. with Chas. Dickens on board.

From Washington.

Washington, Nov. 19.—Steamer Ocean was run upon an obstruction in the lower Bay and sunk. No lives lost.

From Havana.

New York, Nov. 20.—The Herald's Havana special says the French steamer Panama sails to-morrow via Martinique for St. Nazaire. Baron von Magnus and Prince Salm Salm and the Princess sail by the Panama for Europe.

From Chicago.

New York, Nov. 20.—The Herald's special from Chicago says Coburn and McCool met in Chicago and signed articles to fight for the championship on the 27th of May next, within fifty miles of Cincinnati, for \$10,000. Heenan and Morrissey it is said will train Coburn.

New York, Nov. 20.—There were 253 deaths in New York and 159 in Brooklyn last week. Col. Jack Mosby, ex-rebel guerrilla chief, was introduced to the members in the Gold Room yesterday. Some excitement ensued, and the opinions of the brokers divided on the propriety of the introduction. Order prevailed only when Mosby withdrew from the room.

From Richmond.

New York, Nov. 20.—The excitement among the negroes of Richmond, on the subject of being caught alive for dissection, still continues. They now believe that forty medical students from New York are in Richmond for the purpose of procuring colored gentlemen for dissection. Very few are seen on the streets after night, and not more than fifty were present at a circus last night. Heretofore thousands have usually attended.

COMMERCIAL.

Guelph Markets.

MERCURY OFFICE, GUELPH.
November 20, 1867.

The market for the past few days has been rather brisk, but the larger receipts have not been caused by a rise in prices. The causes which existed a week ago for the anomalous position of the Guelph grain-dealers have been swept away, and the prices have come down to the figure which was warranted by the business of other markets. Mill owners have subsided, and, pressed in some instances by want of water, if they have not quit the market they have ceased out-bidding everyone else, and besides they could not find any market that would give them a profitable price for the flour made from wheat bought at rates of last week.

These are some of the causes for the decline of spring wheat, but there is yet another. Freight on the railways has been raised under the winter tariff, and the seller of grain has been compelled to pay the difference. Fall wheat comes in slowly, and finds ready sale at \$1.50 to \$1.60. The receipts of spring wheat are much heavier than they were last week, but instead of \$1.42, this grain brings no more than \$1.35. Barley is delivered in small quantities at from 69c to 72c. Of peas there is but a moderate supply, and the price is lower. Oats keeps steady, very little being offered, not indeed as much as suffices for local purposes, for it has been found necessary to bring some in by railway. Butter is delivered to a moderate amount, 140 kegs having been sold on the market this week at former prices. From 150 to 250 hogs are brought in daily, and there has been a slight advance of price. The supply of hay is equal to the demand, but straw is very much in demand and there is not a single load offering. As a consequence its real value cannot be assigned, but those having to dispose of it may be assured of a good price.
