

HOSPITAL FAR TOO SMALL

Must be Greatly Enlarged if it is to Keep up to Time

ANNUAL MEETING HELD LAST NIGHT

During the Year 921 Patients Were Treated by Hospital

The annual meeting of the Calgary General Hospital was held last evening in the board of trade offices and a large number were present, including President Cross, Messrs. R. J. Stuart, I. S. G. VanWart, Wm. Toole, John Cardell, F. Macbeth, T. Bone, A. Allan, Adams, Smith, H. A. Farley, Jas. Hornby, and others. The chair was occupied by the president, who, after opening the meeting, read his report for the past season.

I herewith present you report for the year ending Dec. 31, 1906, being the 10th annual one. Work in every department has increased, in the maternity department, nearly doubled; in the isolated department a large increase, and in the general beyond its capacity, and patients obliged to turn away patients for want of room, and more are treated there than should be under proper conditions.

The directors consider the hospital must be enlarged and recommend the following general plan: A new surgical wing with a capacity of about fifty beds, with operating room and all other necessities to complete this department. The main general building would have to be changed to allow of more room for offices for lady superintendent, secretary, etc.

The isolated hospital would have to be doubled to allow of four contagious diseases being treated at the same time, as considerable complaint has been made for lack of this accommodation. A new boiler and power house to heat all the buildings, and if found necessary run the machinery.

The nurses' home would have to be enlarged or a new one built, and if so the present one might be remodelled for a children's ward or some special prevalent disease. The laundry would have to be made larger, steam and hot water (and power if installed) supplied from the new boiler house.

Numerous efforts have been made to raise funds for these necessary additions but with small success, and the directors consider that the only way is to submit a by-law to the ratepayers of Calgary for sufficient funds, and deem it just as necessary to care for the sick and helpless as it is to put in water and sewers, so that we urge the people of Calgary to provide not only adequate accommodation but an institution that every citizen of Calgary will be justly proud of.

The medical men have increased in numbers much more rapidly than the hospital has in size, so that it was found too cumbersome to have so many doctors on the staff, and a rule was made that no more be admitted, which has already proved a benefit, as the natural course of events will reduce the number if no more are added, and I would recommend that this rule be adhered to until the hospital is made larger and more doctors can be accommodated.

On behalf of the directors, I beg to thank the matron and staff for the efficient work they have done and are doing, and the agreeable way in which they have treated the patients, the public, the medical staff and hospital board, and we extend a hearty vote of thanks to the medical board for their valuable attention and assistance in making the institution a success.

The women's hospital aid has been, as usual, of the greatest possible assistance to the institution, and we cannot thank them enough for their great efforts in accomplishing so much. On behalf of the directors I wish to extend them our most grateful thanks and ask them to continue their good work in the future.

Donations have fallen off very materially, accounted for by the donations given for the new surgical wing amounting to \$5,194.20 in the bank.

1903 \$1,295.40
1904 2,766.55
1905 12,815.46
1906 11,400.34
1907 12,815.46
More life and annual members must be got and the general public interested in their own general hospital. Attention is called to the honorary secretary-treasurer's and matron's reports.

A. E. CROSS, President.
The matron's report was read by the secretary, in which special mention was made of the scant accommodation, which greatly handicapped the doctors and working staffs.

Number of patients remaining from last year 27
Number admitted during year 894
Number patients treated 921
Male patients 518
Female patients 376
Children under 15 years 167
Deaths 55
Total days of treatment 15,417
Average days per patient 16
Outdoor patients treated 182
Treated in private wards 200
Greatest number in hospital at one time 55
Greatest number in one month 93
Isolation cases treated 92
Cost per patient per day \$1.12

Mr. Cross regretted that he could not act on the new board during the coming year, as he felt he had not time to do the position justice. He very much wished to thank those who had helped him during his term of office, but he thought it was always a good plan to have a change. The following gentlemen were then elected on the board of management for the coming year: Messrs. R. J. Stuart, C. W. Peterson, Col. Walker, W. L. Walsh, J. Short, M. C. Bernard, A. Allan, I. S. G. VanWart, J. Hornby, G. W. Rowley, F. Cardell, and Mr. Smith.

H. M. Cherry was again elected

auditor on the proposition of Messrs. Toole and Macbeth. Votes of thanks were passed to the president and directors for their work, the medical staff, ladies aid society, the board of trade for use of rooms, auditors, medical examiners and lecturers.

R. J. Stuart asked why there was only \$500 credited to the city on its subscription, when some time ago it was raised to \$1000. He was sure it was raised to \$1000, as it was carried unanimously on the proposition of Ald. Hall and himself. The secretary replied that he had only received \$500.

It was decided on the proposition of Messrs. Toole and T. Bone that the new board take the first opportunity to see the city council and ask them to pay all deficits, if any, at the end of the year. Carried. The meeting then adjourned on the proposition of Messrs. Macbeth and Cardell.
