### FORT FRASER

has outlived its first struggle for existence. Today Fort Fraser is a trade centre, with substantial business houses. Today Fort Fraser is the seat of government jurisdiction for the Fort Fraser district and the Nechaco Valley, of which Fort Fraser is the centre, is known to have the largest and most productive area of agricultural land in the entire province. For these reasons and many others, an investment in Fort Fraser at the present low prices can not be otherwise than profitable.

ALBERTAN WANT ADS. PAY.

### HEAPA RAIN.

(With apologies to Rud, if he wants them.)  
You may talk o' pretty nights  
When yer out to see the sights,  
And yer lookin' at the soldiers in the camp.  
But when it comes to slaughter  
We gets licked and bummed by water,  
An' we spent the days a-fightin' of the damp.  
In Alberta's sunny climate,  
Where each year I spend me time,  
A-drillin' fer His Majesty the King  
I was soaked and drenched by night,  
When I'm ready there to fight,  
So you'll pardon me a minute while I sing:  
It was rain, rain, rain,  
Heaps o' splashin', drivin', freezin' rain.  
From the Colonel to the last  
You could hear the whole troop shout:  
"Fer Gawd's sake, Mr. Heavens, stop yer rain."  
I shan't forget the day  
When they tucks me safe away,  
With a puddle where my blanket should a' laid.  
I was soaked from spine to heel,  
Mud was all that I could feel,  
Me rheumatism shows me now just where I stayed.  
But the Colonel bravely led,  
And they shouted as he said:  
"Rush the mud, an' never mind the stain."  
We've been belted and been flayed,  
And we're cussin' them as made  
This weather, with its days of pouring rain.  
It was rain, rain, rain,  
With breakfast, dinner, supper, we had rain.  
As we lays down in our bed,  
This little prayer we said:  
"Fer Gawd's sake, Mr. Heavens, stop this rain!"  
— J. R. R.

### RAIN PREVENTS CAMP OF CADETS; ADULTS OFF FOR HOME

Program For Last Three Days Spoiled by Bad Weather; Lethbridge Battery, First To Go, Cheered to Echo by Men Who Stand in Downpour

### COLONEL CRUIKSHANK PLEASUED WITH THE WORK

Declared Camp Most Successful Ever Held in District, Despite the Drenching Received by Officers and Men Alike  
Washington, June 27.—Fires which have destroyed several million feet of standing timber and thousands of cut logs in Chugach national forest and elsewhere in Alaska, are believed to be under control, according to reports officers were on the grounds a short time after the fires started.  
White Baby Slain by Cuban Witches Havana, June 27.—It was discovered today that a white baby, which disappeared a week ago near the town of Pedro Betancourt, province Matanzas, was murdered by witches to obtain blood to cure an old negro witch, called the "Father of Witches," who died two years ago.  
In 1904 a white child was murdered, its heart cut out and stewed and used as a poultice to cure a negro woman. For that crime four negro witches were executed and seven others are serving life sentences.  
Five persons have been arrested for the murder of the white child at Pedro Betancourt. The body has not been found.

Not in Philadelphia Philadelphia, June 27.—Although the average temperature was below normal, excessive humidity was responsible for six deaths in this city yesterday, making a total of 14 fatalities due to the same cause in the past 48 hours. The humidity ranged from 87 per cent. at 8 a.m. to 78 per cent. at 8 p.m., while the average temperature was 74 degrees, one degree below normal for this date.  
Cadet Encampment Called Off Colonel Cruikshank, after a thorough inspection of the camp grounds, finally declared off the annual encampment of the cadets, something which hurt him far more than the wet soles of the encampment of the adult soldiers. It is camped of the cadets. Colonel Cruikshank has a very tender spot in his heart for the boy soldiers, and his plans for their field work this year were more elaborate than ever before. He decided, however, not to endanger the boys' health by ordering them to make headquarters on the rain-soaked ground.  
"Despite the inclement weather for the past three days the encampment stopped a number of the most interesting features of our programme. I regard this year's encampment as a success in every way," said the Colonel yesterday.  
The conditions of the camp were perfect; the sanitation of the camp was perfect; all classes and men in perfect condition on a permanent formation, and hundreds of men who attended the encampment last year were with us again this year. The men are beginning to take a company pride, and they entered into their work with enthusiasm which broods well for Canadian militia affairs.  
Results Will Be Lasting "Every department of the service in this year's encampment has my unstinted praise. The record of going through an encampment with 1,400 horses, and leaving only two animals one through accident and one through fire, is a wonderful one. The camp had one fatality through the men, but this soldier was attacked before he arrived at the camp site. The general health of the officers and men was excellent. I believe that the work which we accomplished during the two weeks at the camp will prove of great value to the service, and it certainly must show the drilling of the units at their home headquarters."  
The first unit to get away from the camp was the Lethbridge battery in organization which received general praise for its marching, line drill, perfect formation and machine like drilling. The Lethbridge men had been in perfect formation, and despite the heavy rain falling when they were marching, they were not only steady but they were in perfect formation, and they were in perfect formation, and they were in perfect formation.

### Bar Battle Banners

Philadelphia, June 27.—Word has gone out to veterans of both armies all over the country not to bring their battered battle flags to the celebration of the fiftieth anniversary of the battle of Gettysburg next week for they cannot be flown to the breeze in the encampment. Every precaution will be taken to prevent the stirring of animosities and feeling on the part of the veterans, and that is one of the precautions considered necessary.
