SURE WILLS WILL WIN

Chicago, Ill., Sept.—(By The Associated Negro Press)— John C. Claybrook, one of the richest Negroes in Arkansas, one who had a town named after him dropped through town this week with a word on Harry Wills. Claybrook thinks Harry is going to knock the Argentinian floozy. He is emphatic in his denial that his confidence in Wills is based on the fact that Wills is a Negro, but avers that the entire matter is a business proposition with him, and that, after a visit to both camps, he can't see Luis.

Mr. Claybrook drops a whispered word on that Bartley Madden affair. He doesn't say that Wills told him so, but he gives it as his honest opinion that Wills fought under instructions. In the first place, the Arkansas Croesus explains Harry and Bartley are personal friends. In the second place, at the time of the fight, Firpo hadn't signed up and there would have been small chance of getting him to if Harry had made mince meat out of the tough Irishman. Take it for what it's worth. John C. Claybrook thinks it's worth all he can spare.

LIBERIA GIVES GARVEY

A STIFF JOLT.

Washington, D.C., Sept.— (By The Associated Negro Press)— Sundry letters and reports from Liberia representing Marcus Garvey and his followers to be persona non grata in the West African Republic were emphasized and confirmed this week by a communication from the Liberian Government to the state department in which it was stated that the Liberian Government is irrevocably opposed both in principle and fact to the incendiary policy of the Universal Negro Improvement Association headed by Marcus Garvey. The note to the American State Department was signed by Edwin Barclay, Secretary of State for Liberia. Consul general Lyon of Liberia has received instructions to refuse to vize passports that would aid Garveyites in getting to Liberia.

Mr. Robert Harris and Mr. Louis Groat are both confined to their homes because of illness.

Miss Mary Wright of Detroit has been the guest of Mrs. C. H. Brown during the past week.
