Local Market.

London, Tuesday, Oct. 31. The market today was of average size for a Tuesday. Good quantities of aimost every line were shown, but the er of purchasers was not as large

ticle which was eargerly sought after and which was inadequately supplied. With very small advancements the quotations for previous supplies of eggs

Fruit-Grapes were the only fruit offered in any quantities this morning, and prices remained unchanged. The same held good in other classes.

Vegetables were supplied in abundance, and while the regular customers were willing to buy in what they needed at the prices asked, still the lack of outside customers made transactions rather slow. On the whole, the prices remained as before.

Dressed meats—The butchers were

not in their happiest mood this morning. Seemingly each one thought to himself before he left home that likely the other butchers would not bring much in, and therefore he would do so. The result was that the market was glutted and everyone wished that he had left a little at home.

Sales were not as brisk as might have been expected, but as a rule the buyers who were there and the dealers were not far apart. Dairy produce—Prices were slightly in advance of previous quotations. There was a sharp demand for good butter in pound rolls, but as fate and the farmers would have it, there was not nearly enough supplied. Grocers who deal in this line were on the market in force, and had to be disappointed. This was about the only article which was eargerly sought after.

## **ENGLISH-SPEAKING CATHOLICS**

Dine Ontario's New Minister at Montreal-Mr. Latchford's Patriotic Speech.

Montreal, Oct. 31.-The Montreal friends of Hon. F. R. Latchford, newlyappointed commissioner of public works in the cabinet of the Hon. George W. Ross, tendered him a banquet at the Place Viger Hotel last night, nearly 100 guests being present. It was a thoroughly representative gathering of the English-speaking Catholics of Montreal. Mr. William H. Brown, general manager of the Royal Electric Company, presided, and among those present were Hon. Dr. Guerin, M.P.P.: Mr. C. F. Smith, president of the Montreal board of trade; Mr. Frank

Hart, member of the council of public instruction of Quebec. Mr. Latchford, who was greeted with rounds of applause, thanked his hosts on his own behalf and on behalf of the government of which he is a member and of the province from which he came, for this demonstration from his fellow-countrymen in another province. Continuing, he paid a tribute of respect to the Hon. Mr. Harty, whom he has replaced, and the memory of the late Hon. C. F. Fraser, of whom Mr. Latchford remarked that he had done much to establish for the Catholic minority in the province the recognition of rights and privileges which are not available anywhere else in the world, and he would assure his hearers that the Ontario minority were grateful for these things and for the heartiness and cheerfulness with which the nominal majority agreed that things should be as they are. Mr. Latchford insisted that in the great work of building up this Dominion there should be, and there must be, no divisions, no antagonisms, between the different races and the different provinces. The man who would set race against race he considered should be held to be a greater enemy to the country than an enemy posted before Quebec. He would again remind his hearers that many composite elements entered into the Canadian nationality, and while he would say to his American friends present that while Canadians would ever have sincere friendship for their neighbors of the great republic they would continue to strive under their own institutions to make this the strong dominion of the north. Again thanking his hosts for the courtesy ex-tended to him, Mr. Latchford resumed his seat amidst applause.
