LONDON TO PORT STANLEY.

The "London" club run to Port Stanley

last night was the greatest success of the

season. Thirty members were in line,

leaving the club house at 6:45 p.m. The

ride was made in two hours, arriving at

Port at 8:45 p.m. A most enjoyable time

was had by all present. About a dozen of

the boys stopped over at St. Thomas.

The lunch at the Grand Central

proved more inviting than the run.

The committee appointed to escort the

C. W. A. century tour riders into the

city to-day, will meet at the club house at

8:30 a.m. sharp, and proceed to St. John's

to accompany the riders into the city and

go a short distance with them when they

leave. Lunch will be served at the Grigg

House at 10 a.m. for the tourists. The

parade into the city by the way of Rich-

mond street should be witnessed by the

citizens, as it will be the largest ever seen

in the city (over 250 being expected).

An Eight County Man Killed While Shingling a Woodshed - Remarkable Recovery of a Lost Watch.

BRANT.

The jury brought in a verdict of death from natural causes in the inquest on the death of Mary Jones, the seamstress, at Brantford.

James Millington, of Hagersburg, aged 82, and Morris Merrill, near the same place, aged 83, died Wednesday.

ELGIN.

Capt. Thos. Tobin, of Copenhagen, was accidentally killed Wednesday. He was shingling a woodshed and slipped and fell, striking his head on a bunch of shingles.

He lived only five minutes after falling. Deceased had lived in Malahide township for over 40 years.

A burglar entered the boarding house of Mrs. Culver, Center street, St. Thomas Wednesday night, went into the rooms of Mr. Taylor and Mr. Pew, M. C. R. employees, held a pistol to their heads and demanded money. They had no loose change, so he got out.

A special meeting of the London Presbytery was held in New Glasgow Church on Tuesday evening for the purpose of ordaining Mr. J. P. Scott, of Knox College, and inducting him into the pastoral charge of New Glasgow and Rodney congregations. Rev. Mr. Stewart, of Melbourne, preached. Rev. Mr. Kelso, of Wallaceburg, addressed the congregation. Rev. Mr. Wilson, of Darlington, the congregation. In the evening a reception was tendered Mr. Scott in Rodney. WENT.

A. J. Macdonald, ex-reverend of Oxford, had his leg broken recently by a cuneiform of a gravel pit in which he was working.

John P. Frampton, a much-esteemed resident of Harwich township, is dead. Blood poisoning was the cause. He was for years a school teacher.

MIDDLESEX.

R. S. Hodgins, superintendent of agriculture at the World's Fair, was home in Lucan for a few days this week.

The Chippewa Orange Lodge will hold a banquet on July 12, at the Jubilee Council Chambers, Carleton Place.

Glencoe will have a celebration Dominion Day, to include horse races.

The opening of the Glencoe-Kingscourt loop line of the G. T. R. has made Glencoe the most important distributing station on the Grand Trunk Railway system in Ontario. This being the case, Glencoe naturally is the most convenient point for the car shops. If the matter were properly brought before the G. T. R. authorities, no doubt Glencoe would stand a good chance of securing the much desired 100,000 car shops. The matter is in hand.

PERTH.

Some three years ago, says the Argus, a Mr. John Brown, of St. Marys, was working on the farm of Mrs. A. Battie. Battie, he lost a silver watch which he was wearing at the time. As Mr. Brown is the present tenant of the farm, was promised the other day the watch was turned up, quite unimpaired, and was restored to its owner.

THE GOOD TEMPLARS.

Closes of the Grand Lodge Session Election of Officers.

HAMILTON, June 29.—The Grand Lodge of the Independent Order of Good Templars closed its annual session at 2:30 o'clock this morning. The report from the financial committee, recommending the salary of the grand secretary for the ensuing year to be \$800, was adopted, also that a per capita tax of 2 cents per quarter be levied on members, to provide a mileage fund for the grand lodge delegates.

Chairman J. E. Wilson, on behalf of the insurance committee, presented its report and made a strong appeal to the Grand Lodge to make more vigorous efforts in the future to promote that branch of the order.

The election of officers resulted as follows:

G. C. T.—Mr. J. A. Madill.
G. C. T.—Mr. J. A. Madill.
G. C. T.—Mr. J. A. Madill.
G. C. T.—Mr. J. A. Madill.

G. C. T.—Mr. J. A. Madill.
G. C. T.—Mr. J. A. Madill.
G. C. T.—Mr. J. A. Madill.

It was decided to hold the next annual meeting at Paris.

The proposition to assess a capitation tax of 12 cents per quarter on each Templar was adopted. It is stipulated that the districts are organized, 3 cents of 12 are to be returned for missionary work. The proposal to place a per capita tax of 1 cent a quarter on each juvenile Templar was thrown out.

MILLERS' DAY at the Fair.

WORLD'S FAIR GROUND, CHICAGO, Ill., June 29.—This is millers' day at the fair and representatives from many of the States of the Union have arrived.

Disastrous Boiler Explosion.

PERKINSBURG, Va., June 29.—A terrible boiler explosion occurred to-day at the saw mill of Logan Davis at Yale, on the Atlantic and Danville Railroad. Two workmen were killed outright and several badly scalped. The mill was completely wrecked.

A Grave Responsibility.

"We are now regaled with the details of a 'lady burglar' in Missouri. Since its official recognition as an adjective by the World's Fair authorities the word 'lady' has gone very nearly 'all the girls'."

He Elected a Sale.

"If you don't go out here in a minute I'll scold you," exclaimed the wrathful woman of the house to a persistent peddler.

"The water on the stove won't be hot for half an hour yet," answered the merchant; "so you had better let me sell you one of these patent automatic teakettles as that kettle of water in less than two minutes over a slow fire. If you had had one of them I should have been scalded, and on my way to sell something to the red-haired woman who is attempting to keep house next door."

A prominent feature of Outing for July is a sweetly pathetic story, "Pastelle," by Clara Sprague Ross. The characters are portrayed with masterly power by a pen as sympathetic that it relieves and sweetens the dreariest and incidents of the backwoods and draws the hapless heroine very near to the reader's heart. The number is strong throughout in text and illustration; other notable articles being the history of "Champion Paces," "How We Towed Our Way," an account of a trip by canal-boat through the Empire State, "Practical Lessons in Swimming," "Swimming on the Newfoundland Coast," "The Frog for Man and Pastime," and "Black-bass Fishing in Maine."

All the authors for a girl's hand in Borneo are expected to be generous in their presents to her. These presents are never returned. Therefore the wily female defers as long as possible a positive selection of the happy man.
