Good, Better or Best?

A VITAL DIFFERENCE IN BREADS

UALITY you know is comparative. Just as much so in bread, as in woolens

If you make bread at all you naturally want it to be good—as good as, or better than your neighbor's.

But is your bread as good as it ought to be? Does it furnish its full quantum of health and strength? Is it nutritious as well as delicious?

Ordinary flour makes fairly good looking bread. But if you care for food value, for nutrition, for digestibility, for bone and muscle and blood building quality, you will want a flour rich in the highest quality of gluten. You will want the flour that makes bread not only good-to-look-at, but also makes it strength-producing, health-producing.

But where can you get such flour and how can you tell it from the kind that isn't nourishing?

The safe way is to get OGILVIE'S "ROYAL HOUSEHOLD". Then you can't make a mistake. "ROYAL HOUSEHOLD" is the finest flour in the world and makes the best bread in the world.

And it is just as good for Pastry as it is for Bread. It is the one flour which has proved an

ROYAL HOUSEHOLD FLOUR isn't just ordinary wheat sent to an ordinary mill and ground by the ordinary process. It is Manitoba Red Fyfe Wheat which is especially rich in high quality gluten, scientifically milled and subjected to scientific chemical tests as well as baking tests before it comes to you in sack or barrel, etc.

No wonder "ROYAL HOUSEHOLD" makes the finest and most nourishing bread. No wonder it makes the most delicious and healthful pies, cakes, biscuits, muffins, rolls.

Bread made from ROYAL HOUSEHOLD FLOUR is vastly more nourishing than bread made from ordinary flour. Also it is lighter,

more nutritious. Order "ROYAL HOUSE-HOLD" at once. Don't delay. The sooner you commence using this finest of all flours the better for your family.
