

Mack Picks Red Sox to Win World's Series

[Canadian Press.]

Philadelphia, Sept. 19.—Baseball fans here were somewhat surprised today to learn that Connie Mack, manager of the Philadelphia Athletics, had broken his hitherto invariable rule against making predictions, by picking the Boston Americans as the likely winners of the approaching world's series with the New York Nationals.

Here is Mack's opinion on the subject: "The Boston Red Sox should win the world's championship of 1912 with as much ease as we captured it in 1911. "Some people seem to be under the impression that the Boston team are liable to waiver when the big games are staged. But there is not a cub or youngster in the line-up. All are tried and true, and will go through the series without a quivering."

NEWARK AND JERSEY CITY CLUBS OFFERED FOR SALE

Will Likely Be Put On Market On October First Unless Certain Things Happen.

New York, Sept. 18.—If men with money want to buy a leading minor league club, a chance will be offered on Oct. 1. The Newark club of the International League, will be placed on the market on that day unless certain things happen beforehand. The club is owned by four men—H. Clay Smith, of Chicago; Joseph McGinnity, Charles H. Ebbets and Charles Solomon. Smith, according to authentic reports, has tired of his investment, and is anxious to sell.

According to a private agreement, if one of the Newark owners desires to withdraw, the three others must buy his stock within a stipulated time limit. If they do not come across, the dissatisfied shareholder has the right to sell the whole club to the highest bidder. Smith has notified McGinnity, Ebbets and Solomon that they can buy him out between now

and the first of next month, so the story goes. McGinnity is said to be weary of his task, and has no desire to purchase further interests. Ebbets, who controls the Brooklyn club, and is building a half-million dollar plant in Flatbush, has no proposition to make to Smith, while Solomon is quoted as saying that he has no more money to invest in minor league baseball.

If Smith, therefore, cannot get rid of his Newark stock within the next two weeks, the club as a whole will be for sale, and \$75,000 is said to be the figure at which it can be secured. The Jersey City club, too, is said to be on the market. James J. Lillis and Hugh McBrean, the owners, held several conferences here last week. It was admitted several weeks ago that the club would lose money, chiefly because of the location of West Side Park. If Lillis and McBrean decide to stick, it is said that new capital will be invested, and a new park built on the line of the Hudson tubes just beyond the Hudson County boulevard. The plan under consideration is to lease the new park to a certain major league club for Sunday games when the Jersey City team is on the road.

It's Boston's Pennant

Boston, Sept. 18.—The Boston Red Sox today clinched the American League pennant. All possibility of the Red Sox being overtaken was disposed of when Philadelphia lost at Chicago today the first game of a double-header.

To relieve the tension among members of his team, and to assure finally the pennant for Boston, President McAleer, of the Red Sox notified the management of the New York Highlanders that Boston would not play off a postponed game scheduled to be played in New York.

Boston now can lose all its remaining fifteen games and win the pennant, even though Washington, which went into second place today, should win all its remaining 15 games and Philadelphia should win all its remaining 14 games. Should this possibility develop the final standing would be:

Club.	Won.	Lost.	P.C.
Boston	97	55	.634
Philadelphia	97	57	.629
Washington	97	57	.629

The league schedule calls for 154 games, but under the American League rules Boston can refuse to play its postponed games with New York, its series in New York with that club being closed.

LONDON RUGBY TEAM HARD AT PRACTICE

Workouts Will Be Held Every Night From Now Until the First Game of Schedule.

About twenty candidates for the Western University football team, by which name the London club will be known this fall, were put through a stiff practice which lasted for over an hour last night. Punting and catching was indulged in until after six, and then two squads were formed and the first set of signals were given out. George Kennedy and the J. C. Wilson took charge of the different squads, and in a short time the boys were mixing it as if it were a real game instead of the first line-up of the year.

Practices will be held every night from now until the first game, and it will be necessary for all who wish to make the team to turn out regularly. Last night several men were out for the first time and showed up well. Until yesterday the majority of the men were trying out for the back division. What last night a large number of line men were out, and when the whistle blows for the first game the supporters who have not been witnessing the practices will be surprised at the strength of the team. The scrimmage will be particularly strong and aggressive.

Among those out last night were Lockhart, Kennedy, John brothers, Fidd, Little, Chatter, Whitton, Fitzgerald, Murray, Wilson, McKinnon and several others.

DRAFTED MONDAY TRADED WEDNESDAY

Tigers Trade Derrick to Yankees For Catcher Rondeau.

Detroit, Sept. 18.—It was announced this afternoon that the Detroit American League Baseball Club has traded infielder Derrick to the New York Americans for Catcher McKee, and has purchased Catcher Rondeau from Washington. It is understood Rondeau cost the local club \$4,000. All of the players were secured by the clubs concerned in the recent drafts.

Derrick was drafted from Baltimore by Detroit, and Washington secured Rondeau the same way from Providence.

Joe Finerman, the Phillie twirler from Norfolk, will remain in the big league. What Boss Doolin has already seen of the young man is a fair example of what he is capable of doing. Finerman has one of the best curves a young pitcher ever showed. He is heady, has the nerve and is willing to learn. Doolin says Finerman will be seen often in the box from now until the end of the season, and will be taken South next spring on the training trip.

Schwind of Ottawa Reports to Chicago

Ottawa, Ont., Sept. 18.—Arthur Schwind, the Ottawa club's shortstop, who had a brilliant season in the Canadian League, left tonight to join the Chicago Nationals, by whom he was drafted. Schwind was ordered yesterday to report at Boston, where he will join the Cubs on Saturday. He is 20 years of age, and this is his second season in organized ball. He came to Ottawa from the Port Wayne club.

machinery has already arrived here and work will start in a small way immediately. It is expected that by next summer the factory will be running full blast.

A number of men are expected to arrive here from Decatur, Ill., to enter the employ of the Mueller Brass Company. Work is progressing rapidly on the company's site, although it is expected that the majority of the work will not be done until next spring.

A local newspaper office has on exhibit in a glass bottle in its windows a large specimen of animal life taken from one of the water taps in Sarnia. Whether it is a lizard or a leech is not known. The animal which is about an inch and a half long, is certainly far from prepossessing in appearance, and not conducive to pleasant thoughts when partaking of the town's water supply. The Gilchrist, of the Gilchrist Line, and the Seneca of the Lehigh Valley

Line, who ran aground near Stag Island last night, have been released by the tugs of the Reid Wrecking Company, and have proceeded on their way up the lake.

COAL SUPPLY IS CAUSING ANXIETY

Many Dealers Are Turning Away Orders, as Bins Are Empty.

[Special to The Advertiser.] Sarnia, Sept. 19.—Not only has the price of gas been raised, but it is rumored that there may be a coal famine as well in Sarnia this winter. It is a matter of common knowledge that the mines are over ten million tons short this year, and in the larger cities the shortage is already beginning to be felt.

Orders for coal are being turned away in Detroit through inability to

fill them and dealers here are experiencing difficulty in securing even a carload or two of the bituminous product. One coal merchant stated that he has been obliged to refuse orders owing to the empty condition of his sheds.

LONDON LAD IS LOST

Clifford Hudson Wandered From the Train at the Tunnel.

[Special to The Advertiser.] Sarnia, Sept. 19.—Both relatives and the police are searching for Clifford Hudson, a small boy who has disappeared in this town, while en route from London to Port Huron. The lad was placed on the train in the former city by his parents in charge of the conductor.

Young Hudson left the train at Sarnia without the conductor's knowledge,

and his departure was not noticed until the train arrived at Port Huron. Mr. Hudson, father of the boy, arrived here today to search for his son, but no clue to his whereabouts was discovered until this afternoon, when a telephone message was received from a woman, who gave her name as Clayton, and stated that the missing lad was at her home. Inquiry, however, has up to the present failed to reveal anyone of that name residing here.

OVER 400 STITCHES

Terrible Wounds Sustained By Stratford Boy in Railway Accident.

[Special to The Advertiser.] Sarnia, Sept. 19.—Over 400 stitches were needed to close the terrible abdominal wounds sustained by Floyd Higgins, who was recently crushed between two cars at Forest.

The young man is holding his own, and has a good fighting chance. The attend-

ing physicians believe that unless complications develop he will recover. His parents, Conductor and Mrs. Higgins, of Stratford, are with him in the local hospital.

GROCERS' PICNIC.

[Special to The Advertiser.] Sarnia, Sept. 19.—The Sarnia grocers held their annual picnic at Lake Huron Park yesterday afternoon, and, as is customary, a large crowd was in attendance. The weather was threatening during the morning hours, but cleared up in the afternoon, and the citizens turned out in force. The program was one of the best of recent years, and was thoroughly enjoyed.

Eugene McCreevey, Ban Johnson's new umpire, is a veteran minor league player. For several years he has been on the Pacific coast, where his work with the indicator was satisfactory, but he recently secured his release because he wanted to be near his home to look after business affairs. He lives at Bloomington, Ill.

MEHEGAN COMING ACROSS THE OCEAN

Will Meet Some Noted American Lightweight Boxers.

[Canadian Press.] New York, Sept. 19.—Hugh Mehegan, the Canadian lightweight champion, who beat Matt Wells on a foul in London this week, is expected in this country next month for a series of battles with the American near-champions. His chief bout will be with Paeky McFarland, as he is too heavy to make the 135 pounds ring-side which Wolgast demands. Matt Wells will also appear here in November. Bombardier Wells, who was recently named, will remain in London until midwinter.

Sarnia, Sept. 19.—The fall assizes opened here today and the principal interest centres in the murder trial of Steven Kyoshk, the young Indian, from Walpole Island, who was found guilty and was sentenced to be hanged in connection with the murder of Adam Johns and Charles Nahdee last New Year's night.

The promise of sensational new evidence in the case, as a result of investigations made in the last few months by the police, acting on statements made by Kyoshk, has aroused anticipation all through the district, and large numbers of people are attending court.

Kyoshk has stated that he is absolutely innocent of the killing, and it is stated that his stories account for his whereabouts all the time.
