The local line-up has not yet been deermined, and it is doubtful if it will be known until after the practice this evening. The players have been working out hard, and are in pretty good shape for the game. The O. A. C. team is a strong one, and is hard to beat on its own gridinon. Several spares will accompany the local team, and nearly every player who is trying to make a place on the line-up will be given a chance to see what he can do.

Assumption Wants Game.

The Assumption College team, of Sandwich, has written the local club, asking for a game here on Oct. 18, an open date in the group schedule. The Assumption team plays the American game, and last year handed the locals quite a trimming. However, the game was a spectacular exhibition, the American style of play making the contest more interesting from a

Walter Johnson, the Only Pitcher the Oldtimers Have Ever Compared to Amos Rusie, Which Tells Its Own Story 1 Moran, rf 0 Cutshaw, Statement by Greatest Pitcher in the World.

The Athletics will win the world's series, because they are stronger offensively than the Giants. I do not believe the Giants will be any more successful against Bender and Plank than they were two years ago.

I have pitched against the Athletics seven times this year. Three times they beat me and three times I won from them. Once I faced them after we had practically lost the game. My experience has been that, unless I am right in every sense of the word and able to pitch shut-out ball, they have beaten me.

I have often been asked if the Athletics have a batting weakness? If they have I never found it, Mack hasn't a weak batter on his team. Even his pitchers are d ungerous in a pinch. I know this from experience.

Baker and McInnes are the most dangerous batsmen on the team. If either has a failing I don't know what it is. Both will go after bad balls and make base hits when a pitcher least expects it.
