An Opportunity

No City on the American Continent is in greater need of additional modern hotel facilities than Montreal, Canada.

With the Railway and Steamship lines bringing thousands of people into the City daily on business and pleasure, supplemented in the Summer season by an unusual motor traffic, immediate relief is needed in the way of increased hotel accommodation. To meet this demand "THE MOUNT

ROYAL" is now being built. Upon completion it will be not only the largest firstclass hotel in Canada, but the largest in the British Empire, and will contribute in a great degree to Montreal's prestige as a Tourist City and business centre.

The 8% convertible debentures of The Mount Royal Hotel Company, Limited, carrying a 30% bonus of Common Stock, offer a rather unusual opportunity for a safe and profitable investment.

All before us is the day,

The dark years of war, of pestilence and famine have been passed and left behind. Who, in Canada lacks faith?

To the great principle of Mutuality-Mutual understanding-Mutual co-operation-Mutual protection-Mutual trust-humanity owes its real progress and truest happiness.

What to her own sorrow Imperial Germany refused, the Great Allied Powers have joined to consider. National armament for war has become a subject for mutual understanding in friendly counsel.

That the Mutual principle in the dealings of nations will demonstrate its beneficence even as it has done amidst the ever-widening field of life insurance, is the settled conviction of all Mutualists.
