To residents of North America no river in the world embraces such wealth of historic romance as the mighty St. Lawrence.

Up its great waters, the brave pioneers of New France travelled on their voyages of discovery and settlement—the renowned Jacques Cartier to found the city of Montreal, nine hundred miles from the sea; the courageous La Salle on his long journey to the Mississippi; the gallant Champlain to found Quebec; the devout Recollet Fathers on their missions to the Indiana

Travelling on the St. Lawrence Route to Europe one starts at Montreal and for two or three days the beauties and historic features of the river pass before one in entrancing panorama. To view them adds immeasurably to the pleasure of the overseas voyage.

Million Dollars in Motor Cars Provides Modern Setting For Classic Fair.

Special to The Advertiser by a Staff Reporter.

Dorchester, Oct. 7 .- Motor cars by the hundreds were driven into the ditches at Donnybrook Fair today, providing a background for an extario's horseflesh

For 70 years Dorchester's Donny brook Fair has been an undeniable attraction for city and rural folk. That the annual show has gained in favor throughout the years was REV. DR. MURDOCK MacKINNON, proven by the throngs that passed through the gates this afternoon.

Carpeted with gress as fresh as church. Toronto, has caused sorrow

Carpeted with grass as fresh as the autumn breezes, flanked by trees decked in the golden, red and orange tints of fall, the fair grounds looked mer Knox; milch cows, A. Armore,

their prettiest for the carnival day.

Thomas Chilton, veteran fair enthusiast, was on duty at the gate until after 4 o'clock. He reported to the secretary's office that a million their calf, Elmer Knox; herd prize A. Simmons dollars' worth of motor cars had been parked along the roads lead-ing to the park, and that the atendance was greater than last year In the enclosure, the heavy work horses, dressed in nickel and brass-mounted trappings, pranced to the music of the Springfield band as the proud owners paced them before a crowded grandstand. Along the race-track railings men

and women, together with the usual number of small boys, cast a critical eye over a number of fast harness horses that fretted in their sulkies before the heats.

The executive officers of the fair were: D. L. Morrison, Thamesford, president; O. H. Moxley, Dorchester, vice-president; B. Marsh, Belmont, second vice-president; B. R. Barr, Dorchester, secretary and treasurer. Then the spans of driving horses stepped around the ring while the crowds left the automobile show to

see the rubber-tired buggies.

Midway Is Popular.

Along the crowded midway the traditional brickbat throwing of the Donnybrooks of old gave place to the hurling of baseballs at ferocious ooking sawdust-stuffed cats.

Games of skill and games of chance drew the visitors away from the hot-dog and synthetic lemonade stands, while the cries of the barkers clashed with the classic music that went out from the music booth.

The motor car show was well pat-conized. The number of exhibits was greater than last year. The products of the soil came in for con-siderable attention. Trucks filled with watery watermelons and those sweet concord grapes found ready

The Donnybrook Fair is the meeting ground of the old-timers. Many of them called at the office of Secretary B. R. Barr in search of old friends. Among these was William Sutton, a miller of Simcoe Mr. Sutton learned his trade in the Parker mill at Dorchester 61 years ago. Today he met the sons of the first man he worked for. One of the first men he sought when he arrived on the grounds was William Shaw, who has lived in Dorchester many years.

Atlantic City, N.J., Oct. 7.—An appeal to American labor by Arthur A. Purcell, member of the British parliament, to establish close relaparliament, to establish close relations with the organized workers of Russia was spurned in dramatic fashion today by President William Green of the American Federation of the transfer of the American Federation of the transfer of the fashion today by President William Green of the American Federation of the employment of workers, and the transfer of the transfer parliament, to establish close relafashion today by President William Green of the American Federation of Labor, at its annual convention.

Mr. Purcell, who is president of the international federation of trades unions, and a fraternal delegate of the British Trades Union congress, had addressed the delegates, urging solidarity among the toilers of the world. After telling of his recent visit to Russia and his study of industrial conditions there, he made his appeal.
