the volume of the golden stream.

#### The Luxemburg Guarantee.

the London Times on the Luxemburg the law. Since his departure the Canadians to use towards our lawful Governor. It is guarantee. "Unquestionably," he says, the balance of the Flume ground, and threaten the guarantee is collective in the sense the life of any member of the Flume Comthat each of the six Powers (excluding Belgium) has a right to insist that the aid of the other five be invoked, at the same time as its own, and that the liability be borne in common,—to demand, in short, the application of the ordinary principle of suretyship, which modern legislation has borrowed from Roman law, so far as that principle is applicable to such a transaction. But if it was intended to a transaction. But if it was intended to composed of 40 or 50 lawless men, on the provide that the default of one should other. The authorities here, the Gold Comdischarge all the rest, and that the only missioner, had adjudged that a certain strip case in which assistance could possibly be invoked should be the case in which it would be invoked in vain, this should have been expressed in a manner that would be the case in which it above mentioned, the "Canadian Company," denied this, and asserted their determination been expressed in a manner that would to hold and work the ground against the leave no room for misconception. But in judgment and express order of the Gold truth it never is, or can be right or wise Commissioner. In this way the issue was to contract, be it never so openly, illusory engagements. Considerations of honour and prudence forbid it alike." The conclusion is that Great Britain has, in fact, in engaging to guarantee (with other) commissioner. In this way the issue was made, the Gold Commissioner and his constability force on one side, the Canadian Company numbering 40 or 50 shareholders on the other. The Gold Commissioner had taken all his force, adding from 20 to 30 in engaging to guarantee (with other) in engaging to guarantee (with other Powers) the neutrality of Luxemburg, contracted, as we have always contended, a new and most dangerous obligation, force, proceeded to the ground, found the from which the nation cannot now honorably estape.

force, proceeded to the ground, found the Canadian Company on it, ordered them to leave, and told them in a quiet, cool manner

returned in the evening.

The Governor left the Greek at 4 a.m. over to this creek, it is said, at the soggest on the 10th, leaving orders to the following tion of Mr Booth, their leader, not in ohedience to any order or summons, but with the head of Constance Cove, and commands

to the effect that the presence of the Resaca at San Francisco will have as to what good the Governor has done by a visit here, and as to whether law or no law foreman, have taken the remainder of the

I have just learned that an order was issued in another form this day from the Courts made to them twice within the past Mining Court, Richfield, which was duly week. The news from the mines is most served on the parties on Grouse Creek, and | With this plain statement of facts, made encouraging. The fine weather has though cited to appear and show cause why as briefly as possible, you will not be surenabled many companies heretofore they should not be proceeded against tor prised when I tell you that all the solid, lawidle to open their ground. More gold has been taken out of the various claims for the past month than for any corresponding period since the Cariboo. corresponding period since the Cariboo As stated above, readers may draw their own mines were first discovered. It is con- conclusions as to how matters are culminatfidently believed that the amount of ing here. It is clear to every thinking man universal pity and sorrow. Even the more the precious metal washed out during that things are fast approaching a climax in the present will exceed that of any previous year. This marked improvement in mining matters will cause when the precious that things are fast approaching a climax in the present will exceed that of any previous year. This marked improvement in fact, a perfect paradise for such men who call might right, and unblushed that the previous year. The Colory to look in fact, a perfect paradise for such men who call might right, and unblushed that the previous year. every interest in the Colony to look ingly defy the law. I do not say that such up, and exert a beneficial effect upon a state of things will be allowed to continue, business in this city. It is also worthy for we cannot but think that there is vitality of remark that in addition to the re- enough left in the Government below (if put cent strikes and steady yield on Wil- at once and vigorously forth) to quell this had better resign with what grace he can liam Creek, numerous outside creeks spirit of moblaw. One thing rest assured of, and leave the country. If it is not done his are contributing their quota to swell law and order, you may look out for a stampede of all that is worth the notice of any Government, and that soon too.

The universal opinion is that his Excellency had much better have staid away, as far preferable to a poor, weak, vascillating, his visit only gave strength to mob rule and nervous, temporizing man styled a Governor. Mr. Montague Bernard, the celebrated his visit only gave strength to mob rule and international jurist, has written a letter to completed the humiliation of the officers of have continued work, night and day, upon really painful for me to use it, but the cir-

WILLIAM CREEK, B. C., Aug. 21, 1867. THE Governor and Mrs Seymour went what consequences they might expect when they refused to obey the order. Obedience over to San Juan on Saturday morning and to the order was refused positively and per-emptorily. Mr Ball and his whole force of within the last few days, in consequence of TREASURE.—Mr Barnard on Saturday brought down \$42,000 in gold for the Bank of British Columbia.

TREASURE.—Mr Barnard on Saturday brought down \$42,000 in gold for the Bank of British Columbia.

Emptority. Mr Ball and his whole force of constables returned quietly to this creek, the prospects obtained by a company near its mouth who washed up four ounces of coarse brought down \$42,000 in gold for the Bank of British Columbia. went the next day to Quesnelle mouth where

Flume Company's ground, and are now working it against the positive orders of the

abiding men on this creek feel mortified, humiliated and disgusted at the farce. They never have admired the Governor's exalted talents or his wonderful administrative ability. They did, however, respect him before; now there is but one feeling for him, and that is energetic measures to retrieve what he has lost. Nothing but the wisest and best counsel promptly and rigidly enforced will ever do this. Unless this is done he (Mr Seymour) unless active measures are taken to sustain true course would be to skedaddle and let the We canuot have a worse ruler. The Canadian Company themselves, who have ruled thus far, when they attempted to, would be

cumstances justify it. At this moment, the one universal sentiment of this community is, that the Colony of British Columbia is too weak to enforce its laws. Nothing but the Governor's course in this matter has given rise to this sentiment. You know well this is erroneous, and you know, too, that it is ruinous and disastrous to the best interests of the Colony. Let its cause be removed then, and the sentiment will follow

### From Cariboo.

We have files of the Sentinel to the 19th inst., from which we glean the following condensed summary of news:-

MINING INTELLIGENCE. Mining operations on Williams Creek had been retarded for want of water, that is the Creek having gone down very much in the last eight or ten days. The following will show the week's yield of a few of the claims: McLaren Co. 117 oz; Dutch Bill Co. 50 oz; Davis Co. 80 oz ; Prairie Flower Co. (for two days) 35 oz; the Aurora Co. washed from twenty-four hours work 526 oz., and again on the 18th, 540 oz., the total for the week being ONE THOUSAND ONE HUNDRED AND TWENTY-EIGHT OUNCES!

On Stout Gulch the Alturas Co. washed up for the week 122 oz.

A new gulch, called Eureka Golch, which empties into William Creek, a short distance below Cameronton, has been staked off

session of by the Government, and that no ed. Seven of them were arrested, however, fleet riding at anchor there. The interior is Scout, now on the way from Panama, with parties be allowed to work the same till such on a charge of resisting the officers of the divided into separate apartments for billiards, several cases of yellow fever aboard. The

McMillan. Schlessinger says that on the day of the forgery he sat under Janion, Green & Rhodes' wharf and smoked a cigar while the officers were searching for him loverhead. President of the Gas Company on Saturday. Company will be held in a few days to conthousand, is exorbitant, and should be reannouncement of reduction might put the undersigned to considerable expense in providing other means for lighting, we hereby inform the Victoria Gas Company that any reduction in the price of gas cannot be accepted by us unless publicly notified by the 15th of September, without the expenses above referred to are assumed by the Victoria Gas Company.

FROM COMOX. &c .- THREE MURDERS .-Nanaimo, and some Indians mixed up with cultivation of cotton to new fields of operathe matter have been arrested. The magistrate held an inquest. Two white men, comrades of the man who was shot, made off in a canoe, and it is supposed that one of them is wounded, as the Indians state that but one of them was seen to use a padd.

THE BIANCHI OPERA TROUPE will make their first appearance here to-morrow evening, at the theatre, in full dress. The company consists of Signorina Bellini, the celebrated prima donna, Signora Garofali (contralto), Signor Bianchi, Signor Bellini and Signora Dolores. "Il Trovatore" will open the performance, which will conclude with "Elixer d'Amour." The fame of this talented troupe has preceded them to this Colony. Hollowar's Pills.—Stomach, Liver and Bowels.—In

The meeting of the Board of Directors of the against her, by the mere instinct of self-preservation against a gigantic peril. The fact sider the propriety of acceding to the desmands of the signers: "Whereas the present price of gas in Victoria, \$7 50 per vism, as interpreted by Russia, is simply a dream of universal military dominion; as duced, we, the undersigned, for the fur-therance of the object beg to notify the Company that we hereby pledge ourselves to dis- The dominant race in Russia is Mongolian : continue the burning of gas on and after the and when of the Czech delegates at Moscow 1st of October, unless the price is reduced said that the sworn enemies of the Sclavonifrom that date to a moderate figure. And whereas it is possible that the Company by deferring unreasonably the reduction or the met to worship.

No More CHEAP Cortons .- Cheap cottons will probably never be known again in this country. In the days of slavery, the negro women of the South constituted fully onehalf of the field force, in the light labor of cotton culture. Even last year they worked in the field to a considerable extent: but a Southern correspondent writes that this year FROM COMOX, &c.—THREE MURDERS.—
The steamer Sir James Douglas came in on Saturday night from Comox, Nanaimo, Cowichan, &c., leaving Comox early same day. She brought down a few passengers, nearly a hundred head of cattle, hogs, &c., eight to be so, and that they (the blacks) will not submit any more to out door work. We have no doubt they will adhere the control of the submit any more to out door work. tons of hay and other produce. She reports to this determination. So the cotton planters must give up all hope of seeing them on Hornby Island, above Nanaimo. The affair arose from whisky selling to the Indians. The bodies were brought down to tion. In California much interest is felt in the attempts making there to cultivate this great staple on a large scale, and it is believed a considerable breadth of land will be devoted to it this year. The appreciation in the price since the prostration of Southern industry, and the establishment of cotton mills nearer to the seat of consumption of manufactures, have created inducements to grow the material not previously existing. While this will tend somewhat to cheapen the product of cotton, there is little probability of ever seeing before-the-war prices current here .- Phil. Ledger.

troupe has preceded them to this Colony. They are spoken of by the press everywhere as among the most accomplished vocalists of the day, and their professional career here will, we hope, be attended with all the success their merits deserve.

HARVESTING.—The work of gathering in the crops proceeds without interruption in all the country districts. The yield will everywhere be large.
