

TO RECOGNIZE
GREATER BRITAINBill Introduced Authorizing the
King to Add to His
Title.

London, July 28.—In the House of Lords today Lord Salisbury, the premier, introduced a bill authorizing King Edward to assume by proclamation within six months after the adoption of the bill, such title as he may think fit to recognize his dominion beyond the seas.

The premier added that his title would probably be as follows: "Edward the Seventh by the Grace of Great Britain and Ireland, and of British Dominion beyond the Sea, King, Defender of the Faith, and Emperor of India."

A NEW MOVE.

National Tube Works Trying to Checkmate the Union.

Pittsburg, July 26.—The National Tube Works Company at McKeesport has made an unexpected move, intended to checkmate the Amalgamated Association. Their skilled workmen have been asked to sign into the contract to practically repudiate any union labor, and they have been given but a short time to think the matter over. It is understood that should they not do so, the contracts they will find their position vacated and the axe is expected to fall tomorrow. It transpired today that late on Thursday evening the six hundred welders of the mills were taken into the office of the general superintendent, where they were presented with individual contracts to be signed for at least a year. Some demurred, while others, signed the contracts. This movement, fighting fire with fire, carried consternation into the ranks of the strikers. It was intimated tonight by friends of the welders that they would all sign the contracts. President Shaffer was closely confined to his office today, and there was a constant stream of visitors coming on him, who were shown in as soon as possible. These visitors were mostly mill workers, and a number were recognized as McKeesport men. While the rank and file of the strikers are not acquainted with the plans of the campaign, they now believe that there is some important development to take place which will change the aspect of affairs considerably.

DEPORTED FROM RUSSIA.

United States Writer Ordered to Leave the Country.

St. Petersburg, July 26.—A high Russian police officer called upon George Kennan, the American author and lecturer, at his hotel on Thursday evening and informed him he must leave the country by 10 o'clock this (Friday) evening. Mr. Kennan was not allowed to leave his room in the interim, but he was courteously treated.

This action by the Russian authorities is taken under the law giving the minister of the interior authority to expel undesirable foreigners. The notice served upon Mr. Kennan characterized him as "untrustworthy, politically."

Mr. Kennan as informed that the United States minister to Russia, Charles M. Tower, of this action of the Russian authorities, but has not asked Mr. Tower to intervene in the matter. Mr. Kennan, in 1881, published his "Siberia and the Exile System," the results of an investigation made in Siberia in 1885-1888. This work attracted wide attention, and was translated into most of the European languages.
