L. G. HARRIS & Co.,
Successors to Ritchie & Harris,
15 Yonge-st. Arcade,
desire to call the attention of their patrons, both in Toronto and elsewhere, as well as the public in general, to the large sheet in to-day's issue, giving a detailed account of "Mimico," or New Toronto, showing the location of the new town and giving cuts of the various buildings, factories, etc., erected or in course of erection; showing the great advancement Mimico is making towards being a large manufacturing centre, Toronto's best suburb and most desirable place for investment in the market.
Great credit is due Mr. Joseph Barrett for his enterprise and untiring efforts, under a great expense, in pushing New Toronto to the front.
The new station shown in the cut will be within three minutes' walk of the property we are offering for sale. The price of land in this locality must double within the next six months. Remember there are six factories yet to be built which are guaranteed, besides numerous applicants, both from Toronto and other parts of Ontario who want to locate there.

J. CURRY'S LIST.
WHERE THE CROWD GOES
THAT TELLS THE STORY.
For a time the multitude are governed by the opinions of a few, but in the end men think for themselves. And the verdict is Mimico.
These important factors should enter your calculation.
Time from Toronto Union Station, less than 15 minutes.
Fare—monthly ticket, 3¼ cents less than street car transportation for one block.
Did you ever think of this? This suburb is the most beautiful near Toronto; nothing to equal it.
Only $50 to start your ownership and balance monthly will soon pay for a beautiful building lot close to new station and several factories. Public School and general store in course of erection on plan of property.
These are the lots to invest in, and cheaper than having them given to you in many other places, and you will say so before one year. Think of owning such property adjoining a city like Toronto, soon to be equipped by four railroads and magnificent depot!
And a healthful place to live in, where you can witness the miraculous improvements which are and will take place within the next few years.
