BY-LAW NO. 2, 1907, OF TOWNSHIP OF WARWICK.

A By-law to provide for drainage work in the Township of Warwick in the County of Lambton, and for borrowing on the credit of the Municipality the sum of \$614.40 for completing the same. Provisionally adopted the 11th day of February, 1907.

Whereas, Robert Wilson, one of the parties interested and assessed for the construction of the Leach Local Drain, has petitioned the Council of the said Township of Warwick to have the said Leach Drain repaired, and whereas thereupon the said Council has procured an examination to be made by C. A. Jones being a person competent for such purpose, of the said drain and the means suggested for said repair of said drain and of other lands and roads liable to assessment under the Municipal Drainage Act, and has also procured plans, specifications and estimates of the drainage work to be made by the said C. A. Jones, and an assessment to be made by him of the lands and roads to be benefited by such repair of the said Leach Drain and of other lands and roads liable for contribution thereto, stating as nearly as he can the proportionate benefit, outlet liability and injurious liability, which in his opinion will be derived or incurred in consequence of such drainage work by every road and lot, or portion of lot, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the road and lots or parts of lots hereinafter in that behalf, specially set forth and described and the report of the said C. A. Jones in respect thereof, and of the said drainage work being as follows:

Petrolia, October 29th, 1906.
To the Municipal Council, Township of Warwick.
GENTLEMEN:—In compliance with instructions received from your Honorable Body I have made an examination of the Leach Drain lots 5 to 11 inclusive, concession 5, S.E.R. of your Township and would recommend its being repaired as it is considerably filled in since its last repair.
I would also recommend improving the lower portion across the easterly 2 of lot 5 extending its short distance into the drain on the northerly side of the Grand Trunk Railway right of way. The improvement referred to across the easterly 2 of lot 5 would consist of deepening it considerably across this lot more than in the last repair as the improved outlet on the G. T. Ry. will permit of this.
The culverts on the 67 sideroad and 910 sideroad are very much out of repair and need replacing with new ones the cost of which I have included in my estimate of the cost of the proposed work.
I have also determined that I have made in stations of 2 chains or 8 rods each commencing with station 0 at the ad of the proposed work, which is the line between the west 1/2 and east 1/2 of lot 11 and station 106 at its outlet into the drain on the G. T. Ry. properly making a total length of 784 rods. Each stake is figured the distance it is in chains from stake 0 at its head.

I have also prepared plan, profile specification of work, estimate of cost and schedule of assessment on the lands and roads affected, all of which I herewith submit.
Following is my estimate of cost of the proposed work:
Excavating at 0 to 40, 100 rods at 50c per rod \$ 50 00
" 40 to 122 rods at 50c " 61 00
" 122 to 129 rods at 50c " 69 00
" 129 to 136 rods at 50c " 69 00
Building new culvert on 910 sideroad..... 30 00
Publishing by-law and registering same..... 9 00
Township Clerk's fees..... 7 00
Letting and inspecting work..... 20 00
Survey, plan, estimate and report..... 37 50
Assistance on survey..... 4 50
Total estimated cost of work..... \$614 40

SPECIFICATION OF WORK.
The drain is to be dug to the depths and dimensions shown and figured on the accompanying profile with sides sloped 1 horizontal to 1 vertical and the bottom an even grade between stations.
Where a fence is constructed along one side of the drain, the earth is all to be cast to the side opposite the fence and where no fence exists along the side of the drain, the earth is to be cast about equally on

4th. For paying the sum of \$86.90 the amount assessed against the said roads of the Municipality and for covering interest thereon for 5 years at the rate of 4 per centum per annum, a special rate on the dollar sufficient to produce the required yearly amount thereof shall over and above all other rates be levied and collected, (in the same manner and at the same time as other taxes are collected) upon and from the whole rateable property in the said Township of Warwick in each year for 5 years after the final passing of this By-law during which the said debentures have to run.
5th. This By-law shall be published once in every week for four consecutive weeks in the GUIDE-ADVOCATE newspaper, published in the village of Watford, and shall come into force upon and after the final passing thereof, and may be cited as the Leach Local Drain By-law.
— Reeve. — Clerk.

The Wrong and Wright of It.
There were two men in our town,
Come listen to my song,
The name of one of these was Wright,
The other's name was Wrong,
And yet, so strange are Nature's ways,
That thus concludes my song,
The one called Wrong was mostly right,
While Wright was mostly wrong.
Infants too young to take medicine may be cured of croup, whooping cough and colds by using Vapo-Cresolene—they breathe it.

each side, at least 3 feet clear of the edge of the drain in all cases and evenly spread so as not to be more than 2 inches in depth nor 20 feet in width. In the extension from 100 to 106 the centre line of the drain is to be 6 feet from the line of stake and any turns or bends therein to be made with a gradual curve.
All branch drains or runways entering this main drain to be left perfectly clear of any excavated earth.
Any cross fences required to be removed by the contractor in the performance of the work shall be replaced by him immediately after the completion of the drain opposite such fences.
The depths figured in black are from the ground beside the stake on the side next the drain and are to govern in preference to those in red which are approximately the amount of deepening of the present drain, and should any error appear in the figured depth at any stake, the grade is to be made to conform with that shown on the profile.
Build two new culverts or bridges, one on the 67 sideroad and one on the 910 sideroad, the former to be 9 feet wide in the clear and 20 feet long, and the latter 5 feet wide in the clear and 30 feet long. The posts for same to be at least 9 inches diameter placed at 3 feet centres and sunk at least 2 1/2 feet below the bottom of the drain, to be backed the full depth of the drain with 2 inch elm or hemlock plank and the stringers covered with 3 inch pine plank.
All work to be done to the entire satisfaction of the Commissioner in charge of the work.

I have the honor to remain,
Your obedient servant,
C. A. JONES, C.E.S. & C.E.

And whereas the said Council are of opinion that the repairing of the said Leach Drain is desirable, and therefore the said Municipal Council of the said Township of Warwick, pursuant to the provisions of the Municipal Drainage Act enacts as follows:
1. The said report, plans, specifications, assessments and estimates are hereby adopted and the drainage work as therein indicated and set forth to be made and constructed in accordance therewith.
2. The Reeve of the said Municipality may borrow on the credit of the Corporation of the said Township of Warwick the sum of Six Hundred and Fourteen Dollars and Forty Cents, being the sum charged for the benefit, and to have attached to the Corporation so that amount in sums of not less than \$50.00 each and payable within five years from the date the said interest at the rate of 4 per centum per annum that is to say in five equal annual payments, such debentures to be payable at the Treasurer's office of Warwick, and to have attached to them coupons for the payment of interest.
3. For payment of the sum of \$86.90 the amount charged against the said lands and roads, and the sum of \$174.00 the amount charged against the said lands and roads, apart from roads belonging to or controlled by the Municipality and for covering late interest thereon for five years at the rate of 4 per centum per annum, the following total special rates over and above all other rates shall be assessed, levied and collected in the same manner and at the same times as other rates are levied and collected upon and from the undermentioned lots and parts of lots, and the amount if the said total special rates shall be divided into 5 equal parts and one such part shall be assessed, levied and collected as aforesaid, in each year for 5 years, after the final passing of this by-law, during which the said debentures have to run.

NOTICE.
I, Nathaniel Herbert, Clerk of the Township of Warwick, in the County of Lambton, do hereby certify the foregoing to be a true copy of a By-law provisionally adopted by the Council of the said Township of Warwick on the 11th day of February, and a Court of Revision will be held on the same at 8 o'clock p.m. on Monday, the 18th day of March, in Town Hall, Warwick Village.
And take notice that anyone intending to apply to have the said By-law or any part thereof quashed must not later than ten days after the final passing thereof serve notice in writing upon the Reeve and the Clerk of the Municipality of his intention to make application for that purpose to the High Court at Toronto during the six weeks next ensuing the final passing of the By-law.
NATHANIEL HERBERT, Clerk.

Ontario Flour.

It is a short-sighted policy, and an exceedingly expensive policy, for our people to buy Manitoba wheat flour, when we have the best flour in the world right here at home.

It is high time that we all realize that every dollar spent for Manitoba wheat flour means a dollar taken out of the pockets of the Ontario people and put into the pockets of the Manitoba farmers and millers. We, in Ontario, are much to blame for this. Our farmers raise too little wheat, and what little is raised, is sold outside the province in either wheat or flour.

Then they turn around and buy Manitoba wheat flour. They sell at the wholesale price and buy at the retail price, which includes expensive freight charges from the Northwest. And the western farmers make all the profits.
How much better to grow Ontario wheat, sell Ontario wheat, buy Ontario flour, and keep all this money at home among our own people. It means, not only money saved, but it also means giving our wives and mothers and sisters better flour for their baking. It is a fact that a blend of Ontario wheat, with a little Manitoba wheat, makes the best all-around flour that can be milled. In the open markets of the world—in Great Britain, in Europe, in the United States—the blended flours command the highest prices. Down in Nova Scotia, and in fact throughout the Maritime Provinces, blended flours are properly appreciated and used in preference to all others.

Our farmers should get the idea out of their heads that "there is no money in Ontario wheat." There is a steady and increasing demand for prime Ontario wheat, and wheat nets an excellent profit. The demand regulates the supply. With more Ontario flour being used, more wheat will be grown. Our farmers will plant larger wheat fields, harvest larger crops, and make more money.
The whole Province will share in the benefits. On the prosperity of the farmer, depends the prosperity of the nation. And the prosperous community is the one that is able to live within itself and selling to its neighbors its surplus, and to buy from them only that which they can supply to better advantage.

Easy to Retain Benefit.
Most important of all is proper attention to the bowels. Avoid constipation it's the health-killer of today. Harsh, gripping medicine is ruinous—beware of it. Best results follow a truly vegetable remedy like Dr. Hamilton's Pills of Mandrake and Butternut which not only relieve constiveness in one night but cures the cause of the trouble and prevents its return. No distress or inconvenience attends the use of Dr. Hamilton's Pills which are world famous for their mildness and efficiency. Sold everywhere, 25c per box.

PLYMPTON.
Mr. Hill, of Strathroy, is a guest of his cousins at Ketch.
Telford Dell, of Strathroy, is renewing old acquaintances among his associates at Ketch.
Mr. Sharpe and family moved into their comfortable quarters this week, on the farm purchased from Robt. Hart.
John McCormick, who has been spending a couple of weeks with friends in Strathroy, returned home last week.
Alex. Minnelly and Sandy Dawson were Delegates at the Convention held in Sarnia on last Monday by the K. O. T. M.
Another successful entertainment was given by the Ketch Literary Society on Monday evening and all were more than satisfied with the evening's enjoyment.
Miss Louisa Tait, who has been employed at Dr. and Mrs. Eccles, of London, returned home last week while the Dr. and wife are absent for a two months trip in Italy.
The friends of Miss Retta Dodds, Ketch, will be glad to hear that she passed her examination in music. Miss Smith, her instructor, is to be congratulated as well as her pupil.
Now that the Utoxoeter P. O. is reopened it is to be hoped that it will be well patronized and thus increase the revenue of postage stamps by purchasing their supply of stamps at that office and in the near future they may be served with a daily mail.

On the 20th inst. Wm. Bannister and Ben McCormick went to Dawn for a load of seed, oats and while there during the night, Mr. Bannister's horse got sick, breaking the leg below the knee, and had to be shot which is a serious loss he having refused \$175 for the horse.
On the 20th inst. Wm. H. Wilkinson, 6th con., who sold three head of butcher's cattle to a buyer and was driving them to Warwick when they were overtaken by John Dobbin who forbid the purchase and they were taken back awaiting the results of the examination by the Provincial Health Inspector.

Is Your Cold Better?
No, it's as bad as ever. Nothing seems to help. Why not the up-to-date specific "Catarrhozone," which drives out cold in one day. Inhale Catarrhozone and you will be relieved in two minutes. Continue the treatment and cure is assured. Healing, germ destroying and pleasant, nothing for colds, throat trouble and Catarrh, compare with Catarrhozone. Sold everywhere, 25c and \$1.00.

MARRIED.
On Thursday, Jan. 31, by the Rev. C. Couzens, the marriage, at the residence of Mr. B. Frank Hamilton, of Bosanquet, to Miss Margaret McLaughlin, of Sarnia.
At the Manse, Theodora, on Wednesday, Feb. 2nd, by the Rev. H. Currie, R. A. Alex. Lithgow to Isabella Ross, all of Bosanquet.

A lady writes: "I was enabled to remove the corns, root and branch, by the use of Holloway's Corn Cure." Others who have tried it have the same experience.
