A CURE! FOR ALL!!

HOLLOWAY'S OINTMENT! AN EXTRAORDINARY CURE.

26 Holes on one Leg, and 14 on the Other, On Couches! 2 1/2 Years Afflicted? The Lord Mayor of London affixed his Signature as Witness to the following Solemn Declaration:

I JAMES STANLEY, Gentleman's Servant, residing at Long Ditton, Kingston-upon-Thames do hereby solemnly declare that for the last Two Years and a half I was (in consequence of being badly afflicted with Ulcers in both Legs) quite incapable of getting my Living. I then declare that I sought relief of several Eminent Medical Men, both in Town and Country, but my case only got worse instead of better, under their Treatment. I then declare that in or about the beginning of June last I was admitted as a patient at the North London Hospital, and there remaining for about six Weeks, in a Institution cold houses and cloths dipped in cold water were applied to the Ulcers; by these repelling means and the use of tight bandages, the Ulcers were made a skin tight over, and I left the Hospital although at the time there was great pain and soreness in my Legs, which almost immediately broke out in a far more dangerous state than before so that on my leaving I had twenty-six holes on my right Leg and sixteen on my left Leg, which indeed my Legs appeared a frightful mass of corruption.

I lastly declare, that I was in this state the middle of seven months at which time I first commenced the use of HOLLOWAY'S PILLS AND OINTMENT, which in a very short time restored to health and soundness, very one of the Wounds, and in consequence of getting my Living. I then declare that I was twenty-eight miles, without feeling in my Legs the least of being cured, the distance of my journey. I therefore if I had not been cured by these Extraordinary Medicines, my Legs must have been amputated, as the only means of saving my Life. JAN. STANLEY. Declared at the Mansion House, in the city of London, the 14th day of November, 1842.
