Tanger valuable Hambletonian colt

The core valuable H that I prized very highly, he had a large bone spavin on one joint and a small one on the other which made him very lame; I had him under the charge of two veterinary surgeons which failed to cure him. I was one day reading the advertisement of Kendall's Spavin Cure in the Chicago Express. I determined at once to try it and got our druggists here to send for it, they ordered three bottles; I took them all and thought I would give it a thorough trial, I used it according to directions and the lumps have disappeared. I used but one bottle and the colt's limbs are as free from lumps and as smooth as any horse in the state. He is entirely cured. The cure was so remarkable that I let two of my neighbors have the remaining two

As a last resort I advised my cousin to try a bottle of Kendall's Spavin Cure. It had a magical effect, the third bottle cured it and the borse is as well as ever. B. J. Kendall & Co., Gents:—Having got a horse book of you by mail a year ago, the contents—of which persuaded me to try Kendall's Spavin Cure on the hind leg of one of my horses which was badly swollen and could not be reduced by any other remedy. I got two bottles of Kendall's Spavin Cure of Preston & Ludduth, Druggists of Waseca, which completely cured my horse. About five years ago I had a three year old colt sweenied very badly. I used your remedy as given in your book without roweling, and I must say to your credit that the colt is entirely cured, which is a surprise not only to myself but also to my neighbors. You sent me the book for the trifling sum of 25 cents and if I could not get another alike it I would not take twentyfive dollars for it. Yours truly,

I had seventeen miles to go, and a hard seventeen it was, too. The night was guite clear, but the wind was cold and sharp, the loose snow flying in all directions, while the drifts were deep and closely packed. It was slow, tedious work, and my horses soon became leg-weary and restive. At the distance of six miles I came to a settlement called Bull's Corner, where I took fresh horses.
