DUFF'S WHITE AND BLACK MINORCAS AND BARRED PLYMOUTH ROCKS

== 3 HAVE shipped birds and eggs to South Africa, and all parts of the United States and Canada, where they have been very successful. The bulk of the Minorcas which won at the great London Show were bred by me. At Toronto, Industrial, 1897, I won for the fourth successive year, with my White Minorca, the first prize in the Mediterranean class; also, 2nd Cock, 2nd Hen, and 1st Bird in the American class in cockerel. Send your order for eggs at 25¢ per setting; two

Embossed METALLIC CEILING

The many advantages of their use as a modern substitute for wood and plaster lie in the fact that they are light in weight, will not crack nor drop off, consequently no danger of falling plaster; are unquestionably durable, having airtight joints, are easily applied, are practically fire proof, are highly artistic, do not harbor vermin or germs of disease, and possess splendid acoustic properties, in addition to many other points of excellence over any other form of interior decoration.

TESTIMONIAL

BUFFALO, Mass., Nov. 30th, 1897.
DEAR SIR, I am pleased to say that in treating the only two cases I have had since receiving your medicine it has proved to be all you claim. I cured the two cases effectually with two applications, using only one quarter of the contents of one 32 cent bottle. For further particulars, see my letter to *Verona West Farmer*, sent for next issue.

Yours truly,
W. A. DALE.
