STUDENTS are generally a lively lot of fellows, and sometimes they go as far as to play football with their hats: this lands them into expense, but, since they know that they can get good new stylish hats at Allans' for so little money, it is not so serious a matter. But Allans can also sell them everything they wear, from a collar button to a suit of clothes, for any time or occasion. He sells as good goods as money can buy, for really for the man of moderate means and moderate wants. We take back what you don't want and return the money. It costs you nothing to trade here, besides, you are sure to save something on your purchases. 5 per cent. off all purchases over one dollar. Remember our prices are about 25 per cent. below others. Your trade is let for Hats, Caps, Clothings and Furnishings. **ALLANS' UP-TOWN BRANCH STORE, 2200 St. Catherine Street, Montreal.**
