

"BEAVER" SULKY

This BEAVER Sulky Plow can be fitted with wide or narrow bottoms, so is adapted to all classes of work. The triangular wheel arrangement makes it very easy riding over the roughest ground. The rod connection between farrow and rear wheel axles enables it to follow closely every irregularity of the surface, and makes for continuous, uniform furrows. Furnished with rolling or knife colter or jointer; choice of several bottoms.

For 37 Years

the name COCKSHUTT has been Canada's household word for the very best plows. From Newfoundland to Vancouver, these famous plows have been the forerunners of bigger and better crops.

COCKSHUTT PLOWS

"ONTARIO" FOOT-LIFT

This ONTARIO Foot-lift Sulky is the most practical Sulky-Plow built. Raising and lowering of the plow is controlled by foot. A powerful helper-spring makes the operation remarkably easy. A never-failing lock positively holds the plow down to its work or clear of the ground, as desired. So simple and easily controlled is this plow that any boy can handle it. Rolling or knife colter or jointer, as desired. Several different bottoms, to meet the needs of your soil.

See these plows at your nearest dealer, or drop us a card for our complete Plow Book.

—in every type, from light walking plow to 12-furrow engine gang—in every soil, from lightest sand to heaviest clay—have proven their ability to turn the deepest furrow in the shortest time with the least effort of operator and horses.

From steel bar to finished implement, COCKSHUTT PLOWS are made entirely in the Cockshutt Plant. That's why we can guarantee them to give you absolute satisfaction in every respect.
