BELCHIES FARBER'S ALMANACK —This time honored Annual is just out of the Press. It shows not the least decline in the quality and userumess of the contents through which it has attained the widest eclebrity of any similar publication in Nova Scotia. The materials of Belber's Almanack are so slithuily arranged, that the work presents a vist amount of information, needful to every body, in a very compact and next form, and the price is considerably under its intrinsic value. —Academ Recorder.
