

We supply  
both  
Serum and  
Globulins

THOUSANDS of physicians  
use no other diphtheria anti-  
toxin than the old "stand-by"—

Parke, Davis & Co.'s  
Antidiphtheric Serum.

Other thousands are using the  
newer product—

Parke, Davis & Co.'s  
Antidiphtheric Globulins

(the globulins of antidiphtheric  
serum; more concentrated  
than the regular serum; smaller  
package per given number of  
units).

Both Serum and Globulins  
are prepared with scrupulous  
care. Both are rigidly tested, bacteriologically and physiologi-  
cally. Both are of assured purity, potency and uniformity.

#### PISTON-SYRINGE CONTAINERS.

500, 1000, 2000, 3000, 4000 and 5000 units.

NOTE.—We also supply Antidiphtheric Globulins, Dry—the globulins of  
antidiphtheric serum precipitated, purified and dried—a highly concentrated  
antitoxin that remains permanent indefinitely. Bulbs of 3000 units.

Write for Illustrated Brochure on "Serums and Vaccines."
