THE INTERNATIONAL

Throat & Lung Institute,
172 Church St., TORONTO.

The above-named Institute was established in 1872 for the relief and cure of all Nasal, Throat and Lung diseases. Marvellous success has been achieved in the cure of

Catarrh, Catarrhal Deafness,
Bronchitis, Asthma,
Consumption

and all kindred affections.

A new remedy has been discovered for the cure of Catarrh and Catarrhal Deafness in from one to two weeks by the continuous antiseptic treatment. We do not publish the names of our patients cured or resort to bunkum cures to induce others to take our treatment. A guarantee given in every case undertaken, and no case undertaken unless there is a moral certainty of generally benefiting or effecting a cure. Address all communications to Dr. Kennedy, Director of Institute, 173 Church Street, Toronto.

Psoriasis and Lepra.

A Most Wonderful Case!

This cut represents Mr. Mott, of the firm of Mott & Steer, dealers in tin toys, fancy goods, etc., 227 Yonge Street, Toronto.

Mr. Mott has been a victim of this terrible disease for years, and has in vain sought for help from the best medical men in Canada and the United States, eight different doctors having failed even to give relief. His disease went on spreading until nearly one-third of the skin on his body was a foul, angry, purple, open, scabby sore. A little over four months ago Mr. Mott became a patient of Dr. McCully, Medical Director of the Medical and Surgical Association of Canada. Dr. McCully's treatment at once arrested the disease. The scabs were removed and the sores cleansed by electricity, and the surface prepared to heal up. The healing process rapidly went forward and now Mr. Mott can boast that he is once more sound and well.

In the interest of sufferers from skin disease we are permitted to use this case and publish it. And we are permitted to say that our late patient will be only too happy to answer any enquiry that may be made of him at his store.

We Cure every form of Skin Disease, except Asiatic leprosy, including all the rheums.
