PROSPECTUS.

Secretary.

THIS College is conducted by the Fathers of the

Society of Jesus. Opened on the 20th of September, 1848, it was Incorporated by an Act of Provincial Parliament in 1852, after adding a course of Law to its teaching department.

The course of instruction, of which Religion forms the leading object, is divided into two sections, the Classical and the Commercial Courses.

The former embraces the Greek, Latin, French and English languages, and terminates with Philosophy. In the latter, French and English are the only languages taught; a special attention is given to Book-keeping and whatever else may fit a youth for Commercial pursuits.

Besides, the Students of either section learn, each one according to his talent and degree, History and Geography, Arithmetic or higher branches of Mathematics, Literature and Natural Science.

Music and other Fine Arts are taught only on a special demand of parents; they form extra charges. There are, moreover, Elementary and Preparatory Classes for younger students.

For Day Scholars . . . . \$3.00 per month. For Half-Boarders ..... 7.00

For Boarders,,.......15.00

Books and Stationary, Washing, Bed, and Bedding as well as the Physician's Fees, form extra charges.

the softness of skin produced by its use taking away the natural inclination of the cuticle to form into ridges and furrows. Murray & Lanman's Florida Water is really the most delightful and efficacious of toilet waters, every thing entering into its composition being of the finest quality, and so combined as to secure their best effects. It never changes nor alters, keeping fer any length of time, and in any climate, as delicate and fresh as at the moment of its preparation. It is also very extensively used as a dentifrice, on account of the

EXQUISITE FRAGRANCE

which it leaves in the mouth. The proportions should be about a tea-spoonful to a glass of pure water. It neutralizes the minute particles of food lodging in the mouth, and which are the prolific cause of decayed teeth, bad breadth, and unhealthy, white looking gums. Moreover, by the use of Murray & Lanman's Florida Water the breath is made sweet and pleasant, and the teeth white without any danger of injuring the enamel, a difficulty existing with nearly all the mouth lotions and powders for the teeth. As a general thing, ladies who make any pretensions to refinement desire to have

### SOFT WHITE HANDS.

We believe that there is nothing will tend more to produce this effect than the constant use of Murray & Lanman's Florida Water mixed with the water in the basin. It removes redness and roughness. The ladies of Cuba and South America were the first to discover the extraordinary virtues of this floral water as a cosmetic, and, after twenty-five years of everyday use, they have decided that it is the only fragrant distillation combining all the requisites for a safe and reliable beautifier of the skin, as well as an Water is its wonderful

### VEGETABLE MEDICINES.

By a species of instinctive feeling, the people of nearly all countries are greatly averse to those medicinal preparations which contain mineral substances amongst their ingredients. And yet, if the question was asked why they objected to this class of medicines, we presume few could give an intelligent answer. Nevertheless, the aversion is well founded.

All mineral substances, when taken into the sto-mach, are cumulative in their nature—that is to say, they remain either partly or wholly in the system and accumulate with each additional dose, until in many cases the result is death. For example, arsenic, although known to be a deadly poison, yet in certain parts of Switzerland is extensively used by the mountain guides as a means of giving them, vulgarly speaking 'long wind.' But although it is thus beneficial for a time, the ultimate result is always

It therefore becomes evident that the popular dislike to mineral medicines is well founded, and it is doubtless in a great measure to the entire absence of any mineral substance that the wonderful success of

BRISTOL'S SARSAPARILLA

in this country is to be ascribed. It is prepared from the best quality of the Sarsaparilla Root, with which are combined other cleansing, purifying, and healing roots, barks, leaves, and balsamic gums-the whole, without doubt, making the best depurative and most valuable medicine known to the faculty.— The preparation of this great remedy is carried on under the personal supervision of the most scientific chemists and pharmaceutists, and none but the choic st ingredients are ever allowed to enter into its composition. The result is, that its action is always uniform and reliable. Its effects upon the BLOOD AND HUMORS

is to purge and purify them of every atom of disease and to instil into the general system a degree of vigorous, natural life, that enables even the weakly and fragile to throw off and resist the attacks of disease. All old sores and eruptions of a scrofulous or syphilitic nature, all ulcerous diseases, Salt Rheum, Carbuncles, Boils, Blotches, or Pimples are SPEEDILY HEADED

and removed, and a new elasticity and vigor given to the body that is indeed most agreeable. In every case when there is reason to suspect the blood and humors of being impure or vitiated from whatever cause, Bristol's Vegetable Sugar-coated Pills should be used in conjunction with the Sarsaparilla, as they carry off the depraved matter, and a complete cure more speedily ensues.
