

pedient that steps should be taken to stop this evil." Such was the treatment of "political prisoners" at a time when the Grand Duke, according to the recent receipt of the Czar, was animated with "good-will" towards the Poles. Now, the Czar tells us that the good-will and mild Government of the Grand Duke have, "by the permanent and constantly increasing character of insurrection," become incompatible with the stern necessities of the present administration.

Henceforth the Mouravieffs and De Berge are to have their own way. Can your readers imagine what must be taking place when Muscovite severity is now avowedly substituted for Muscovite good-will—the good will having been exemplified by the close packing of political prisoners so that they could not lie down, the imprisonment of little children, and mothers with children at the breast, and the disregard of human life recorded in the official report from which I have quoted?

I have often heard it said that the Russian police must be great brutes to punish little children for political offences; but whatever may be the nature of the Russian police, we should not, in this instance, condemn them too rashly. They are only fulfilling the Imperial law. Not long since I saw the little children in Poland, and even the babies at the mothers' breasts, all dressed in mourning. The Emperor of Russia has deliberately ratified Mouravieff's proclamations, declaring that mourning worn by any individual whatever is a political crime, entailing fine and imprisonment for the first two offences, and flogging for the third. The police are therefore only carrying out the laws, as the Imperial ordinances are called; and to the Emperor Alexander II. and his lieutenants must be reserved the credit of inventing a political crime which may be committed even by an infant at the breast.

As Mr. Martini speaks as a Russian, and a zealous defender of the foreigners who are now endeavoring to exterminate the Poles, some of his admissions and sentiments are worth repeating:—

"The country is swamped with soldiery."

"It is decidedly true that these parts suffer terribly, and are going to be ruined."

"The measures of the two Mouravieffs, father and son, might be looked at as cruel if considered as aggressive ones; but they are quite natural."

"The Mouravieffs are just men, who serve in righteously the Czar. Their acting with energy is the more meritorious as they fear not the present outcry of Europe."

These instructive sentences of the Russian advocate are written, I suspect, with the more genuine sincerity than that mysterious passage in Lord Russell's last despatch, in which he tells Prince Gortschakoff of the profound satisfaction Her Majesty's Government experienced on being informed that the Emperor of Russia continues to be animated with benevolent intentions towards the Poles.

I am, Sir, your obedient servant,

Nov. 20. J. POPE HENNESSY.

BETWEEN HEALTH and the GRAVE there is but a thin partition, and all who value life are willing, it is presumed, to do their best to prevent disease from breaking it down. Who so mad as to await the final attack, when the first onset can be repelled with Bristol's sugar-coated Pills, a preparation so genial and balsamic, so searching, yet so invigorating, that while it fights down the complaint, and expels its cause, it also builds up the strength and braces the constitution of the patient. Composed of antiscorbutic and cathartic vegetable ingredients, at once save and searching, it is the only cure for disorders of the stomach, the liver, and the bowels, which can be relied upon under all circumstances, and in all climates. The idea of pain is justly associated with ordinary purgatives; but Bristol's sugar-coated Pills do not create an uneasy sensation, either in the stomach or the alimentary passages. Need it be said that they are the best household cathartic and alterative at present known? They are put up in glass vials, and will keep in any climate. In all cases arising from, or aggravated by impure blood, Bristol's Sarsaparilla should be used in connection with the Pills. 409, J. F. Henry & Co., Montreal, General agents for Canada. MURRAY & LANMAN'S FLORIDA WATER from its great celebrity in South America and West India markets, for which for twenty years it was exclusively manufactured, has been extensively imitated in this country. Now, however, the original article has been introduced, and as it bears the distinctive trade mark of the proprietors may be readily distinguished by its external from the simulated preparations. The internal tokens of genuineness are still more unmistakable, for Murray & Lanman's Florida Water has the odor of the fresh tropical flowers and plants from which it is prepared, and exposure to the air increases the delicacy of the aroma, instead of producing a sickening effluvia as is the case with toilet waters scented with strong essential oils.

NOTICE.—HOSTETTER'S BITTERS.—Sea-Sickness Cured.—Let us whisper in the ears of all who go down to the sea in ships that HOSTETTER'S STOMACH BITTERS positively, immediately and infallibly cure nausea at sea. Brandy has been tried within, plasters have been tried without—a thousand nostrums have been recommended for this most distressing and overwhelming drawback on the pleasures of a sea voyage. They have all failed, utterly failed. But the proprietors of Hostetter's Bitters make their reputation on the efficacy of the preparation as a means of calming and strengthening the disordered stomach during the stormiest voyage. It is certain to act in one of two ways; it may either stay the perturbed stomach at once, and restore the appetite for food, or it may cause a discharge of the contents of the organs, to be followed almost instantly by an entire relief from sea-sickness, and renewed relish for the good things of life. That it will effect the desired object in one of these ways is as certain as that morn will follow midnight.

No landman, and above all no lady, should go to sea without a supply of Hostetter's Bitters; the most tonic and the most powerful restorative extant.

AN OPENING FOR AN EDITOR.—A RARE CHANCE. If anybody wants to edit the *Vicksburg Sentinel*, he may be edited by the following brief history of some of the men who have figured in that position. Dr. James Hagan took hold in 1837, had a number of fights, a duel with his brother editor of the *Wing*, and was killed in 1842, in a street fight, by Dr. W. Adams. His assistant, Isaac O. Partridge, died of yellow fever in 1849. Dr. J. S. Fall, another assistant, had a number of fights, in one of which he was badly wounded. James Ryan, next editor, was killed by R. E. Hammit, of the *Wing*. Next came Walter Hickey, who had several rows and was repeatedly wounded; he killed Dr. Macklin, and was soon after himself killed in Texas. John Larvin, another editor, was imprisoned for the violence of his articles. Mr. Jenkins, his successor, was killed in the street, by H. A. Crabbe; Crabbe was murdered by Sonora. F. O. Jones succeeded Jenkins, but soon afterwards drowned himself.

The Abolitionists used to be called "negro worshippers." They are proving that their true denomination is "negro murderers."

WHAT ABOLITIONISM IS DOING FOR THE NEGROES.—The emancipation proclamation was intended to free the negroes. According to reports of the Administration's own agents it has made forty thousand of them, along the banks of the Mississippi, free to starve, free to perish of cold and neglect, or free to die of disease in the swamps and bayous of that great river. This is the first result of Abolition philanthropy towards those whose welfare it professedly attempts to advance.—*Dayton Empire*.

IT IS
ASTONISHING!

Still another grateful letter sent to
Messrs. Devins & Bolton, Lamplough,
from the Court-house, Montreal:—

Dear Sirs.—For years I have suffered severely from liver complaint, constant pain in the side, no appetite, intense drowsiness, and a sense of suffocation, compelling me at times to remain in bed for three or four days. For two years I was constantly taking medicine, under the advice of two of our best city physicians, without getting any relief. By their orders I spent the whole of last summer in the country, but without benefit. Last March I was advised by a friend, who knew its virtues, to try Bristol's Sarsaparilla. I had but one condition in my mind, and was fearful of getting worse. After I had used its effect was most beneficial, and my liver complaint became almost entirely cured. I used it all twelve bottles, and am now as strong and well as any man could desire.

Yours and I think my case known to the public.

WISTAR'S BALSAM

—OF—
WILD CHERRY

Has been used for nearly
HALF A CENTURY,

With the most astonishing success in Curing
Coughs, Colds, Hoarseness, Sore Throat, Influenza,
Whooping Cough, Croup, Liver Complaint,
Bronchitis, Difficulty of Breathing,
Asthma, and every affection of
THE THROAT, LUNGS AND CHEST,

Including even
CONSUMPTION.

There is scarcely one individual in
the community who wholly escapes,
during a season, from some one, or
ever slightly developed, of the above
symptoms—a neglect of which might
lead to the last named, and most to be
dreaded disease in the whole catalogue.

The power of the "medicinal gum" of
the Wild Cherry Tree over this class of
complaints is well known; so great is
the good it has performed, and so great
the popularity it has acquired.

In this preparation, besides the virtues
of the Cherry, there are commingled
with it other ingredients of like
value, thus increasing its value ten
fold, and forming a Remedy whose power to soothe
to heal, to relieve, and to cure disease, exists in no
other medicine yet discovered.

CERTIFICATE FROM L. J. RAGINE, Esq., of the
Minerve:—
Montreal, C.E., Oct. 20, 1859.

S. W. Fowle & Co., Boston—Gentlemen.—Having
experienced the most gratifying results from the use
of Dr. Wistar's Balsam of Wild Cherry, I am induced
to express the great confidence which I have in its
efficacy. For nine months I was most cruelly affec-
ted with a severe and obstinate cough, accompanied
with acute pain in the side, which did not leave me,
summer or winter. In October the symptoms in-
creased alarmingly, and so reduced was I that I
could walk but a few steps without resting to re-
cover from the pain and fatigue which so slight an
exertion occasioned. At this juncture I commenced
taking the Balsam, from which I found immediate
relief, and after having used four bottles I was com-
pletely restored to health. I have used the Balsam in
my family and administered it to my children with the
most successful results. I am sure that such Canadians as
use the Balsam can but speak in its favor. It is a
preparation which has only to be tried to be acknow-
ledged as the remedy par excellence.

Your obedient servant,
L. J. RAGINE.

CURE FOR WHOOPING COUGH.
St. Hyacinthe, C.E., Aug. 21, 1859.

Messrs. Seth W. Fowle & Co., Boston—Gentlemen.—Several
months since a little daughter of mine, ten years
of age, was taken with Whooping Cough in a very
aggravated form, and nothing we could do for her
seemed in any way to relieve her suffering. We at
length decided to try a bottle of your Dr. Wistar's
Balsam of Wild Cherry. In three hours after she
had commenced using it, she was greatly relieved,
and in less than three days was entirely cured, and
is now well. I have since recommended the Bal-
sam to many of my neighbors, who have used it, and
in no case have I known it fail of effecting a speedy
cure.

You are at liberty to make any use of the above
you think proper. If it shall induce any body to use
your Balsam I shall be glad, for I have great con-
fidence in it.—Yours,
P. GUITTE,
Proprietor of the *Courier de St. Hyacinthe*

CERTIFICATE FROM A WELL-KNOWN
CITIZEN OF CORNWALL.
Cornwall, C.W., Dec. 29, 1859.

Messrs. S. W. Fowle & Co., Boston—Gentlemen.—Having
experienced the beneficial results of Dr.
Wistar's Balsam of Wild Cherry, in my own person
and with other members of my family, in cases of
severe coughs and colds, I unhesitatingly give you
my testimony, believing it to be the remedy "par ex-
cellence" for all diseases of the throat and chest, and
would sincerely recommend it as such.—Yours, &c.,
JOS. TANNER.

I with pleasure assert that Dr. Wistar's Balsam of
Wild Cherry, is, in my belief, the best remedy before
the public for coughs and pulmonary complaints.

Having tested the article with myself and family,
in cases of severe coughs and colds, for years, with
uniform and unexceptionable success, I unhesitat-
ingly recommend it with full confidence in its merits.
