Sir Arthur Currie,
McGill University,
Montreal, Que.

Dear Mr. Principal,

I hope that you can find time to read over this memorandum which I wish, with your approval, to submit to the Commerce Committee and to the Faculty of Arts. I did not think it necessary to include the financial aspect. As I see it we could be content with a sessional lecturer at say \$2,000 a year, appointed for two years. I should like it immensely if I could have a couple of tutorships as described and offer them this spring to the young men of the Western Universities.

Very sincerely,

Stephen Leacock
