Sir A. W. Currie, President,  
McGill University,  
Montreal, Canada.

Dear Sir :

In September 1925 I will begin  
my sabbatic leave from Cornell University.

Can you inform me what my opportunity  
would be to secure a lecture or teaching en-  
gagement in your institution for all or part of the  
first term of the school year 1925-26 ?

Or do you suggest that I communicate  
with some one else in the matter ?

My field of work is, of course, Agri-  
cultural Economics, with special reference to  
Agricultural Marketing. I have published a text  
on Agricultural Economics (Lippincott), also a  
book on Rural Problems in the United States (McClurg)

Please favor me with your advice on the  
above question at your early convenience.

JEB/KCM

Yours very truly,

*James E. Boyle*
