THE TORONTO WORLD.

# ORONTO IS TO GROW VIADUCT MUST BE BUILT

Prominent Real Estate Man Points Out That Northeastern Section Must Be Served.

"This is a big city now, not a coun-try town, and little petty prejudices should be set aside in a matter affecting the proper expansion of the city," said F. B. Robins, the well known real estate man, yesterday regarding the Bloor-st. viaduct.

"The construction of the viaduct is The construction of the vialue is necessary to the future growth of Ter-onto, it is necessary to the welfare of much of our present populace. 1 do not believe that limitations should be set on our broadening out movement. "We are now to the stage where something has got to be done on the viaduct. Danforth and Broadview has Viaduct. Danforth and Broadview has become a retail business centre. Three-quarters of a mile north of Danforth out the Don Mills-road direction, a mile east of Broadview along Dan-forth everything is thickly inhabited, and the land solidly built up. It is un-foir to sole the near le write end employe fair to ask the people who are employ ed in the middle and northern part o

the city to lose much valuable time in going to and fro in a roundabout fash-Christian Guardian: Before this ion by Gerrard-st. And the people who paper is actually in the hands of many live in the northwestern end of the city of its readers the great gathering towhen they want to visit north River

others too would benefit. In all legiti-mate trade the advantage is reciprocal years the municipal gas department of have formally taken place. There is a have formally taken place. There is a city, in fact most of our land is direct-ive ast or in the northwest or west, but hate trade the advantage is reciprocal years the humerpar gas department of the formally taken place. There is a station in jury to one party hurts both." Stafford, England, has had a system of These remarks present the right view profit sharing that has proved satisthe part most affected should selfishly knock a project that is absolutely ne-cessary for the development of the whole city." "Now, Mr. Robins, how has business

improved since the defeat of reciproc-ity?" asked The World man. The answer came almost before the question was completed. "Oh, splendidly. Bus city. I have always beth in favor of the Bloor-street viaduct," said H. H. Wikliams last night, when asked for his opinion on this 'Greater Toronto project. Mr. Wikliams is a non-speculative real estate man, with extensive

interests in all parts of Toronto. "We need two thru thorofares in this city; if the viaduct is built directly ch a line with Bloor-street it will un doubtly make one of them, and I be-lieve that it will improve the eastern part of the city."
