Mr. Blake and Devin Tell Why
Ireland is Discontented Under
British Rule.

Canada's Loyalty Explained
With Self-Government, Green Isle
Would Be Happy, Too, and the
Empire Stronger.

The reception tendered Joseph Devin, M.P., the delegate of the United Irish League, in Association Hall last evening by the Toronto branch of the league, was most enthusiastic and successful in every respect, and must have truly warmed the heart of the recipient. He was accompanied by his wife, Mrs. Devin, who received a grand ovation on entering the hall.

Irish patriotic airs were discoursed by the band of the Queen's Own Rifles, and around the galleries were streamers bearing the inscriptions: "Cedille Fidelity," "The emblem of the League," "God Save Ireland," "To the Irish Delegate, Joseph Devin," and "Our Own Blake."

Those on the platform.
T. Cunerty, president of the Toronto branch, occupied the chair, and among others on the platform besides the two leading speakers of the evening were: Senator McHugh, Hon. J. R. Stratton, O. K. Kerr, Rev. F. O'Reilly, Rev. J. Crimmon, Rev. L. Munchan, Rev. J. B. Doherty, J. Roche (Newmarket), Rev. Dr. Parker, Rev. Dr. O'Connell (St. Paul's), Rev. Dr. Ryan, Dr. T. F. McMahon, J. P. White, J. O'Donohue, B. J. Mearns, P. F. Cronin, F. A. Anglin, P. S. Mearns, L. V. Brady, Al. Burns, N. Murphy, Peter Small, William Wheaton, William Dineen, J. F. Slattery, W. B. Rogers, John Hamman, W. T. Lee, J. J. Maitland, W. K. Mahan, J. J. O'Hara and John King, K.C.

Sympathy for Dillon.
After a few appropriate introductory remarks by the chairman, Rev. Father O'Reilly, Oakesville, the following resolution was moved, and upon the power of sympathy with John Dillon, whose serious illness had alone prevented him coming to Toronto, and hoping for a speedy recovery.

Pledge support to Irish Cause.
On motion of Senator McHugh, seconded by Peter Ryan, the following resolution was declared unanimously carried by a standing vote:

"That this meeting cordially welcomes to the city of Toronto Mr. Joseph Devin, M.P., delegate of the United Irish League, to America, who, together with our trusted and respected fellow citizen, Hon. Edward Blake, M.P., to expound the aims of the Irish people at a critical juncture in the history of their national cause."

"That we pledge our more earnest sympathy and material support to the long sustained struggle for Irish self-government, and to the power of the land, promotion of the industries and preservation of the ancient language of Ireland."

"As citizens of this continent, because self-government, Dominion, we stand against the present condition of the Irish people, which are alien to our experience of British citizenship. We stand upon the right of the Canadian people in the legislative bodies to give renewed expression to the opinion of Canada in favor of Home Rule and against coercion."

Inasmuch as we are convinced that the claims of the Irish people are just and constitutional, we will encourage and assist as far as lies in our power the United Irish League, organized for the redress of the national and agrarian grievances of Ireland."

"That a copy of this resolution be sent to Mr. Joseph Devin, M.P., and to the United Irish League and the chairman of the Irish patriotic committee."

On rising to respond to the motion, a most inspiring welcome was tendered by Mr. Devin. He said that he was a substitute of the gentleman who was to have been with them, he felt most gratified for the enthusiasm which the native and foreign Irish people had shown, and he felt it all the more when it was the occasion of such a demonstration.

Carter Pleads Guilty.
Remanded for a Week to Have His Record Looked Up.

Kingston, Dec. 1.—At the Police Court this morning Carter, the swindler, was arraigned before Magistrate Farrell, and charged with having attempted to pass a forged cheque. He pleaded guilty, and was remanded for one week in order that inquiries may be made regarding his past record.

Stolen Love Letters
Bar Him From Throne

Prince Mirko's Early Attachment
May Blast His Royal Ambitions.

Vienna, Dec. 1.—Some stolen love letters may cost Prince Mirko, second son of the reigning Prince of Montenegro, his cherished ambition to mount the Serbian throne, for which, in the event of King Alexander having no heir, he is a strong candidate.

Prior to Prince Mirko's marriage last July with Natalia Constantinovitch, daughter of the grand duchess of King Alexander, he had a love affair with a Serbian actress and wrote her many letters containing criticisms on the policy of several European States.

After his marriage Prince Mirko sent a trusted attendant to buy the letters from the actress, and to destroy them. The attendant, who is a native of Serbia, sold them to the Serbian government for a considerable sum, after having had printed copies made.

In the event of the Montenegrin dynasty making any active move to acquire the Serbian throne it is anticipated that the publication of the letters will alienate Prince Mirko's Serbian friends and ruin his prospects of succeeding King Alexander.

William Anderson testified that he had also seen him there. Richard Lloyd was also called in rebuttal.

A. McNabb, foreman on the M.C.R., for which railway Youngs works as a porter, was called in rebuttal.

Edward McMeekin, insurance agent of Tillsonburg, told how, on passing the hotel where the witness was, he saw Lloyd and Youngs in the hotel.

William Ferguson, Ottawa police constable, testified that he saw Lloyd at the polling booth and afterwards had been told by him that he had received no money at the election.

Edward Law swore that Lloyd had told him he had voted for the Liberal candidate because the Conservative was being swayed.

Harry Spenceburg deposed that Lloyd professed to know the Liberal candidate, and that he had been told by him that he had received no money at the election.

Harry Spenceburg deposed that Lloyd had told him that he had not given him a tip.

Sutherland speaks.
Donald Sutherland, M.L.A., took the stand in rebuttal of Lloyd's testimony. He would deny paying Lloyd as much as \$1 as a tip for that election.

As J. B. Jackson, K.C., asked him if he had been paid by Lloyd, he said he had not.

Witness Changes Tale
After Month's Thought

Donald Sutherland, M.L.A., for South
Oxford, Takes Stand in
Own Behalf.

Woodstock, Dec. 1.—(Special).—The South Oxford protest trial re-opened this afternoon with one witness, Abraham Youngs, who was on the stand at the earlier session a month and a half ago, denying the correctness of the evidence he had then given.

He testified that he was present at the Queen's Hotel when M.L.A. when Donald Sutherland, now M.L.A., was alleged to have given Richard Lloyd a dollar.

On the stand to-day he denied that he was present.

Messrs. Pick and Lloyd, he swore, had come to him and persuaded him that he was in the barn, but, on thinking it over, he had come to the conclusion that he was not.

George Sutherland had seen him in Woodstock and told him that if he stuck to his story there would be two men and a five in an envelope afterwards.

Contradictory Evidence.
The witness was subjected to a re-examination by Mr. Watson, who afterwards called George H. Mabee, who swore that he had seen Youngs in the barn on the date in question.

William Anderson testified that he had also seen him there. Richard Lloyd was also called in rebuttal.

A. McNabb, foreman on the M.C.R., for which railway Youngs works as a porter, was called in rebuttal.

Will Circle the Earth
With Wireless Points

Marconi Does Not Think System
Will Supplant Cable or Land
Telegraphy.

Gloucester, Cape Breton, Dec. 1.—Marconi will circle the world with his system of wireless telegraphy and in less than a year communication by wireless telegraph will be possible between here and Cape Town, South Africa. These important and interesting statements were made by Marconi yesterday, while talking of his plans.

He said:

"I do not think our system will be a serious rival to either cable or land telegraphy. I would say that it will eventually become an auxiliary to it and that the successful transaction of business even under the most adverse conditions will be made possible by the use of our system being cheaper than any other system."

"Once we have established the system of wireless telegraphy, we will be able to communicate with the most remote parts of the world, and we will be able to communicate with the most remote parts of the world, and we will be able to communicate with the most remote parts of the world."

"The success of our work here will be a great step towards the establishment of a world-wide system of wireless telegraphy, and we will be able to communicate with the most remote parts of the world, and we will be able to communicate with the most remote parts of the world."

Whiskey From Church
To Aid an Organ Fund

Peculiar Mix-Up at Niagara Falls by
Error of Ladies' Aid Society.

Niagara Falls, Dec. 1.—A four page leaflet was distributed in town to-day with the headline "Whiskey sold privately by the Ladies' Aid Society of the Methodist Church in aid of the organ fund." It created a sensation.

Rev. Thomas Collings, pastor of the church, seen in regard to the matter, was astounded.

Mrs. Stephens, president of the Ladies' Aid declared the matter had occurred thru an error on the part of her daughter Carrie, who had received a list of the manufacturers of Canada from Secretary Young of the Manufacturers' Association. She had taken the list and sent a letter requesting a contribution of whiskey.

Stops Entry of Cattle
From Infected States

All Shipments Must Be Made in Can-
ada Over the Intercolonial
Railway.

Cabinet Council is Called
Questions Affecting the C.P.R. and
Steamship Transportation Will
Be Discussed To-Day.

Ottawa, Dec. 1.—(Special).—The action taken by the Department of Customs at the instance of the Minister of Agriculture prohibits absolutely the entry of cattle into Canada from any of the six New England States declared to be infected with the foot and mouth disease. The order issued to-day by the Commissioner of Customs, and mailed direct to all out ports and customs stations, reads as follows:

"You are instructed that the importation of cattle, sheep or swine from any of the six New England States of Maine, New Hampshire, Vermont, Massachusetts, Connecticut and Rhode Island, is prohibited on account of disease."

Shipments of cattle, sheep or swine originating in any of the six New England States from November 30, 1902, are therefore prohibited, and any such animals found to be allowed entry into Canada."

Must Go by I.C.R.
This order, it will be observed, precludes the shipment of cattle thru by the C. P. R. from the Northwest to St. John, N.B., inasmuch as for a very short distance its line runs thru the State of Maine. Montreal dealers at first objected to this, but withdrew their protest when it was explained to them that to make an exception even in such a case would be to open the door to confusion and distrust in official quarters in England, with the result of possibly disastrous Canadian cattle trade.

Another relaxation in regard to the order of the Department of Agriculture dealing with empty cars was asked yesterday by the Canadian cattle shippers.
