

WE NEVER KNOWINGLY "TRICK" A CUSTOMER

Now the word "trick" has many meanings; in this instance we refer to it as a scheme. Supposing we were to tell you that we have a line of Men's Suits to sell for \$5.00 that are regular \$7.50 and \$8.00 suits when they are really only \$5.00 suits. That's what we call a trick—a scheme to get your money—and one that is daily making bad friends for houses who like to "trick" the public. We always like to talk to our customers in a plain straightforward way—and when we tell you that we have \$7.50 and \$8.00 Men's Tweed Suits for \$5.00 we mean every word of it. Stock-taking is over, and we found about 50 odd suits, sizes 36 to 42, and mostly all \$7.50 and \$8.00 suits, so we just lumped them to go \$5.00 the suit.

SHOP TO-DAY. King St. East, Opp St. James Cathedral, O.K. HALL, Canada's Largest Clothing Store.

MANY CONTINGENTS COMING. Conservatives Throat Province Taking Big Interest.

Full advantage is being taken of the extraordinarily low rate by which visitors to the Conservative demonstration on Wednesday next can secure ten days in Toronto at single fare. Large parties are being organized at the county centres throughout the province and from now on the incoming trains will be crowded with pilgrims to the political arena at Hamilton's Point. Among the ridings in which the delegates have already been organized are Centre, Bruce, Lincoln and Niagara, North Bruce, South Victoria, South Grey, Oxford, North Simcoe, North Grey and North Wellington.

The Conservatives of West Durham have chartered a steamer to bring them from Bowmanville, and it is expected that several hundred excursionists will come from that city. The steamer, which delegates will also come over by steamer, and a special boat will leave for Port Dalhousie at 11 o'clock on the evening of the picnic.

Ex-Mayor John Shaw, chairman of the reception committee, is indefatigable in his efforts to assure the comfort and convenience of the visiting members of parliament and the delegates from the outside portions of the province. The afternoon will be devoted to an old-fashioned conservative picnic, with music by massed military bands and other attractions. The evening will be taken up by the grand rally, when speeches will be delivered by the leaders and other prominent public men.

The press luncheon at McConkey's promises to share in the success which is certain to attend the rally as a whole. Acceptances of the committee's invitations are coming in from all the moults of public opinion all over the province. While the editors will be the guests of honor, any conservative desiring to be present may do so. The price of tickets has been fixed at \$1.25, and they may be procured up to Monday night at the following places: Messrs. E. King, Doolittle or A. W. Wright. Ample arrangements have been made for the press representatives at the island, where speaking will take place simultaneously from three stands.

SAID TO BE FROM TORONTO. Niagara Falls, N.Y., Aug. 7.—Alex. Dean came to this city from Toronto a few days ago to see the sights. He created a disturbance in a Main-street saloon and was placed under arrest. Dean seemed to be crazed with drink, and it was a hard matter for the officers to restrain him. In the cell corridor at police headquarters he broke two of the panels of the officers' lockers with his head, and it was necessary to place him in irons in order to restrain him. Police Surgeon Chapin was called and gave him a cutting powder. This morning when arraigned in police court he did not remember any of the happenings of last night, his mind being a blank. He was fined \$5 in order to pay for the damage done to him at police headquarters. Dean had not secured his fine up to 1 o'clock this afternoon and he may have to go down.

The Trades and Labor Council passed a strong resolution to-night, protesting against the city entering into an agreement with the Bell Telephone Company for a period of more than two or three years. Plans for the trades procession for the carnival were discussed, and the members say it will be the biggest thing of the kind ever seen in the city.

The 13th Regiment had a parade to-night to get in shape for the summer carnival. Conducted by the commanding officer, Col. Stenman was very much pleased with the turnout. There were 548 men in uniform. The parade for the new helmet has arrived, and will be served before Friday. Colonel Stenman will likely have a class to put on some gymnastic work for the visitors. About all the 12th will have to do is to get their rifles to march past, and advance in review order after which they will leave the field to the visiting regiments.

A Bunch of Vags. The police arrested a full house at No. 3 police station to-night. They have a reputation of drinking and vags. Charlie Hunt, 1009 York street, was run in on a charge of stealing bacon and canned fish.

LIBERAL CRITICISM. H. J. Pettypiece, M.L.A., Finds Fault With G.T.P. Project.

H. J. Pettypiece, member of the Ontario legislature, and an East Lambton, finds much to criticize in the Grand Trunk Pacific scheme. In his paper, The Forest Free Press, Mr. Pettypiece says:

That there is no immediate necessity for a new line from Quebec to Moncton is clearly apparent. But even if it is advantageous to have a somewhat shorter route than the existing one, the handing of it over to the Grand Trunk will be simply disastrous. Any great saving in the rate of freight which will be entailed on the country will run into millions annually for all time to come.

Mr. Pettypiece refers to the heavy outlay which the Intercolonial has involved, and the excellent condition of the road bed and equipment at the present time. The total cost of the Intercolonial railway and its equipment up to June 29, 1902, was \$88,319,619.55. Of this total amount, \$25,000,000 was expended in the last five years, and the last five years of the period extending the road, improving its condition and adding new rolling stock, expenditure in the last five years was nearly \$30,000,000. As a result of this lavish expenditure of the people's money by the government, the Intercolonial is one of the best pieces of railway in the country, both in standard road bed and equipment.

Figures from the last government report are quoted to show that nine for nine the Intercolonial has been furnished with equipment equal to the G.T.R. Its equipment, The Press maintains, would enable it with very little increase in present operating expenses to handle double the traffic that it is now getting. He proceeds:

If the G.T.R. or any other private corporation owned the Intercolonial to-day they would go to the government and say: You need not spend millions of money to build a new line from Quebec to the sea; we will handle all the traffic for years to come as cheaply as your new line can. We have just spent over \$12,000,000 preparing for a great increase of traffic, and now you propose to cut us out. And the new line would not be built. The supporters of this project are not treating the Intercolonial as they would do if it were their private property, and this is where they are not acting in the interest of the people who do own it and must maintain it. The article concludes as follows:
