Merrimac Valley racecourse, Bob Buurman, driving Model 16' Buick,

Buurman, driving Model 16' Buick, won the big Vesper Trophy 212-mile race to-day, defeating, among others, Dingley, in Chalmers '46,' Lorimer, in Chalmers '40,' and \$6000 German Benz, and two Knox's. In the 160-mile Yor-ick Trophy race to-day, Louis Chev-rolet won with '16' Buick. Harrouin, driving another '16' Buick, won second." The Buick machine, mentioned so often in despatches, is identical with the McLaughlin-Buick machine which

the McLaughlin-Buick machine which has won such popularity in Toronto and the exhibit of which has occasion ed so much favorable comment, the transportation building the Mc Laughlin-Buick Company have a dis play that represents the last word in automobile building. It is not alone

that the cars made by this corporation are distinctive in finish, but in their frequent tests they have demonstrated beyond peradventure that they have the wearing qualities and endurance power that mark them as the car par excelence for touring and road purposes. A pleasing feature of the exhibit is the fact that the company have on dis-play a variety of machines calculated to meet the wants and desires of all classes. Everything in the line of au-tomobiles are shown, from the low-priced runabout to the magnificent \$8000 couring car, which is acknowledged to be the acme of perfection in the car ne, both in point of finish, speed and endurance. There is one thing about the McLaughlin-Buick car-not only is it a sprinter, but the fact that many of its most noted viotories have been long-distance races demonstrate most effectively that it is built for long and hard usage, as well as speed and flexibility. Included in the display is a beautifully-finished 3 1-2 ton truck,

which is finding much favor with bus-iness men and all in need of some suitab() conveyance for heavy dray will stand the test.

Toledo Computing Scale.
