HAMILTON BUSINESS DIRECTORY

LICENSE BOARD HEAR REQUEST FOR REDUCTION

Also, Are Told of Alleged Violations of the Law—Doing the Best They Can.

HAMILTON, April 18.—(Special.)—You are all business men enough and have been in public life long enough to know about politics, wire pulling and influence. We are only human, and we are doing the best we can under the circumstances, was the statement made by J. Ord Callaghan, one of the license commissioners, to a delegation from the Hamilton Temperance Federation, when it waited on the board at its annual meeting this afternoon.
The delegation asked that the number of liquor licenses be reduced. It did not ask for any special number, but requested that those who did not live up to the law be cut off, and that as each is cut off, the number of licenses then in force be fixed at the number permitted. The meeting was interesting and decidedly amusing in spots.
At the commencement, Miss O'Brien, East Stuart-street, asked the commissioners to cut off the license of E. Duffy, hotel-keeper. The hotel man appears to be a nightmarer with her, although the commissioners have not been able to find any real justification for it. She owns a part of the hotel property, and she said the commissioners and Inspector Sturdy were conspiring to keep Duffy in business, because he had influence. She was not opposed until the commissioners promised to hear her complaint in private.
Ald. Morris is cautious.
Ald. Morris charged that there were hotels doing business to-day that had been convicted three times within the last three years. He said he had the names of them in his pocket, but he did not feel safe in making them public. He also accused Inspector Sturdy of being too mild, and said that if he had a license inspector sitting around an hour after a violation of law had taken place, he also spoke of a particular hotel that was doing business on Sunday, and promised to give the name of it to the inspector.
William Armstrong made the statement of a particular hotel that was doing business on Sunday, and promised to give the name of it to the inspector.
William Armstrong made the statement of a particular hotel that was doing business on Sunday, and promised to give the name of it to the inspector.

ARGUE FINED

Circulation Manager Fined \$5 for Assault on Newsboys' President.

Arising out of the newsboys' strike, W. Argue, circulation manager of the News, was fined a dollar without costs in the police court yesterday afternoon by Magistrate Kinross for assaulting Sammy Lichman in the mailing room of that paper some weeks ago.
Sammy Lichman, the president of the local Newsboys' Union, testified that on that day, he had an altercation with Argue on that day, by which Argue, conspiring with Magistrate Kinross, raised the price of the papers, and that Argue had seized him by the throat and choked him.
Sammy produced some other newsboys, who testified about the same story. Argue admitted having seized Sammy by the throat, but denied he choked him. The magistrate, however, said he had technically committed assault. Sammy was represented by W. A. Henderson.

MR. DRYDEN ACCEPTS

Will Become Corporation Counsel at Salary of \$10,000.

H. L. Dryden, K.C., former county crown attorney, has accepted the board of control's nomination for the office of corporation counsel, and will be appointed at the meeting of the city council next Monday.
Mr. Dryden, who resigned from Atlantic City yesterday, was seen by this morning and the result was that he will be recommended by the board at a salary of \$10,000 a year. The office has been vacant since the resignation of James Fullerton, K.C., nearly ten months ago.

THE AVIATOR

DEPT. FRANCE, April 18.—Louis Breguet, who has appeared in humorous satirical sketches, was killed in a crash today from a flying machine in a strong wind at a height of 60 feet. Breguet is in a very serious condition.

LONDON'S TAX RATE.

LONDON, April 18.—(Special.)—After a lengthy session, council to-night fixed the tax rate at 2 1/2 mills, and decided on the mayor's election and to appoint a publicity committee for the year, as had been proposed. A motion to cut the mayor's salary was defeated.

Why Mr. Billings Resigned.

REY. F. BILLINGS, pastor of the Swedish Church in Toronto, has resigned from the Ontario Legislative Suffrage Association because of the appointment of a medical committee to propagate inspection before marriage.
He felt that such an association has no right to interfere in the matter any more than they have to force a man to become a vegetarian, he said yesterday.

Good and cheap American Plan.

WOMAN'S LONG SLEEP

For 18 Months She Has Slumbered—Strangest Case Since 1777.

NEW YORK, April 18.—Mrs. Elizabeth Hodes of No. 914 Blake-avenue, Brooklyn, who has been the victim of a baffling sleeping sickness for eighteen months, is now in a state of complete wakefulness, after she had been awake for 50 hours. The woman lapsed into unconsciousness at a time when her husband and her two sons were making every effort to keep her awake. After sleep of 18 months she could not be aroused by the most energetic means.

NEW YORK

While I have not had an opportunity to make a close study of the condition of Mrs. Hodes, it may be due to the absorption of toxins, as from a decayed tooth or intestinal fermentation, said Dr. Quackenbush, one of the professors. The symptoms of the two cases appear almost exactly alike. The symptoms show a danger of approaching apoplexy, which would end in death.

MR. DRAYTON ACCEPTS

Will Become Corporation Counsel at Salary of \$10,000.

"Churchill Tilt"

Hats off to "The Churchill Tilt!"
A really new stunt in Derby styles. Visiting Englishmen and home-coming Americans and Canadians introduced the fad of wearing Derbys tilted back on the head.
This tilt has become the smart thing. But to get the effect of the tilt and still be comfortable, men have been buying hats too big for them, and pulling them down by the ears.
The smartness of the tilt was spoiled by the bigness of the hat.
No more!
We have imported a Derby which most ingeniously solves the problem. It's "The Churchill Tilt."
It accomplishes the smart English-ward tilt effect in a hat which is worn just as you usually wear a hat, and in your proper size.
It's really an optical delusion.
It is not a freak.
It simply enables a self-respecting gentleman to conform to the prevailing tendencies without sacrificing his comfort or his dignity by seeming to wear his big brother's hat.
"The Churchill Tilt" can be had in Toronto only in our store.

NORTH TORONTO.
Mr. Stibbard Accepts Town's Offer, of \$2000 an Acre for Land.

NORTH TORONTO, April 18.—(Special.)—At to-night's meeting of the fire, water and light committee an offer was received from John S. Stibbard accepting the terms made by the town for the property required for water purposes in the future, offered \$2000 an acre. The engineer will survey the property at once, and a bylaw will be submitted to the ratepayers for their approval or rejection.
The Trust and Guarantee Company submitted a plan of the streets on the Sparrow farm, but considerable objection was taken to them, and Council

Local Women's Institute Will Meet During Week.
ELIA, April 18.—The Elia branch of the Women's Institute will meet in the Foresters' Hall, on Thursday, April 21, at 2.00 p.m. Subjects: Chicken Hatching and Raising, given by Mrs. J. M. Jackson; a paper on cooking to be given by Mrs. J. H. Salder.

Your Boy

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely." Ask him how often he prescribes a tonic for them. He will probably answer, "Very, very frequently." Ayer's Sarsaparilla is a strong tonic, entirely free from alcohol.

York County and Suburbs

YORK TOWNSHIP WILL ASK FOR RELEASE FROM COSTS

City and Township Join in Census—Council Stand By Mr. Ramsden—N. Toronto Gets Land.

The meeting of the York Township Council, held on Monday afternoon and presided over by Reeve Henry, with Messrs. Watson, Barber, Syme and Griffiths present, while outwardly calm, was inwardly characterized by a good deal of warmth, and this condition of affairs was brought about wholly by the action of the board of control of the City of Toronto.

A recital of the events leading up to the present strained relations would entail the recital of ancient history, but it is enough to say that the trouble arises over the cost of providing watchmen at the Bathurst-street and Dufferin-street railway crossings. While at one time York Township each of these is now in the city.

Some time ago the Township of York made application to the Ontario Railway Board for release from the triple agreement entered into at one time between the city and the railway, and in which the township was involved for the cost of watchmen at these points. It was an arrangement, however, agreed to by York Township, as the gates were erected by the city without ever consulting the smaller municipality.

But not satisfied with the Township of York bearing a share of the cost of a separate municipality, the city now objects to the township being assessed in the southern line of the rural municipality is north of St. Clair-avenue, or nearly a mile to the north, and wholly dissociated from the crossing in dispute. It is charged by the city that the traffic at these two crossings is from the country, and a census taken in January, was appointed by the township, will be stationed some of these fine days at the Bathurst-street and Dufferin-street crossings to determine the position. If York Township travelers are held up temporarily some of these days and asked to designate their exact abode, they will know the city is wrong.

It is not so much the matter of cost as the principle involved, said Assessment Commissioner W. H. Clarke of York Township to the World last night. "The City of Toronto ought to have outgrown small measures by this time. Evidently they have not."

Apart from the railway matter, two or three other outstanding questions came before the council, one of these being a readjustment of the existing school boundaries to the north and west of the city, where annexation has some what complicated the situation. It is said that school section No. 13 has entered into some sort of a provisional arrangement whereby provision will be made by the city for the annexation, and other arrangements are said to be completed for the pupils of school section No. 25. The whole matter will be discussed at the meeting of the council, two weeks hence.

A rearrangement of the polling sub-divisions was proposed, the township has been made and that of the several districts involved has been prepared. The absorption of a portion of the municipality by the city renders this necessary.
The question of the proposed "parallel roads" thru Mount Pleasant Cemetery was discussed. At the meeting between the city and the township representatives will shortly be held. The Trust and Guarantee Company, who are objecting to the closing of Jane-street, in West Toronto, unless reimbursed by the railway company.
One of the keenest school trustee elections in the history of the Runnymede district was that of Saturday when P. Jackson was elected over N. Shunk by a vote of 114 to 99. Nearly every vote was counted.
