> **French Parliament Dealing** With Big Issues in Secret

Paris, Nov. 28.—The chamber of de-puties met today in secret session. It is expected that many questions vital to the conduct of the war will be raised in this session, which is the second secret neeting since the beginning of the war. The general policy in the con-duct of French operations and the quee-tion of effectives are among the sub-jects likely to be discussed, it is stated.

Five Canadian Car Employes Are Killed by Passenger Train

Passale, N.J., Nov. 28.—Five men were killed and at least seven others injured tonight when a passenger train on the Lackawanna Railroad plowed thru a crowd of about 400 employes of the Canadian Car & Foundry Co., who were walking along the tracks to a special train, which was to take them from the plant at Kingsland to their homes in this city, Holoken, Jersey City and New-

Christmas Gifts From Kaiser

For Woodrow Wilson and Pope

N O check has yet been dealt to the Teutonic invasion of Rou-mania, but the progress of the foe's centre has slowed up a little. This pause may be due to the time required by Von Falkenhayn and Von Mackensen for deploying their forces on the Roumanian plain, and they may be preparing for one vast rush, de-signed to beat down all opposition. The right and the left wings of the foe are advariant and they are still thrust out abard of the foe are advancing rapidly, and they are still thrust out ahead of the centre, like the horns of a crescent, threatening the envelop-

thing: "The objection we have ex-pressed to the business connection be-& Co. as enemy traders in September, 1915. This is what he says:

tween this firm, the Frankfurt Metali-"In the present case, for whomsoever the £5000 was paid, Messrs. Merton gesellschaft, the American Mutal Commade the payment, in order to try and pany, and others, was based, not upor preserve the goods for the owners, whom the German control, but on the fact that they knew to be enemies, and again a small group of international or non-some advantage for themselves, or their national brokers and dealers had the conthe German control, but on the fact that principals, or co-adventurers, the Ger-man Metal Trust. In acting thus they appeared not to have hesitated to en-the American point of view, but it ilgage in commercial intercourse with lustrates the cctopus nature of Henry K. Merton & Co., which can hardly be re-

the enemies of this country." 144

Mr. Meighen had to meet this position. and his method of doing it was to confuse or leave out dates and times. First, possible price. This group of non-nahe said: "It has been said that the Interational Nickel Co. has been using as alive. its agents in England a pro-German dealing with enemy supplies, namely, dealing with enemy supplies, namely, Henry R. Merton & Co. There was a conviction against that company. Henry R. Merton & Co. had acted before the war as bankers for an Australian con-cern." On the strength of this we are supposed to infer that their misdoings were before the war. Jects to Henry R. Merton & Co. having control of American metals, even with the Germans left out, and we object to their having anything to do with Canadian nickel even with the Germans left out. What the British Government may have felt obliged to do in this matter. All Eves on Dobrudia.

The war broke out on Aug. 4. 1914, and Canada is not obliged to do. Great Brit was not until Sept. 23 that the selzure tain may have to buy other metals than was made. The London Times on Sept. nickel, and nay have to buy them from 25, 1915, says of the steamship in question. "On Sept. 20 she put into Torbay for coal, and her cargo was seized on of our nickel Canada is not so bound. Sept: 23 by the collector of customs.

Under the bills of lading the zinc concentrates were deliverable at Antwerp.

this firm, Mr. Meignen asks us to be-lieve that no better policemen can be found by the Canadian Government to stop nickel getting to the enemy than this firm, convicted of trying to get it this firm, convicted of trying to get it thru to the enemy, and he puts it on the ground that there had been a reformation. They had become good now. An invested millions of doilars in the new anonymous writer in The Telegram of

Saturday tells us that this reformation Britain's requirements from this new took place in 1914, and he assures us that source, for the next ten years. This he is non-partisan. Mr. Meighen does raises a very important note of interronot go so far. He quoted, says The Mail. down the International Nickel Co., H. R. "a statement from The Times" (of which Merton & Co., and the whole connection he does not give the date) "referring to a change in the personnel of the share-holders, by which shares formerly held fine nickel for themselves in Canada? by German subjects were now being held

by British subjects, bringing the British ownership up to 85 per cent." As we are not given the date it must be found elsewhere.

it will be interesting to see if Hon. Mr. Cochrane explains away the entry of In The Mining and Scientific Press. Great Britain_into the Canadian nickel published in San Francisco on Aug. 26, 1916, the editor says: "We have refield on that ground.

ceived a letter from Henry R. Merton & Co., the metal merchants in London. announcing that 'the shares in our com pany heretofore held by German firms

jects,' and further 'the company's articles of association now contain very stringen provision by virtue of which the company is now, and will always remain under exclusive British control." The

emphasizing of the words is our own. This letter seems to have come to the

San Francisco paper unasked, and to Shorncliffe. A post mortem has been a heavy cloth coat, Dineen's, 140 have emanated from the Hertons for ordered.

has brought strength or weakness, whether Russia has rendered the as-sistance which might have been ex-pected from her and whether the allies might not have shown more initiative in attack from Salonica: whether the collapse in Roumania is due to any lack of unity in the allies' plans or strategy, or whether it is due in large part to Roumania's hasty invasion of Transylvania. On the other side of the account it
