

THE EVENING TIMES-STAR, SAINT JOHN, N. B., THURSDAY, JANUARY 28, 1926

## GAME LAWS ARE MEETING TOPIC

N. B. Association Branches To Take Up Recommendations

Meeting to Be Held in Fredericton Feb. 24—Want Count of Game Killed

The New Brunswick Fish and Game Protective Association at a three-session meeting in the Admiral Beatty Hotel yesterday urged stricter game laws and the rigid enforcement of those which exist.

Allan A. McAvity, president, was in the chair. Reports showed a membership of between 600 and 700. Interesting addresses were given by L. A. Gagnon, chief game warden, F. Calder, Fisheries Inspector, Claude Knapp, Thomas Allen, of Perth, R. Tufts, of Wolfville, N. S., and others.

Arrangements were made for a meeting at Fredericton on Feb. 24. The provincial secretary, Francis Kerr, was instructed to lay before the secretaries of all branches 10 recommendations with reference to game laws presented in his report. The branches were also to be informed of a recommendation by the provincial body that sheldrakes in non-tidal waters should be destroyed but that the shooting of these non-edible ducks in tidal waters should be forbidden. An examination of sheldrakes showed that 86 per cent. of their food consisted of young trout and salmon.

It was agreed that the association should press for legislation requiring all game licenses to be returned at the close of the season with a report of what had been killed written on the back of the license.

R. Tufts, of Wolfville, Canadian representative of the Migratory Bird Act, explained how this method of returning licenses in Nova Scotia had led to the discovery that more than 600 wild geese were being shot where it had been thought only 40 or 50 were bagged.

Thomas Allen told how the Tobique River Salmon Club looks after salmon fishing on the Tobique.

J. F. Calder told of his work as fisheries agent and the Association expressed its great indebtedness to Mr. Calder for his help.

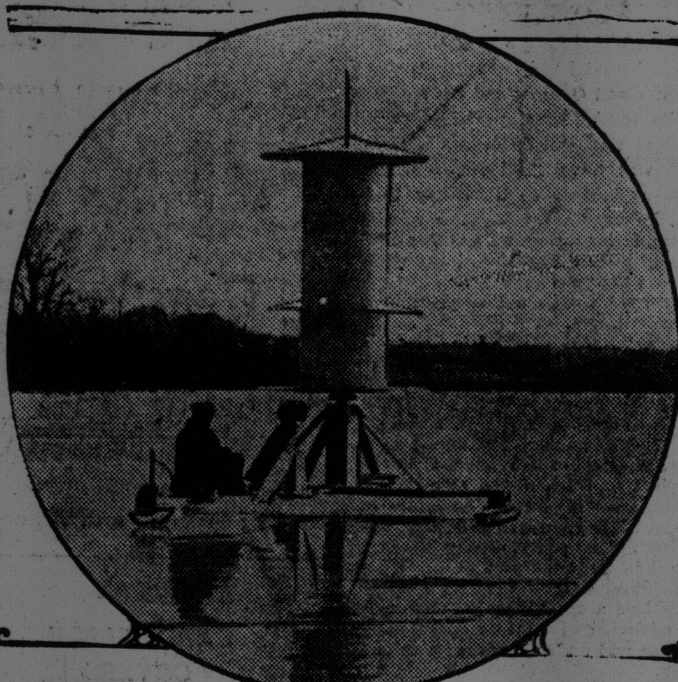

The Association now has branches in Madawaska, Andover, Woodstock, McAdam, St. Stephen, St. Andrews and Saint John and the organization of branches had begun in Fredericton, Moncton, St. George, Newcastle, Bathurst and Plaster Rock. The officers are as follows: President, A. G. McAvity; vice-president, Dr. L. DeC. McIntosh; of Harland; secretary, Francis Kerr; Saint John and treasurer, Percy Marton, Woodstock.

**Victim Thought To Be From Saint John**

Boston, Mass., Jan. 27.—Bennie Pona has been found in connection with the death of Mrs. Clara Rosen, thought to be formerly of Saint John, N.B., who was found dead under suspicious circumstances here.

CIVILIZATION is just a slow process of learning to be kind.

## HERE'S FIRST ROTOR ICE BOAT

Carlisle A. Lincoln, of Wayne, Me., is shown on the trial run of the first rotor ice boat on Androscoggin Lake.

## ONE FACES TRIAL OVER RADIO PIRACY

Accused of Usurping Wave Length Given Canadian Stations

CHOCAGO, Jan. 27.—Complaints of J. C. Brown, supervisor of radio for the Canadian Government, at Ottawa, were yesterday reported against station WJAZ of the Zenith Radio Corporation here which the United States government charges has usurped a wave length assigned to Canadian stations by an international agreement.

Eugene F. Macdonald, Jr., president of Zenith, will be arraigned in the federal court on Monday to answer the government charges that "pirated" a wave length of 322.5 metres, while licensed by the Department of Commerce to operate on 322.4 metres.

**Election Probe In Athabaska Asked**

EDMONTON, Alta., Jan. 27.—Alleging that corrupt practices prevailed during the recent Federal elections in the constituency of Athabaska, a petition has been forwarded to Ottawa by R. D. Tighe, of Edmonton, on behalf of the electors and supporters of D. F. Kellner, asking Parliament for the appointment of a committee to enquire into the alleged prevalence of corrupt practices.

The petition will come up before the House of Commons, which will decide whether or not there are grounds for an inquiry.

## 45 Inches of Snow Fell At Gagetown So Far This Month; Hampers Lumber Operations

GAGETOWN, Jan. 27.—Forty-five inches of snow has fallen so far this month, last week's storm being responsible for a good proportion of this amount. In cuts along the Valley Railway the snowing was needed Saturday morning to clear drifts six feet or more in depth. Lumbermen report four feet of snow in the woods, making operations considerably more difficult, as the snow is light and the ground in some places not well frozen.

**TO MEET TOMORROW**  
Annual Session of Local Council of Women—35 Societies Affiliated

The annual meeting of the Saint John Council of Women is to be held tomorrow in two sessions in the Board of Trade room. The afternoon session will open at three o'clock and the business will be carried on into an evening session. The Council now has 35 of the societies in the city affiliated with it and is representative of practically all the women's organizations of the city.

The affiliated societies will present short reports of their activities at the Council's annual meeting and the reports of the Council's officers will also be received.

## ITALY GETS HALF OF DEBT REMITTED

Agrees to Pay £4,000,000 Roughly Per Annum For 62 Years

LONDON, Jan. 27.—Italy has settled her war debt to Great Britain by agreeing to pay roughly £4,000,000 annually, for 62 years, a total of £252,800,000 (\$1,323,000,000). This was revealed today by the publication of the terms of the agreement signed by Count Volpi, Italian Minister of Finance, and Winston Churchill, British Chancellor of the Exchequer.

The agreement provides also for Great Britain's concurrent repayment of the gold deposited by Italy in the Bank of England in 1915, amounting to £22,000,000 as security for war loans. The total Italy must pay is in effect less than half her admitted debt of £592,000,000 (\$2,877,000,000) and the terms accorded by Britain therefore are regarded as more generous than Italy obtained at Washington.

## When The Marcus Sale Begins

Tomorrow a page of Marcus Sale values will be spread before your startled gaze. A page of bare facts in restrained description. You will see prices impossible of equal. You will see values no others can measure up to. You will see the power to produce better attractions than a firm of bigger buying power can manage. And a plan of purchase that makes everything easy. Judge by these three advance hints. (No phone orders, please, on these.)

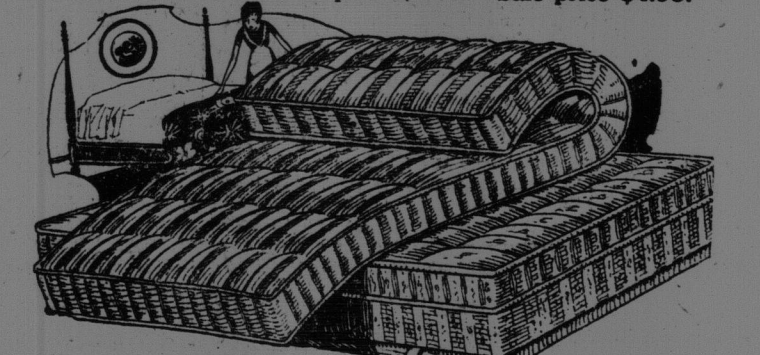

**Steel Eed \$7 In Walnut**

As large as it looks, Steel enamelled in Walnut. Heavy flat fillers and seven inch wide decorated panel. All standard sizes. \$15 value for \$7.

**Simmons Coil \$4.95 Steel Spring**

Simmons quality oil tempered coil Steel Spring. All standard sizes. Guaranteed. Natural price \$9.75. Sale price \$4.95.

**Simmons Mattresses \$5.95**

Simmons quality layer felted roll edge Mattress, covered in fancy art ticking. \$9.75 grade, all sizes. Sale \$5.95. Long experience tells you that when a firm of Marcus standing put on a Sale you can depend on it. You know exactly what is offered and you know their rule is to understate the facts so you'll be all the happier when you see the goods exceed your expectations.

Put tomorrow's Marcus Ad. to that test.
