DOES SEAL FLESH TASTE GOOD?

Rev. A. L. Fleming, who was the first white man to penetrate the farthest villages of the Eskimo in Baffin Land, knows the taste well. He spent four and a half years in Baffin Land, and at Stone church hall on Thursday night he will relate what he saw, heard and experienced in that frozen region. He crossed the Grinnell Glacier and traveled thousands of miles by sled and dog teams and in open white boats. Come and hear him tell about it, and come early, as seats are limited. The lecture is under the auspices of St. John's Men's Club and will be profusely illustrated with colored slides. Tickets, 25c, at P. G. Nelson's, or at the hall on Thursday night.

TWO MORE SENT UP FOR TRIAL

Walter Northrup and Allan Stephens were sent up for trial yesterday afternoon on charges of theft of cloth from the C. P. R. while in transit. In the case against Northrup, Prosper Godfrey testified that part of a bale of cloth for his firm in Montreal, which arrived on the Melita, had not reached them. H. H. McLean, Jr., appeared for the railway, and C. R. Mesereau for Northrup. In the case against Stephens, C. P. R. Constable Costello gave evidence that the accused said he had bought the cloth he had from a stranger. Detective Bidcombe told of searching a room in a house in Simonds street and finding some cloth. Frank Godel of Montreal, said that his firm had not received part of a bale of cloth ordered. A sample produced, he said, was similar to that in court. George Bette told of finding the wrapper of a missing bale in the hold of the Montclair. Hugh H. Schultz produced a record showing that the accused had worked on the Montclair while she was in this port. He was also sent up. H. H. McLean, Jr., appeared for the C. P. R., and J. A. Barry for the defence.

FATHER AND SON BANQUET.

MAGNESIA FINE FOR ACID STOMACH

Quickly Neutralizes Acidity, Stops Fermentation, Sweetens the Stomach.

Nine people in ten, when food upsets the stomach, causing distress, think they have indigestion. In reality, they are suffering from "acid stomach." An excess of acid in the stomach causes gas, heartburn, bloating and sourness. To have a strong healthy stomach capable of easily and normally digesting three hearty meals a day you simply must keep these stomach acids neutralized and the stomach contents sweet. No artificial digestants are necessary. Just get a few ounces of Bismuthated Magnesia from any good drug store and take a teaspoonful of the powder or two tablets in a half glass of water right after eating or whenever the slightest pain is felt. The result is amazing and you will be delighted with the almost instant relief it brings. This famous stomach sweetener combines Magnesia and Bismuth in desirable proportions and is not only splendidly effective but perfectly harmless. Its regular use keeps the stomach sweet, strong and healthy all the time. Bismuthated Magnesia is well known to druggists everywhere and is used annually by more than a half million people who now eat as they please, in reason, with no more fear of indigestion.

BETTER THAN HARD COAL

Soft coal so free from soot that it does not make whiskers on stove covers or pipe and does not melt or cake when burning is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.
