Portlands, 10; St. Rose's, 4.
St. Rose's suffered their first defeat of a second series in the West End League when the Queen's diamond last evening won the Portland Redmen game by 4 to 0. Cummings, Portlands' southpaw, is the main factor for the victory and slagger at second was the fielding star. The game was the most thrilling staged the West Side league this season. Both sky and P. Moore hit triples with two on bases for Portlands.

Wolves Win Sixth.
The Wolves won their sixth straight game last evening when they defeated Y. M. H. A., 4 to 3, on the East side grounds in the inter-society league. The game went eight innings. Sammy rean's catch in centre field of a long was a feature of the game. The batteries were: Davis and Thompson, for the Wolves; Coffee and Tansman, for Y. M. H. A.
The standing of this league to date is:
Y. M. H. A. 7 7 .500
M. H. A. 6 8 .429
P. C. 5 9 .357

M. P. A. Team Won.
The M. P. A. Nationals defeated the Fair Vale intermediates on the Fair Vale grounds on Wednesday evening, the score being 11 to 6 in favor of the M. P. A. team. The batteries were: For the winners, C. Lane and Earle; for the losers, Coleman, Lane and Dykeman.

Rain Prevented Game.
The game in the City League last evening between the St. Peter's and the Amherst was postponed on account of the rain. Tonight the St. Peter's will clash with the Pirates in a regular league fixture on the East End grounds.

City League Tonight.
St. Peter's and the Pirates will meet in the City League fixture on the East End grounds this evening, and a good game is expected. Kerr will be on the mound for the Pirates and Lawlor for St. Peter's. A win for St. Peter's will mean the clinching of the league play.

Reverses Victorious.
In a good nine-inning game of ball, played on the Queen's diamond Wednesday evening, the Carleton overcame the Blue Rocks by a score of 7 to 5. The game was well contested. Hammond, for the winners, pitched a good game, allowing only four hits and walking but two men. Batteries: For the winners, Hammond and Cook; for the losers, Merryweather and Terryweather.

Aquatic.
Hilton and Bob Belyea, the Halifax cutters, arrived in town yesterday morning and proceeded immediately across the lake to St. Catharines. They were met by J. C. Lithgow, formerly of Halifax—he was for ten years or so president of the Maritime Province Amateur Athletic Association, and taken over and settled in comfortable quarters. Hilton Belyea, the senior sculler who started the east by winning the championship of the eastern states at an age when most oarsmen do their rowing in a family punt, is a sturdy 160-pounder. He has been rowing twenty years. His brother Bob is a younger man, who has only been rowing a year or so. He won his junior title last year and is now a senior.

While the oarsmen are from St. John and not from Halifax and are second cousins instead of brothers, it is probable that the remaining facts are correct.

GOLF.
Amherst Finals Today.
The finals in the golf tournament will be played today in Amherst. Yesterday, W. H. Semple eliminated C. J. Jones, of Woodstock, from the first consolation and plays off today with his

CARBONATED
ICE CREAM

The newest and purest thing in the ice cream industry of the world has been turned out by a wonderful new method of making super pure ice cream which is known as "Carbonating." By means of a tiny device attached to the freezer all ordinary air is forced out of the cream and replaced by atmosphere a hundred times purer than air. The result is ice cream far purer and finer than anyone has ever imagined was possible.

club mate, L. G. McLaughlin, son of H. B. McLaughlin, one of the veteran golfers of the Truro club. Percy Turcott, of Riverside, is still in the second consolation and will face J. H. Malcolm, of Charlottetown, the man who clinched the title in the event of Charlottetown now being desirous of having the tournament.

Therefore all the heads of the Maritime Golf Association were not elected and the Amherst officers will control affairs until definite word is heard from either Langan, C. B., or Charlottetown, and the delegates from the island will confer with the home club in regard to an invitation. The offer from Langan made by Stewart McCauley will stand only in the event of Charlottetown now being desirous of having the tournament.

The long driving competition was won by D. S. Biggs, of Amherst, with three drives that aggregated 610 yards. Five men were tied in the approaching and putting contest. L. G. McLaughlin, John Purvis, Langan, R. T. McCauley, McCauley, Amherst, and W. B. Calhoun, Amherst. In the professional contests Tom Cornfoot of Halifax won the driving and putting, Cornfoot of Langan, Mellick, of Westfield, Brookfield, and Quesnel, of Brightwood, were all tied.

A new feature has been added to the programme of the Maritime meet, a newspaper championship, and Stewart McCauley, of Langan, has offered a shield for competition between golfing journalists and newspaper men in order to create greater interest in the ancient pastime.

R. M. Ross, of the Amherst news, and P. B. Edwards, of the Halifax Herald, started this year, Ross winning 13 up and 12 to go.

Summary, semi-final round: Gerald Mellick, Brightwood, beat D. S. Biggs, Amherst, 6-5.

WHAT ROBERT
FULTON PRIZED
MOST OF TROPHIES

Thurmer Medal Presented for His "Courageous Conduct" in Single Scull Race on the Kennebecasis in 1873.

To the Sporting Editor of The Times: Sir—In your issue of today, "Old Sculler" writes of the races of the days of the Paris crew. He mentions particularly the day when Robert Fulton, stroke of the Paris crew, rowed in the four-oared race and then stepped out of the four-oared boat into the single scull to row another race against Geo. Biglin of New York. He gives Fulton credit for winning the single scull race "through his pluck and endurance." Might I, another old-timer, add a word concerning that race. As you know, the members of the Paris crew always rowed on stationary seats. The Renforth crew, so called, who rowed against the Paris crew in 1871, had buckskin seats in their rowing flaps and slid on the seat. But our local men always followed their fisherman style and rowed without a sliding seat or sliding in the seat.

On the day that Robert Fulton rowed against Biglin his rowing flaps had slipped and ceased under him while in the four-oared boat, and he was chafed so badly that when the four-oared race was finished he was bleeding. But in spite of this condition he stepped into the single scull and, as "Old Sculler" has already written, won the race against Biglin.

For the courage and determination shown, Fulton was presented by the late Col. Thurmer with what was afterwards known as the Thurmer medal. This medal carried the inscription: "Presented to Robert Fulton for courageous conduct in a single scull race on the Kennebecasis, 1873." This medal Mr. Fulton prized above all others, and wore it on his watch chain until the time of his death.

THE INTERNATIONAL
TRACK MEET TIED

Travers Island, N. Y., July 28.—The international track meet between the Oxford-Cambridge teams of England and the Princeton-Cornell teams was officially declared a tie tonight after a previous official decision declaring the British winners had been reversed.

The sensation of the meet came in the individual star, winning the 100 yard dash and the broad jump. Rudd, captain of the English team and 440 metre Olympic champion, was beaten in the 440 yard dash by Stevenson of Princeton.

Excitement in the crowd was highest when the athletes went to the mark in the last event, the half mile, because, a victory in this event, meant the winning of the meet for either team. Rudd, by winning, caused a tie in the matter of first places and Milligan, who ran second, beating John of Princeton less than six inches, gave the English athletes six second places and the meet.

ONE-MAN GOLF MATCHES.
Chicago, July 28.—The Green Valley Country Club has a one-man golf match every day by a man who plays against himself. He is Dr. Harley Parker, known twenty years ago as a Chicago National League pitcher, and later as a Director of Athletics at Northwestern University. He is ambidextrous, and plays his right hand against his left. Naturally the odds are two to one in favor of the left hand to have two sets of golf clubs, for he has to have two sets of golf clubs.

match will start at 2.30 o'clock. The city team will be picked from the following players: Sargent Weatherall, captain; O. Hudson, R. March, A. Parfitt, W. Brindle, E. Tingley, W. Rawlings, Kier, Evans, Davis, T. Keeble, T. Keeble, J. Darcy, Jones, Crookshanks.

CRICKET.

and when Southpaw Parker is required the other Parker two carries are played. Speaking of his game or games today, Dr. Parker said:

"My left arm is a little better at the service, getting ten yards more than the right sometimes, but my right arm is more accurate. From tee to flag it is just about a draw."

Even when he is playing some other individual Dr. Parker carries both sets of clubs, and his ambidextrous ability gives him a great advantage over a player who can play only right-handed or left-handed.

The Ontario Government Athletic Commission makes the following announcement:
"The Ontario Government Athletic Commission wishes to call attention of directors of fall fairs and the committees of 'Old Home' weeks to the prevalent and growing custom of offering cash prizes for athletic games and for baseball and soccer contests. The placing of these prizes on their lists makes the competitors professionals and along with them anybody and everybody taking part in the sports.

In future years these boys will be asked to take affidavits to the effect that they have never received any money for playing games, and experience has shown that they do so rather than keep out of games. It is a pity to place a temptation like that in the way of a young boy for the sake of a \$2.00 prize. Perjury is prevalent enough without the responsible people of the Province almost teaching it on young boys.

There is no special need for cash prizes. The quality of the way of a medal or other prize will not only serve the same purpose but will be more appreciated.

The Commission also warns boys to make sure that any bouts they engage in are under permit from the Commission. Each boxer is responsible to the Commission, and each must see to it that he is not taking part in an unpermitted show. The penalty will be a long rest and possibly more.

KINSMAN'S CLUB TO HELP UNEMPLOYED TO GO WEST TO HARVEST
Montreal, July 29.—The Kinsmen's Club, an organization inspired by the Kiwanis and Rotary clubs, and whose initial club was formed in Hamilton, Ont., three years ago, decided last night by way of aid to prevalent unemployment to get together for a special Kinsmen's train by which 500 men may be taken to the western harvest fields, leaving Montreal about the middle of August.
