"Yes, Jack, I ordered some this morning—it was Red Rose!"

SWEPT BY A STORM

District Around London Suffers Heavy Loss

MANY BARNs ARE DAMAGED

Roofs Are Taken Off and Several Persons Narrowly Escape Death in Gale Which Breaks Out Suddenly on Proof Line Road in Vicinity of Biddulph—Woman and Child Have Very Narrow Escape.

London, Ont., Sept. 5.—Tales of narrow escapes from death and of great financial loss are coming in as a result of a furious storm which swept over the district north of London on Saturday afternoon. One house was blown down, and its occupants were within a narrow margin of death.

Source of barns were unroofed or more or less damaged, and whole orchards or trees laden with apples and other fruit, were uprooted.

The house of George Hall, on the Proof Line road at Biddulph, was practically demolished. It was a two-story affair, and the wind tore off the roof and most of the second story.

Mrs. Hall and her six-year-old daughter were in the yard at the time and ran into the house, where they were covered by pieces of flying timber.

The barn of James Ryker, on the Roman Line, Biddulph, was struck by lightning and the entire crop of wheat, which was ripe, was destroyed.

A huge pile on the farm of Percy Ferguson, Proof Line road, near Biddulph, was struck by lightning and the barn near which it was built suffered the loss of its roof.

A large building on the premises of Thomas Thompson, 1801 concession, London Township, was blown over. The orchard of J. R. Hardy, near Biddulph, was wiped out, and the buildings are damaged.

A Mrs. Coursey of Biddulph was struck by pieces of flying timber and injured.

A barn on Owen's farm at Lucan was unroofed, and the roof, which was of tin, was carried across the railway tracks into a field.

Others whose orchards and buildings suffered severely are Ernest Guest, A. M. Crutcher and J. Brumwell of the Proof Line road. The loss will run into many thousands of dollars.

Two children who were driving and were blown from the road were slightly scratched and badly shaken up. Otherwise they were unhurt.

For miles there is a trail of destruction, and in many places it is almost impossible to travel the roads, owing to the trees which were blown across the highways.

HEARING THE MEN.

English Railway Arbitrators Have Been at Work a Week.

London, Sept. 5.—The commission appointed by the Government August 22, to enquire into the trouble between the railroads of Great Britain and their employees, which led to the recent strike, has already been in session for one week, and gives promise of being as long-lived as some of its predecessors.

The railroads are represented on the commission by Sir Thomas R. Ellis, secretary of the Mine Owners' Association, and Sir Charles Beale, vice-chancellor of the University of Birmingham, while the representatives of the men are Arthur Henderson, Labor member of Parliament for the Barnard Castle division of Durham, and John Burnett, chief labor correspondent of the Board of Trade.

Sir David Harrel, former Under Secretary for Ireland, is chairman of the committee.

The commission is taking the evidence of the men's representatives first, and the whole week did not suffice to exhaust the flow of information sought to be imparted by only four out of a host of officials from the different unions.

There was not a good word to be said of the conciliation board scheme established by the Chancellor of the Exchequer, Mr. Lloyd-George, in 1907. The general trend of suggestion favored a board for each railroad, made up of an equal number of representatives of the men and the company, with a national board, on which the companies and men's unions are equally represented, for service as a kind of court of appeal.

Plans are well under way for the erection of the Canada Cement Works' half-million dollar plant at Winnipeg.

DRIVES INTO CROWD

American Autist Hurts Six People in Toronto.

RESCUED FROM THE MOB

Alexander S. Tracy of Port Huron Dashes Willfully Into a Thick Crowd on Queen Street West and it requires Three Policemen to Rescue Him From Violence—Is Charged With Being Drunk.

Toronto, Sept. 5.—Three policemen had difficulty in rescuing from the hands of an angry mob, Alexander S. Tracy, 30 years of age, a contractor from Port Huron, Mich., who drove into a crowd of people gathered at Queen street and Roncesvalles avenue at 7:50 o'clock last night. The following persons were injured:

Gordon Cole, 218 Oiler avenue, suffers of both legs lacerated, serious. This preparation is called SALVIA, and is being sold with a guarantee to cure Dandruff and to grow hair in abundance. Being daintily perfumed, SALVIA makes a most pleasant hair dressing. Mr. Foran your druggist, is the first to import this preparation into Ingersoll and a large generous bottle can be purchased for 50c.

The Americans are now placing on the market a preparation containing the extract from Henna leaves, which is having a phenomenal sale. This preparation is called SALVIA, and is being sold with a guarantee to cure Dandruff and to grow hair in abundance. Being daintily perfumed, SALVIA makes a most pleasant hair dressing. Mr. Foran your druggist, is the first to import this preparation into Ingersoll and a large generous bottle can be purchased for 50c.

Fred. Selvers and Joseph Selvers, Dods avenue, West Toronto, shaken and cut taken home by friends.

George Tenksbury, 218 Oiler avenue, shaken up, taken home by friends.

The people who had no warning of the approach of the motor car, were thrown in every direction, and the heavy car was brought to a standstill by the impact of running into the bodies. The noise of the car was crushed and the car was dragged from the seat by the angry crowd, which surged back about the car when they recovered from the shock of the collision. The injured six were left lying in the roadway for Policeman Grant (220) was forced to go to the rescue of Tracy, who, with his brother-in-law, who was riding with him, was threatened with serious injury by the crowd. Policemen Sieford and McGrath arrived upon the scene and stood off the mob until Tracy was rescued. The crowd then moved on to the station in the patrol wagon. The police took charge of the auto.

At the station Tracy seemed to regain the motor car, as of little consequence, saying to Sgt. Mulhall that it was not much, and no one was hurt. He is charged with being drunk and with willfully injuring a number of people.

Dr. Young, 230 Roncesvalles avenue, attended the injured, who were sent to their homes.

The course of the auto is traced west on King street, thence north up Dufferin street, and west on Queen street, all along which route accidents were narrowly averted.

Says He Did All He Could.

Toronto, Sept. 5.—Roy Stafford of Belleville, Ont., whose motor car ran over and killed five-year-old son of a woman, who lives on a street near the intersection of East Queen street Sunday night, gave himself up to the police yesterday, having read in the morning papers that his conduct in the matter had been criticized by one who was charged with the accident. He was charged with criminal negligence, but was immediately released, upon a surety of \$500, to appear in the police court to-day.

Mr. Stafford said that he had done all in his power to avert the accident. He had seen the boy run out into the roadway, had shouted to him to go back, and had reversed his machine, but the boy was too close and was struck by the car as it stopped with the rear wheels still upon the body.

Chief Coroner Johnson opened an inquest at the morgue yesterday at noon, at which the coroner said that the matter was adjourned till eight o'clock to-night.

The Moroccan Question.

Paris, Sept. 5.—The French Foreign Office was advised from Berlin yesterday that the French ambassador, M. Cambon, was received at 11 o'clock yesterday morning by the German Foreign Minister, Herr von Kiderlen-Waechter, to whom he presented a written proposal for an adjustment of the Moroccan question.

The German Foreign Minister was unable, naturally, to indicate in advance what Germany's response would be to France's proposition. He said that the proposal would be examined with the greatest care, in a spirit of full and satisfactory solution of the matter will be found in it.

No date has been fixed for Germany's reply, but it is presumed that it will be received toward the end of the week.

Indian Girl Drowned.

Cornwall, Sept. 5.—Susan Lazore, an Indian girl, living on Sugar Bush Island, St. Regis, lost her life in a peculiar manner. She arose about six o'clock in the morning, and, following her usual custom, took a couple of pails and rowed out into the St. Lawrence in a boat to the channel to get fresh drinking water. In some manner she fell overboard and was drowned. Search was made and the empty boat found floating. The body was recovered about an hour afterwards.

Killed at Level Crossing.

Brantford, Sept. 5.—James Keirl, a well-known floral gardener, was instantly killed by a west-bound T. H. & B. train Friday night at a level crossing a few miles outside the city. Keirl was riding a bicycle and did not notice the approach of the train. His body was thrown on the pilot, in which position it was brought to the city. Coroner Ashton deemed an inquest not necessary. A widow and grown up family survive.

Broke Altitude Record.

Parame, France, Sept. 5.—Roland G. Garros, the French aviator, yesterday broke the world's record for altitude in an aeroplane. He ascended 13,943 feet, Lincoln Beachey's record at Chicago, on Aug. 20 of this year, is thus beaten by 2,365 feet.

We Told You So!

LABATT'S LAGER

Now Perfected—The Best on the Market!

TRY IT

John Labatt, Ltd.
LONDON, ONT.

An English Chemist Has Discovered How to Grow Hair.

In England the ladies have entirely abandoned wearing hats, which is due entirely to this new discovery. It has been proven that Henna leaves contain the ingredients that will positively grow hair. That they contain this long-looked-for article is proven every day. The Americans are now placing on the market a preparation containing the extract from Henna leaves, which is having a phenomenal sale. This preparation is called SALVIA, and is being sold with a guarantee to cure Dandruff and to grow hair in abundance. Being daintily perfumed, SALVIA makes a most pleasant hair dressing. Mr. Foran your druggist, is the first to import this preparation into Ingersoll and a large generous bottle can be purchased for 50c.

TWENTY-FIVE YEARS AGO
From THE CHRONICLE
Ingersoll, Sept. 2, 1886.

Sold Out.—Mr. Geo. Matheson has sold out his butcher stall in the market building to the Messrs O'Callaghan Bros.

Change of Business.—Mr. Frank Wilson has purchased the tinware and stove business on King street, from Mr. C. E. Scott.

Mr. M. T. Buchanan will sail from Liverpool for home on Saturday.

Mr. Chas. White, manager Imperial Bank, Welland, was in town this week.

Horse Stolen.—On Tuesday a horse and buggy belonging to a Durham farmer was stolen from Brady's barn while the owner was attending the R. C. Picnic.

Fire.—On Friday night about ten o'clock a small frame house on Hall St., occupied by Mrs. Wright (colored) was destroyed by fire. The building was owned by A. McKittrick, of London, and insured for \$150, which fully covers loss.

Mr. John O'Callaghan arrived home from the old sled today.

The old way was mustered or belated. The new way is Merzill's Wizard Lightning. Cures all pain, cures or breaks in five minutes. Price 50c.

Read and recommended by R. N. French druggist.

READ THIS BOOKLET

"The Hair and its Care," Sent Free Upon Request.

The Herpicide Company want everyone to have a copy of their booklet telling how to take care of and possess nice hair. The booklet contains much valuable information the subject of saving and cultivating the hair.

If the present day men and women would begin to live up to the teachings of this little booklet it is doubtful if the next generation would find a bald-headed man or lady wearing a hair.

It is just as easy to have robust and beautiful hair as to have thin, scraggy hair or no hair at all. If the scalp is kept clean and free from dandruff the hair grows naturally and luxuriantly.

The booklet tells how this may be most effectively accomplished by the use of Newbro's Herpicide. Herpicide destroys the germ which causes dandruff, keeps the head from dirt and snuff flakes. The hair becomes light, fluffy and beautiful.

Newbro's Herpicide is the original remedy that kills the dandruff germ for which there are many imitations and substitutes said to be just as good. Buy nothing but the original.

All reliable druggists sell and guarantee genuine Herpicide in one dollar size bottles.

Send 10c. in postage to The Herpicide Co., Dept. R., Detroit, Mich., and a nice sample will be sent with the booklet.

Applications obtained at the better barber shops and hair dressing parlors. J. E. Gayler, special agent.
