Lucien was informed in plain English...

One day Lucien had business over to...

Lucien, what do these fellows back...

They want to pass me and crowd...

Just then two of the cutters did not...

THE PICNIC

Always with care, let you have away...

Put away your labor, leave trouble at home...

Not the day for thinking of self...

Take your family in one hand...

Your backyard garden in the other...

And break for the fall turkey...

And do not forget to bring back...

And when you can, see your nature at...

In other words, make a quick...

Conclusion with the picnic...

What thoughts attend with the change...

Always take...

Back to the picnic...

With a look and things...

And contact with that sort...

Then be...

Away where you can, get down in the...

The spot where you may fall in the creek...

Just water from the trough...

And do not forget to bring back...

And when you can, see your nature at...

In other words, make a quick...

Conclusion with the picnic...

What thoughts attend with the change...

FINE FEATHERS MAKE FINEHED BIRDS

Nothing is so pretentious as to...

don't want to eat them.

Some people are so unconfident that...

they can't use an egg without breaking...

CALLING TO WAIT

What is the matter with your wife?

Her tongue is paralyzed. Turn her as...

she wants as you can, she...

because her system will not stand a...

shake.

Just then she old servant attached to...

a horse made sled came up and...

passed the cutter at a jog, and the...

half of the horse had some cut...

some more waiting, but she did not...

say anything until the mark was...

reached and the horse had been turned...

around for a straight mile course to...

the bridge. Then she said:

"Lucien, I don't like to be made a...

laughing stock."

"Nor I, either."

"Then if any more cowboys come up...

you might shake up the lines a...

little."

"But there are five or six men with...

good horses who will surely try to...

beat us."

"Then shake a little hard."

"One of the good horses presently...

came pounding up behind, but Lucien...

seemed oblivious.

"I said shake the lines," remarked...

Grandma.

The young man shook, but the horse...

still galloped, and others were heard...

coming up.

"Shake harder."

Lucien clicked, but he did not draw...

away from the danger. Grandma...

waited until the nose of a horse was...

level with her arm and then said:

"Lucien, if you let me be...

laughed at you are no grandson of...

mine. Make your lines get up and go."

Three seconds later, she was riding at...

a 240 clip and holding on to her...

breath and her bonnet, and three minutes...

later the bridge was passed and she...

know that she had led by a hundred...

feet. She hadn't a word to say on...

the way from the river to the...

house, for half an hour later. Then...

she had her hand on Lucien's shoulder...

and observed:

"I guess things have changed since...

I was a gal. I guess that better the...

other boss hasn't lost rank or gam...

bitly, and you'd better bring...

Tilly Spomer over here tonight to hear...

me say so."
