REPORT OF THE CONFERENCE COMMITTEE.

Mr. Brydges on behalf of the Committee reported that a large majority of their members, 17 out of 20, had agreed to recommend the name of Rev. J. P. DuMoulin, and that he was instructed to express the opinion that unless the House could agree in his election, there was no prospect of any choice being made during the present Session.

By general desire a short space was devoted to secret prayer before proceeding to ballot for the ninth time.
