COMMITTEE OF SITY COUNCIL IS NAMED

Meanwhile the Ex-City En gineer Continues Doing Sooke Survey Worl

A special committee, consisting of the mayor and Ald. Okell, Moresby and Gleason, was appointed at Friday's evening's meeting of the city council to investigate all the circumstances surrounding the appointment of C. H. Topp to do certain preliminary survey work in connection with the Sooke lake project, after some discussion which followed the reading of this letter from the city solicitor:

"Referring to your request for a re port upon the employment of Mr. Topp. I have looked up the corres-pondence, and have consulted with city barrister. On February 10 Mr. Topp wrote the council making application for permission to undertake the necessary surveys preparatory to the Sooke water problem. On February 18 he was written by the clerk that his application had been accepted, and that he was commis-sioned to carry out the survey. I am told by Messrs. Gore & McGregor that he commenced work on the February. On the 3rd of 1 21st of letter was written to Mr. Topp by the clerk, stating that his appo was vetoed by the mayor. A at that work about ten days. He was employed from day to day, and I do not think the wording of the letter of the ard March was sufficient to prevent going on. It should have requested him to stop work and give the result of his work to the council.

"I would recommend no matter can be cured by notice to stop work, Mr. Topp will have be paid for the work that he did.of course on condition that he turns the result of that work in to the city. "It has been suggested that Mr. Topp did not start work until after he had received the notice of the 3rd March. Of course, that is another phase of the matter altogether, but the information I got from Messrs.

James L. Raymur, water that work had been started on February 20, and that he would have the field work completed in the course of a few days.

Replying to a question, the city so tirely ignored in the matter, notwithcil. He advised that Mr. Topp be ordered to cease work at once, so that the water commissioner could assum

Replying to Ald. Gleason, Mr. Raymur said he understood that Mr. Topp's per day.

or's report was based on information received from the office of Gore & Mc-Gregor, and he' (the mayor) had every ed to grant the Salvation Army \$100; reason to believe that work had not the Victorian Order of Nurses. \$300: the been started until the veto had been Society for the Prevention of Cruelty to declared. If this proved to be the case Animals, \$150. The request of the B. C. Colon, March 25.—Several lives are mence. The Victoria and Albion Lady Glenrea. Red Bank, he believed that Mr. Topp would not be Agricultural Association for a grant of reported lost in a fire that destroyed cricket clubs have placed their grounds Bubble and King, Hickory. Ald. More sby asked the city solicitor will be left over for the consideration and the local fire brigade and forces whether the second action of the council did not affect the veto. He men-

tioned in this connection that he had seen the written opinion of one of the best lawyers in the city to the effect pital will be held on Tuesday next at that the council could override the the hospital, Friday having been found mayor's veto and the latter could veto an inconvenient day for the sewing again and so the matter would go on committee to meet. This committee

damental proposition the ending of a conjunction with the sewing. As there matter and therefore the council could not reopen it by any action it might sion all active members are asked to

Ald. H. M. Fullerton thought that as Mr. Topp had only a little more work to do he should be allowed to finish it If he could not collect for his services, well and good, but it would be very foolish to stop him at this date. Finally at the mayor's suggestion.

BILLION DOLLARS
