

ANOTHER RUSSIAN GENERAL SLAIN

WAS ASSASSINATED WHILE ON WAY HOME Ignored Threatening Letter-- Plot Against Life of Second Cousin of Czar.

St. Petersburg, March 1.—The following details of the murder on Wednesday at Karnoyarsk, Siberia, of General Kolesovsky, the commander of the town, have been received here.

The general was walking on the street at 5 o'clock in the afternoon with some friends, and he referred jokingly to a threatening letter he had just received that day saying he would be killed at 5 o'clock that afternoon.

At about 8 o'clock, when Gen. Kolesovsky was returning home alone, a man suddenly called upon him to halt and then fired three revolver shots at him. The general dropped dead.

Grand Duke in Danger. St. Petersburg, Feb. 28.—The Novoye Vremya publishes a sensational account of the killing of another plot upon the life of Grand Duke Nicholas Nikolaevich, president of the council of the national defense, and second cousin of Emperor Nicholas.

A guard was patrolling the track near the station at the St. Petersburg near the end of the line, and caught a man dressed as a workman in the act of placing a wooden box in the middle of the track at a point about 200 yards from the Imperial pavilion.

The entire neighborhood of the railroad station was at once surrounded by police. A statement that the orders for the Grand Duke's journey into St. Petersburg were countermanded at the last moment was, according to the Novoye Vremya, been confirmed by the police.

SHIPPING TIED UP. Corunna, Spain, March 1.—A general strike of dock laborers and others has been declared here with the result that all the shipping ports are tied up.

FIRE DRILL IN SCHOOLS. Adequate System is Practiced Weekly in Local Bodies.

Fire drill once a week is required of the pupils in the city schools. The system used is called "The Buzzer."

It is considered by those in authority that present facilities for escape are inadequate. Chief Watson states that the schools are not occupied above the second floor.

TWO MEN CRUSHED TO DEATH. Buffalo, N. Y., Feb. 28.—Nicola Marick and Joseph George, laborers, were killed at the Lackawanna steel plant to-day by a falling wall.

TWO MEN PERISHED IN RAILWAY WRECK. Express Car Caught Fire and the Victims Were Burned to Death.

Toronto, Ont., March 1.—A train on the C. P. R., bound for Montreal, ran into a freight near Mountain to-day, and William Hitchens, express messenger, and Nichols, his assistant, were burned to death.

None of the passengers were injured. The freight was about to take a siding when the engines collided and telescoped.

TWO NEW CITIES. Toronto, Feb. 27.—Fort Arthur was incorporated as a city by the private bills committee to-day, and Fort Williams incorporation was put through yesterday.

A RAILWAY TO TELKWA MINES

PERMISSION TO BE ASKED LEGISLATURE An Amendment Sought to Railway Act--Notices Appearing in This Week's Gazette.

(From Friday's Daily.) The Grand Trunk Pacific is apparently preparing to construct a railway line up the valley of the Copper river from its mouth at the Kitlas canyon into the Telkwa country.

The Grand Trunk Pacific is apparently preparing to construct a railway line up the valley of the Copper river from its mouth at the Kitlas canyon into the Telkwa country.

Tupper, Griffin & Warton give notice that they will apply to the legislative assembly at its next session for an act to incorporate a railway company to be called the Rainy Hollow Railway Company.

To be J. P.'s for the province—George Little, of Little Canyon, Skeena River; Donald Nicholson, of Ladysmith, and John D. Irvine, of Vancouver.

To be notaries public for the province—William Green, of Vancouver, and Montague Charles Kendall, of Penticton.

To be commissioners for taking affidavits under the Education Act in the following electoral districts:

Slocan—R. G. Henderson and Cornelius Morgan Gething, of Slocan.

William Wilson, of Ottawa Mine. Angus McVicar, James McVicar, J. E. Fleming, J. E. Phillips, Geo. A. Shad, Peter J. Riddell, John W. Bolden, Percy Finch, Wm. H. Price, R. Ryan, Henry B. Rivers, Geo. Marsden, Joseph H. Brown, Harry Maynard and Thomas Cashmore, all of Victoria.

The date for the return of the writ for Atlin district is extended from March 20 to March 27, owing to the fact that it may be impossible for the writ to reach Victoria by the first named date.

Notice is given that the foreshore lands fronting on the harbors of Ragged Island, Blind Bay, Pender Harbor, Secret Cove, Halcott Bay and Snug Cove, situated on the coast of British Columbia, are reserved from lease or other disposition.

Notice is given that a reserve of three hundred inches of water is placed on all rivers and streams situated in the Taimpean peninsula for municipal purposes.

The following companies have been incorporated: Investment Company, with a capitalization of \$10,000.

Maddock Bros, capitalized at \$100,000. Natural Resources Purchasing & Developing Co., with a capital stock of \$100,000.

The Pearl, Limited, with a capitalization of \$10,000, to carry on a steam laundry business in British Columbia and Alberta.

Real Estate Exchange of Victoria, with a capital of \$10,000. Licenses have been issued to the following extra provincial companies:

Coldstream Estate Company, of England, with W. C. Ricardo, of Veron, as attorney for the company. Ontario Fire Insurance Company, of Toronto, with R. W. Holland, of Vancouver, as attorney for the company.

Yorkshire Fire & Life Insurance Company, of York, England, with R. Kerr-Houston, of Vancouver, as attorney for the company.

RETURNED UNOPPOSED. Ottawa, Feb. 28.—Solicitor-General Brown was elected for Three Rivers to-day by acclamation.

STEAMER ASHORE. Grounded Near Flushing During Fog-- The Passengers Landed.

Flushing Holland, March 1.—The Dutch mail steamer Konigin Wilhelmina, from Queensborough, England, went ashore this morning during a thick fog on a dyke eastward of the entrance of the harbor.

AMBASSADOR REID'S HEALTH. Will Spend Some Weeks in France in Order to Recuperate.

London, March 1.—Ambassador Reid, who since his return here from the United States has been suffering from influenza, leaves London to-morrow for Arcalchon, in the southern part of France.

PUBLISHER DEAD. New York, N. Y., March 1.—Orson D. Munn, head of Munn & Co., publishers of the Scientific American, died here last night in his 83rd year.

THE FIGHTING IN MANCHURIA

CHINESE RAID IS CAUSING UNEASINESS Small Russian Force on Scene May Not Be Able to Cope With Outbreak.

St. Petersburg, March 1.—The fighting between Chinese bandits and Russian troops at a point 20 miles north of Harbin, which resulted in the deaths of Russian reinforcements, the scene has occasioned increasing apprehension here.

The Russian troops in that section have been reduced to numbers of bare necessity, and would be better in force as to the nature of the hostile forces arrayed against them.

WORLD'S LARGEST WHALING STATION Plans Completed for Its Erection on South Side of Kyuquot Sound--To Rush Construction.

(From Friday's Daily.) What will be when completed the largest, the most up-to-date, and the most perfect whaling station in the world will be commenced immediately for the Pacific Whaling Company on the south side of Kyuquot Sound.

The site was selected by Captain A. Balcom during his voyage along the coast in the St. Lawrence, the purchase has been made, and all arrangements are complete to commence the construction work immediately.

"Although it was within public knowledge that this great impetus to the whaling industry of Vancouver Island was in contemplation, no details of the scheme leaked out until yesterday evening when they were ascertained by the Times.

The site which has been chosen possesses a great advantage over the present station at Sechart. Kyuquot Sound is within from 10 to 15 miles of the Denman Islands in the Straits of Georgia.

The new station will be at least half as large again as the one now at Sechart. It will cover five acres of ground.

"We have the best whaling men in the world. The station will be completed in from ten to twelve weeks' time, so that the pursuit of the mammals may commence with the beginning of the summer. Some one hundred men will be engaged in the construction work.

All the plans have been drawn up, all the details of the work have been arranged, and the first shipment of the equipment will leave for Kyuquot Sound the commencement of next week.

"We have the best whaling men in the world. The station will be completed in from ten to twelve weeks' time, so that the pursuit of the mammals may commence with the beginning of the summer.

STEVE ADAMS MAKES STATEMENT IN COURT Says There Was a Conspiracy Among Officers to Implicate Officials of Federation.

Wallace, Oshago, Feb. 28.—That a deliberate conspiracy was formed among the officers of the penitentiary and the detectives to implicate the leaders of the Western Federation of Miners in the assassination of ex-Governor Steunenberg, and that the conspiracy was to be backed by false evidence, obtained by threats and bribes, is in effect the charge made by Steve Adams in court to-day.

"Adams' statement was in substance as follows: "On the sixth day after I was taken to Boise, and put in the cell with Harry Orchard, I was taken to the office of the penitentiary and introduced to Detective McParland. He told me about 'Kelly the Bum' and other men who had turned state's evidence and had been set free. He kept me until 4 or 5 o'clock in the morning, trying to make me confess.

"McParland told me that he wanted to convict Moyer, Haywood, Pettibone, St. John and Simpson, whom he called 'cut-throats.' If I would not help to convict them he said 'I would be taken back to Colorado and either hanged or mugged.' If I helped, I would only be taken to Colorado as a witness. When we parted McParland told me he was my friend. They put me back into the cell with Harry Orchard. Orchard talked to me about the need of backing up his story. It was somewhat frightened. Next day McParland called again. I said I would do what he wanted me to do. He told me to think well what I was doing, to think of my family and save myself. He said he would see that my family was cared for.

"When the confession was made McParland led me on step by step and showed me all he wanted me to say. He told me that what I said about the Toller and Boule murders was only the first part of the evidence. A chain of evidence to convict the officers of the Western Federation of Miners. He wanted the names of the officers of the Federation said as much as possible all through the confession. Two or three days later Warden Whitney brought the confession to me to sign."

"I signed the confession and the confession dealing with his family, but denied the paragraph relating to the plot to kill ex-Governor Steunenberg. He said that he had had different times been visited by W. E. Borah, Governor Gooding and Attorney Hawley, but he was not allowed to detail the conversations.

"Frank Ottaway, a music hall artist, was singing a comic song at the public baths, Barking, when he fell dead.

LINEMAN ELECTROCUTED. Killed While at Work on Electric Light Pole in Ottawa.

Ottawa, March 1.—Telephore Aubrey, a lineman employed by the electric company, was found dead at the top of the pole to-day. He had been dead for some time. He leaves a wife and two children. He was killed by an electric shock.

DESTRUCTIVE FIRES. Six Firemen Hurt While Fighting Flames in Allegheny.

Pittsburg, Pa., March 1.—One fireman was seriously injured and five others slightly hurt early to-day at a fire caused by crossed wires in Allegheny, which destroyed the fifth ward school building valued at \$150,000.

Utica, N. Y., March 1.—The Y. M. C. A. building in this city was completely destroyed by fire this morning. The loss will be upwards of \$150,000.

Utica, N. Y., March 1.—The Y. M. C. A. building in this city was completely destroyed by fire this morning. The loss will be upwards of \$150,000.

Utica, N. Y., March 1.—The Y. M. C. A. building in this city was completely destroyed by fire this morning. The loss will be upwards of \$150,000.

Utica, N. Y., March 1.—The Y. M. C. A. building in this city was completely destroyed by fire this morning. The loss will be upwards of \$150,000.

Utica, N. Y., March 1.—The Y. M. C. A. building in this city was completely destroyed by fire this morning. The loss will be upwards of \$150,000.

Utica, N. Y., March 1.—The Y. M. C. A. building in this city was completely destroyed by fire this morning. The loss will be upwards of \$150,000.

Utica, N. Y., March 1.—The Y. M. C. A. building in this city was completely destroyed by fire this morning. The loss will be upwards of \$150,000.

Utica, N. Y., March 1.—The Y. M. C. A. building in this city was completely destroyed by fire this morning. The loss will be upwards of \$150,000.

Utica, N. Y., March 1.—The Y. M. C. A. building in this city was completely destroyed by fire this morning. The loss will be upwards of \$150,000.

Utica, N. Y., March 1.—The Y. M. C. A. building in this city was completely destroyed by fire this morning. The loss will be upwards of \$150,000.

Utica, N. Y., March 1.—The Y. M. C. A. building in this city was completely destroyed by fire this morning. The loss will be upwards of \$150,000.

Utica, N. Y., March 1.—The Y. M. C. A. building in this city was completely destroyed by fire this morning. The loss will be upwards of \$150,000.

AGREE TO WIDEN ROCKLAND AVE. PROPERTY OWNERS MEET MAYOR AND OFFICIALS

Uniform Width of Forty Feet Agreed Upon--Conduit for Wires.

The Rockland avenue property owners yesterday decided not to widen the street beyond forty feet.

The meeting opened at 3 o'clock with R. S. Day, Col. Herchmer, Thomas Shotbolt, Jas. Mitchell, Thos. Wood, Wm. Robertson, A. E. McPhillips, Hon. E. Dewdney, J. B. McKilligan, S. Pitts, G. A. Barnard, A. J. C. Galletly, A. R. Humber, Dr. Sterling, John Arbutnot and W. F. Robertson present, together with His Worship the Mayor and Ald. Henderson.

His Worship called the meeting to order and explained that there was no intention of compelling the property owners to widen their street to sixty-six feet. This eased the somewhat strained feeling which animated some of the property holders, and thereafter things went gaily to the close.

A map showing the street was unrolled by City Engineer Topp. The indications, however, are that Jerome will overlook no chance to show that Thaw is now insane, so as to take the case from the jury and send Thaw to the asylum for the criminal insane at Mattawan.

To-day probably will be another day of uninteresting expert medical testimony. Dr. B. D. Evans of Morris Plains, N. J., will, according to the statement yesterday made by District Attorney Jerome, remain on the witness stand all day. Mr. Jerome will begin his continued cross-examination with questions based on the hypothetical questions asked Dr. Evans by Mr. Delmas, which he answered by saying he believed Thaw was insane when he fired the shot that killed Stanford White.

That the defence can close its case this week is out of the question. There is little probability that the court will sit on Saturday, and if Mr. Jerome requires all day to finish his cross-examination of Dr. Evans, it probably will be the middle of next week before the defence will be ready to close its case and allow Mr. Jerome to present his testimony in rebuttal.

Many times yesterday it took Mr. Jerome from 15 minutes to half an hour to secure from Dr. Evans a direct reply to a simple question, and even then he was forced on several occasions to give up the attempt. Justice Fitzgerald, who presided at the trial, was annoyed and the crowd that had stormed the court room doors for six weeks melted away, until not a half of the seats in the court room were occupied.

Just what Mr. Jerome is prepared to do in the matter of asking for a commission in lunacy is a matter of doubt. It has been said many times that he proposed to make a 28-foot roadbed. There would be on the south side a six-foot cement sidewalk with curbs and gutter. In the curb he proposed to place a conduit for electric wires. This would do away with the unsightly poles, which now disfigure the street.

On the north side of the street would be a second row of electric wires, but in width. He further proposed that the surface of the road be tarred. This would make it last longer and prevent dust as well.

A. E. McPhillips pointed out that to himself and others, owing to physical conditions, the sewer system on Rockland avenue would be useless. "They would have to connect to the south of their property. Mr. Topp explained that this would be done.

The cost of the work was then placed before the meeting. For the improvement, exclusive of the conduits, the cost would be \$150 per foot frontage, including the conduit it would be 50c per foot extra.

Once the facts of the matter were set before them, the property owners readily agreed to a resolution, moved by S. Pitts, seconded by Mr. Robertson, that a by-law embodying the proposed improvements be prepared. A committee, consisting of S. Pitts, G. A. Barnard, Hon. E. Dewdney, James Mitchell and Jno. Arbutnot, was appointed to confer with the council's committee in the drafting of the by-law. This would avoid any hitch when the latter came before those interested.

E. V. Bodwell asked that the resolution be amended to read "not less than 39 feet," instead of 40 feet. His fence at present encroached 6 inches on the street, and he did not want to move that fence. After some jocular remarks relative to specially excluding his property from the effect of the forty-foot clause, the resolution was amended so to read.

A vote of thanks was tendered the Mayor for his trouble.

RAILROAD CONTRACTOR DEAD. Thomas Foley Passed Away in Hospital at St. Paul.

Winnipeg, March 1.—Thomas Foley, member of the firm of Foley Bros. & Kelly, wholesale grocers, and of Foley Bros., a large railroad contracting firm, died yesterday at St. Paul following an operation. Mr. Foley had been ailing about a year, and was taken to St. Joseph's hospital three weeks ago. His condition continued to grow worse.

Mr. Foley was born 66 years ago in Lanark county, Ontario, and lived in Canada until 1881, when with his brother he moved to St. Cloud, Minn., where the four brothers engaged in the business as railroad contractors and as lumber dealers.

ARTILLERY TEAM FROM OLD COUNTRY Will Pay a Visit to Canada This Year and Take Part in Competitions.

(Special to the Times.) Ottawa, March 1.—It was brought out at the annual meeting of the Dominion Artillery Association yesterday that a British team would visit Canada and compete this year.

Sir Frederick Borden was glad to hear this and the government would likely assist in bringing the team. Earl Grey again regretted that millionaires were absent from contributors to the artillery association.

Colonel O. S. Hendrie was re-elected president.

CUSTOMS RECEIPTS. Ottawa, March 1.—The customs receipts of the Dominion for the last eight months of the fiscal year, ending to-day, show an increase of nearly five millions over the same time last year.

The revenue is \$84,552,851. The revenue for the month of February was \$4,207,733, an increase of \$875,484.

THAW REJECTS LAWYERS' ADVICE ISSUES STATEMENT TO THE NEWSPAPERS

District Attorney May Attempt to Introduce it as Proving Accused is Insane.

New York, March 1.—Harry Thaw, on trial for the murder of Stanford White, yesterday furnished the newspapers with a brief statement in which he accused District Attorney Jerome of having made unprofessional remarks in court, asserted that his wife's testimony was absolute truth, and declared that Mrs. Thaw's natural "real goodness" was above the comprehension of the prosecuting officer.

"What effect will the statement issued by Thaw yesterday afternoon have on his trial?" is a question which is exciting much speculation. It is said that Thaw's lawyers did their best to convince him that he was badly polly to issue the statement, and only consented when he insisted that he intended to do so.

There are many who believe that Mr. Jerome will seek to put this statement in evidence and use it to show that Thaw is still insane. The indications, however, are that Jerome will overlook no chance to show that Thaw is now insane, so as to take the case from the jury and send Thaw to the asylum for the criminal insane at Mattawan.

To-day probably will be another day of uninteresting expert medical testimony. Dr. B. D. Evans of Morris Plains, N. POWER INCREASE

Progress of Victoria Increased

There are indications that the rapid growth of the city has increased demands for electricity being recognized as the cheapest and most convenient available.

The B. C. Electric Company is at present making strenuous efforts to secure water records where the city is to be used to generate power, and it is slow to recognize that a different plan is to be faced sooner or later.
