FRENCH PRESS ADOPTS BOLD TONE TOWARDS GERMANY

Definitely Charges the Emperor With Trying to Make Trouble and Declares That Other Nations Will Support France

PARIS, Sept. 10.—The Temps, in an outspoken editorial, declares that the only explanation of M. Lohmann's delay in responding to his proclamation as sultan of Tangier, August 25, is that he is awaiting the counsel of Germany. The Temps repudiates the German semi-official statements that the mission of Dr. Vassel, the German Consul, who is on his way to Fez, is not political, and insists that the evidence is now conclusive that Dr. Vassel made a political declaration at El Kasar. It recalls the similarity between the German journals now and those made concerning the mission of Count Von Tattenbach, the former German Minister to Morocco, when he visited the Sultan in 1905, the political nature of which the white and yellow books later substantiated.

The Temps says that when Dr. Vassel departed for Fez it had authoritative information that the principal object of his journey was to warn M. Lohmann against El Menebhi, the former Minister of War, because the latter has visited the French and Spanish legations at Tangier. Germany was disconcerted," says the Temps, "for that it had dispatched Dr. Vassel to enter into direct relations with M. Lohmann. Today's rumor that M. Lohmann intended to make the leading men of the country, make the situation practically identical with that of the Russo-Japanese war, the German agent, Von Tattenbach then, and Vassel now, encouraged the Sultan who has been consulting disinterestedly in Europe, to resist our demands, and in both cases, an assembly of notables served as a pretext for the situation might be alarming, but in the meantime, the conference of Algiers, the termination of the Russo-Japanese war, the development of Franco-English and Franco-Spanish ententes and the conclusion of a Russo-English entente enable us to view the Moroccan situation without apprehension."

REDMOND AND DEVLIN ARE COMING TO NEW YORK

Were Given a Great Reception Last Evening on Arrival at Queenstown

QUEENSTOWN, Sept. 10.—John E. Redmond, chairman of the Irish Parliamentary Party, and Joseph Devlin, M. P., on their arrival here last night to take passage on the steamer Oceanic for New York, were recipients of a remarkable ovation at the hands of 5,000 people. There was a torchlight procession, with many bands and banners, to the town hall, and addresses were given by Mr. Redmond on behalf of the people for his priceless services. Mr. Redmond and Mr. Devlin are on their way to attend the convention of the United Irish League in America, which will be held the latter part of the month in Boston.

PRINCE EULENBERG IN A CRITICAL CONDITION

Is Being Kept Alive by Morphine—His Trial May Never Be Resumed.

BERLIN, Sept. 10.—Prince Philip Zu Eulenburg, whose trial on charges of perjury in connection with court scandals of last year, was indefinitely suspended on July 11 last, is suffering from repeated attacks of fainting, with intense and agonizing nervous symptoms. The physicians in attendance on the prince are obliged to administer morphine to him continually and his condition now is one of almost complete collapse. The prince, since the abrupt adjournment of his trial on account of his ill health, has been confined in the police ward of Charité Hospital. Where he is under the strictest surveillance. It is impossible to forecast when the trial will be resumed.

KETCHELL IS GETTING BETTER

LOS ANGELES, Sept. 10.—Stanley Ketchell, the former middleweight champion pugilist, who was so badly beaten about the face in the fight Monday, is rapidly recovering. Reports that Ketchell is in a serious condition as a result of his beating are untrue. He was able to leave the house today in an automobile and go to the Paths. He is suffering from no serious injuries.

A VALUABLE PAINTING STOLEN FROM AUSTRIA

Van Dyke Picture Cut From Its Frame—Owner Offers a Big Reward For Its Return.

NEW YORK, Sept. 10.—Notice for the offer of 1,000 crowns for the discovery and return of a Van Dyke picture that was stolen recently from a gallery in Vienna are being sent out to all customs inspectors and art dealers from this city. The painting, "Kopfeins Kinde" (Head of a Child) was cut from its frame in the gallery of Count Marbach in Vienna on August 24. A day or two later a cable message was received at the Consulate from the prefect of police in Vienna saying that Count Marbach had offered 1,000 crowns for the return of the painting. A photograph of it has been received here and printed notice announcing the theft and offer of the reward. According to the letter of the Count to the Consul General, the painting is valued at "many thousand crowns."

The painting measures about twenty by fourteen inches. In the lower right hand corner is the signature "W. P. F." The authorities in Vienna believe that the man who stole it, will attempt to smuggle it into the United States and the treasury department has been requested to put customs inspectors at every point on the lookout for it.

HORSE THIEF LET GO ON SUSPENDED SENTENCE

Citizens Tell That Loblane is a Deceit Man When Sober—The Dairy Co. Case Resumed.

HAMPTON, N. B., Sept. 10.—The circuit court resumed at 1 o'clock this morning, 3 H. White, the defendant on the breach of contract case of Tilley vs. White, was still under cross-examination for two hours. The chief point brought out was in regard to the amount of stock held by him at various stages of the history of the dairy company, the amount now held by him being about \$60,000. In regard to the Bermuda draft and irregularities of notes of employees, these and other matters of an unsatisfactory nature took place previous to the engagement of Mr. Tilley, and were the cause of the dismissal of the former manager, Walter B. Little, a director of the Maritime Dairy Co., testified that no arrangement as to final settlement was made with Tilley when he left their service. He was told by Mr. White over the telephone that he would be treated fairly, but that everything was contingent on his being able to effect the dismissal of the Shagbush Separator Co. in regard to their contract and the undelivered machines. Mr. White in this matter was acting for the company and not in his private capacity. Nelson W. Eveleigh, the present manager of the dairy company, was sworn, but evidence upon matters since the resignation of plaintiff being objected to by Mr. Carver, he was stood aside, and Mr. Fowler declared the defendant's case closed. The court adjourned till half-past one o'clock.

At the adjourned session of the Judges' court of the county of Kings County Court this morning, Blais T. Loblane who pleaded guilty some days ago to stealing a horse and carriage, harness and rug, the property of John Scott, of Cardwell, was brought up for sentence. His Honor Judge Wedburn read letters of the highest commendation of the accused when he was under the influence of liquor, from George B. Willett, Arthur M. Charters, George Skelington and the Rev. P. H. Herbert, parish priest, the latter in a separate letter to the sheriff stating that the accused had pledged himself never again to indulge in intoxicating liquors. Sheriff Froese reported to the court that he had arranged for a settlement between Loblane and Scott and had handed the rig over to the owner. His Honor gave the accused some sound advice and suspended sentence during good behaviour. The court then adjourned.

THE CHATHAM FAIR.

CHATHAM, N. B., Sept. 10.—The exhibition association announces that it has received sufficient entries to warrant adding the free-for-all and 218 class to the present program. A telegram to the Associated Press requesting it to convey to Orville Wright his congratulations on the great success obtained by the American aeroplanist at Fort Myers yesterday.

CONGRATULATIONS FOR THE WRIGHT BROTHERS

BRITAIN, Sept. 10.—Captain Richard Von Kehler, chief constructor of the Airship Study Company, has sent a telegram to the Associated Press requesting it to convey to Orville Wright his congratulations on the great success obtained by the American aeroplanist at Fort Myers yesterday.

He said: "I never doubted the success of the Wright Brothers."

CLINCH CASE UP IN CIRCUIT COURT

Capt. Morrissey Tells of the Transaction.

Mr. Baxter for the Defence Argues That the Court Has No Jurisdiction—Hearing Continued.

This morning in the Circuit Court the case of the King vs. D. C. Clinch was taken up. Attorney General Hazen is prosecuting, and J. B. M. Baxter is defending.

After the Attorney-General had moved for trial the following were sworn as jurors—Charles H. Kamey, Francis Ritchie, Frank Lane, Harry K. Nelson, J. M. P. Whiting, Hugh Campbell, Wm. Drake, Charles T. Nevins, Ernest Friars, J. W. Morrison, R. P. Chisholm, John Chipman.

The first and only witness for the prosecution was Captain George Morrissey, the complainant. He said that he was a retired sea captain, formerly of this city, but now residing in London, England. He sent \$5,000 to Colby & Co., of New York, to be invested in preferred stock by D. C. Clinch. Mr. Clinch informed him that the sheriff of New York had levied on it. He stated that it had not been invested as had directed and he had received no part of it. To Mr. Baxter he said that he had asked Mr. Clinch to assist him to get the money from Colby & Co., and that he did not sue civilly because he knew that he could not get the money. When asked by the prisoner's counsel if he did not know that several of the adjustments in the police court were to see if Clinch could raise the money, the witness said that he did not know such to be the case.

That closed the case for the prosecution and Mr. Baxter began citing authorities in an endeavor to show that the prisoner should be discharged on the direction of the judge. Mr. Baxter claimed that the court had no jurisdiction and went very fully into this point. The other points he will discuss this afternoon.

MANY DESERTED FROM FLEET IN AUSTRALIA

British Cruiser Gibraltar Arrives at Albany to Take Part in the Celebration.

ALBANY, West Australia, Sept. 10.—The British protected cruiser Gibraltar, with a crew of 400 officers and men, has arrived here to participate in the celebration of the centenary of the fleet, which is expected to arrive here tomorrow and will remain here until the 15th inst. The city is gallantly decorated for the occasion. Triumphant arches span many of the principal thoroughfares and the streets are covered with bunting and bladed British and American flags.

NEW YORK, Sept. 10.—The U. S. battleship Kansas and the supply ship Culgoa, sailed this afternoon to join the rest of the American fleet at Albany, having been left behind to await the mail and pick up such sailors as were left behind when the fleet sailed. A number of men who missed their ships reported to the Kansas and patrols searched the city but there are still 15 stragglers unaccounted for.

NELSON RECEIVED A SMALL WEEK'S PAY

SAN FRANCISCO, Sept. 10.—The record of the case of Nelson, defendant in the case of the San Francisco Police vs. Nelson, received \$7,500 and Gans \$5,045. The gate money was not up to expectations and it is believed that Moran-Arelli contest, two days before, had something to do with the falling off.

CANADIAN TEACHERS ON A VISIT TO ENGLAND

PLYMOUTH, Sept. 10.—The steamer Teutonic, having on board the first contingent of Canadian and American school teachers who are to study the school system in England, has arrived here. The teachers were received by one of the reception committees and Alfred Moseley, the English educator, who arranged for the transportation of the teachers, stated that he would have other committees meet successive contingents arriving here and at Queens-town, Liverpool and Southampton.

THE GLIDDEN BALLOON WENT A HUNDRED MILES

BRIDGEWATER, Mass., Sept. 10.—The balloon Boston, piloted by C. J. Glidden, with H. M. Clayton as his assistant, which left Springfield, Mass., shortly after midnight last night, alighted here at 6 a. m. today, after an uneventful voyage of one hundred miles.

The Boston came to the ground in the yard of the Stanley Mfg. Co., about a mile from the centre of the town.

LOS ANGELES, Sept. 10.—Captain Walton H. Auble, of the Los Angeles police, was shot and killed yesterday by Carl Sutherland, a burglar. Auble attempted to arrest Sutherland who suddenly drew a revolver and fired. Sutherland was captured last night and committed suicide by taking carbolic acid.

BRITAIN'S MIGHTIEST WARSHIP SUCCESSFULLY LAUNCHED TODAY

THE HAZEN SCHOOLBOOKS MORE COSTLY THAN ANY

Sackville Complains That Prices Have Gone Up, in Spite of Promises of Reductions.

SACKVILLE, N. B., Sept. 10.—Despite promises of greatly reduced prices for school books under the British government, the citizens of Sackville are unable to purchase a single book in Sackville at the wanted low prices. Moreover it is also indisputable that the price now charged here for drawing books is double that formerly charged. The present situation is intolerable and has prevailed ever since Hazen came into power. It is not to be wondered at that on every hand there is complaint of the mismanagement which renders such a condition of affairs possible.

THIRTY ONE WORLDS RECORDS WERE BROKEN

Remarkable Time Made in Motor Racing at Los Angeles.

LOS ANGELES, Calif., Sept. 10.—At the race meet of the Los Angeles Motor Cycle Club yesterday, something unparalleled in the history of racing occurred, the breaking of thirty-one world's records and the establishment of eight new records. In the last event, a one hour race, two local amateurs between them accomplished the feat. Raymond Selmour broke the ten, twenty, twenty-one and twenty-two mile records in the same race. J. Howard Shafter passed him at this point and broke every world's record from 25 miles to 45 miles, establishing new records from 45 to 55 miles, and broke the world's one hour record by nearly eight miles. In addition to this Paul J. G. Derum rode a quarter of a mile in 13 seconds, a feat never before achieved, but one which has no place in the record books.

While Derum was riding this race, his brother, who was thrown from his machine earlier in the day, lay dying in a hospital.

HUSBAND SUSPECTED OF MURDERING HIS WIFE

NEW YORK, Sept. 10.—Believing that Mrs. Rosa Zellar was murdered, and her lifeless body left in the kitchen of her apartment in West 103rd street, the coroner today caused the arrest of Albert Zellar, the dead woman's husband, and Mrs. Lena Gieger, a sister of Mrs. Zellar. The husband was charged with homicide and Mrs. Gieger was held as a witness. Zellar reported the case to the police as a suicide, but Mrs. Gieger said that Mrs. Zellar was intimated with Dr. Jacob Hockman, who formerly employed her as a house-keeper. In Mrs. Zellar's effect was found a note from a lawyer who promised to send Mrs. Zellar \$250 for some unknown purpose. Zellar is an engineer and his wife was a handsome woman about 34 years old. The coroner said that he had learned enough to convince him there has been serious dissension between Zellar and his wife, growing out of the attentions of a physician to Mrs. Zellar.

EX-PREMIER ROBINSON SPEAKS IN TORONTO

TORONTO, Sept. 10.—Ex-Premier Robinson, of New Brunswick, addressed the exhibition directors yesterday. "We are not asleep in the Maritime Provinces," he said, "we are proud of our coal and our lumber, but we are prouder still of the men we produce. Our country is not large in extent but it has enormous resources and is capable of sustaining a population of millions."

THE GLIDDEN BALLOON WENT A HUNDRED MILES

BRIDGEWATER, Mass., Sept. 10.—The balloon Boston, piloted by C. J. Glidden, with H. M. Clayton as his assistant, which left Springfield, Mass., shortly after midnight last night, alighted here at 6 a. m. today, after an uneventful voyage of one hundred miles.

The Boston came to the ground in the yard of the Stanley Mfg. Co., about a mile from the centre of the town.

LOS ANGELES, Sept. 10.—Captain Walton H. Auble, of the Los Angeles police, was shot and killed yesterday by Carl Sutherland, a burglar. Auble attempted to arrest Sutherland who suddenly drew a revolver and fired. Sutherland was captured last night and committed suicide by taking carbolic acid.

The St. Vincent, Larger and Heavier Than Any Now Afloat, Took Her First Dip

—Secrecy Regarding Her Equipment

PORTSMOUTH, Sept. 10.—The St. Vincent, the largest and heaviest battleship ever built for the British navy, was launched successfully here today. The weather was fine and the sea smooth, and a great crowd saw the vessel take the water. As the warship slipped from her blocks she was cheered by the Countess of Beauchamp. Counting the three cruising battleships of the invincible class, the St. Vincent is the eighth vessel of the Dreadnought type to be launched in this country. The admiralty has observed its usual reticence with regard to the details of the design and construction of the St. Vincent, but from certain figures that were given out, it is manifest that the experience gained from the construction of the Dreadnought has been utilized in this vessel. It is believed that some of the additional weight of the St. Vincent is to be accounted for by her heavier armament for protection against torpedoes and by improvements giving greater security to those controlling the movements of the ship while in action. A number of foreign naval attaches attended the launching on the invitation of the admiralty.

The St. Vincent was laid down in December of last year. She is supposed to be of about 12,500 tons, and her cost has been given at \$5,500,000.

FIRE IN SYDNEY MINES WAS PUT OUT TODAY

Men's Carelessness Probably Caused It—Italian Officers on a Visit to Cape Breton.

SYDNEY MINES, Sept. 10.—The fire which started late yesterday afternoon in Sydney No. 1 colliery of the N. S. S. and Coal Company has been got under control and is well on its way to being extinguished. The fire started in the southern part of section 5 and was well on its way before being discovered. Supt. John Johnston, Manager Greenwell, and Deputy Inspector of Mines Nicholas, with a number of officials, at once went to the scene and the work of the firemen commenced. The fire was drenched out by means of air lines, and it is believed that little damage was the result.

The mine will be in condition for working by tomorrow. It is thought that the fire started from a shot fired by some of the miners, who left some of the fire burning behind the coal, and after the fire from lunch were unable to put out the fire, which gained much headway before the men called for assistance.

DISPUTE OVER ENGLISH MECHANICS ON C. P. R.

MONTREAL, Sept. 10.—Another attempt was made by the strikers to intimidate the men working in the Angus shops yesterday, but the police quickly broke it up. The strikers claim through Mr. Bell Hardy that some of the British workmen brought over here came under misrepresentation and say that they have five affidavits to this effect. The C. P. R. say that some of the men brought over have quit work, but it is pointed out that the men were not allowed to land until they had assured the immigration officials they understood there was a strike on and they were to take the place of strikers, so that if they have taken the affidavits stated to have been made, they must have been looking for an easy time at the expense of the union. The majority of the men brought over are at work and have been found to be good mechanics. Thousands more are anxiously awaiting a chance to be used on.

LATEST WEATHER REPORT

FINE and WARM
